is the result of a lifetime of research from Pulitzer Prize-winning historians Will and Ariel Durant. With their accessible compendium of philosophy and social progress, the Durants take us on a journey through history, exploring the possibilities and limitations of humanity over time.

### **History 101: Western Civilization I Course - Online Video**

Written accounts of history only started roughly 6,000 years ago. And modern humans first appeared around 200,000 years ago. This 194,000-year gap is, in itself, huge. However, considering all the historical writings lost over the years when written history did exist, it makes the mind wonder... That's the end of these 100 fun history facts!

### **History Lessons for Kids | 123 Homeschool 4 Me**

The title of the worst year in history is easily held by the year 536 AD. Medieval historian, Michael McCormick has stated that "it was the beginning of one of the worst periods to be alive, if

Durant tries to pull lessons from his study of civilisation - covering 100 centuries in 100 pages. The book makes assertions without the detailed history, but the author pulls it off with dense prose and keen insight. A few of the most interesting ideas: - Freedom and equality are diametrically opposed

The 100: A Ranking of the Most Influential Persons in History is a 1978 book by Michael H. Hart, an astrophysicist, alien life researcher and white separatist. It was the first book of Hart, which was reprinted in 1992 with revisions. It is a ranking of the 100 people who, according to Hart, most influenced human history.. Hart wrote another book in 1999, entitled A View from the Year 3000
