## **Super Boss--king of Diesel Truck Drag Racing**

Don't Be Baffled by Your Electrical System--Handle Repairs and Improvements with Ease With clear illustrations and simple explanations, Don Casey shows you exactly how to install wiring . . . make good, safe connections . . . match your battery bank and alternator to your needs . . . troubleshoot problems quickly . . . avoid shore power problems . . . and more--all without a lot of technical jargon. "Don Casey's book provides clear guidance on how to create and maintain a robust electrical system. Don's lucid explanations and numerous illustrations make what is normally mysterious and invisible--electricity--into something the reader is able to understand with confidence. An excellent addition to the sailor's seagoing library."  
--Chuck Hawley

## **Australian Business Law**

From the USA Today Bestselling author of *The Sword of the Templars* and *The Aztec Heresy* Some secrets are too great to bear Retired Army Ranger Lt. Col. John Holliday has reluctantly settled into his teaching position at West Point when young Israeli archaeologist Rafi Wanounou comes to him with desperate news. Holliday's niece—and Rafi's fiancé—Peggy has been kidnapped. Holliday sets out with Rafi to find the only family he has left. But their search for Peggy will lead them to a trail of clues that spans across the globe, and into the heart of a conspiracy involving an ancient Egyptian legend and the darkest secrets of the Order of Templar Knights. Secrets that, once known, cannot be survived

## **Cold War Plans that Never Happened, 1945-91**

During forty years of caring for districts of churches and isolated believers, besides raising up new churches by evangelistic effort, the author of this work became greatly impressed with the need of educating the people in the fundamental doctrines of the Holy Scriptures. He has found very few who could give from the word of God an intelligent reason for even its most prominent and important truths. This spiritual poverty any minister will discover by personal investigation. When we add to this condition the fact that during the past thirty years new errors have been stealthily introduced among Christians generally--errors which

undermine the very foundations of Bible truth and Christianity--it becomes evident that even professing Christians are unprepared for the crises they will be obliged to meet in the near future.

## **Push and Shove**

From building an electric fence between North and South Vietnam to building a US base on the moon - it may sound unlikely, but during the Cold War these operations and others were seriously considered by both sides. This book tells the stories of some of the most secret and outrageous operations that were planned.

## **Yamaha YFS200 Blaster, 1988-2006**

Too many companies are managed not by leaders, but by mere role players and faceless bureaucrats. What does it take to be a real leader—one who is confident in who she is and what she stands for, and who truly inspires people to achieve extraordinary results? Rob Goffee and Gareth Jones argue that leaders don't become great by aspiring to a list of universal character traits. Rather, effective leaders are authentic: they deploy individual strengths to engage followers' hearts, minds, and souls. They are skillful at consistently being themselves, even as they alter their behaviors to respond effectively in changing contexts. In this lively and practical book, Goffee and Jones draw from extensive research to reveal how to hone and deploy one's unique leadership assets while managing the inherent tensions at the heart of successful leadership: showing emotion and withholding it, getting close to followers while keeping distance, and maintaining individuality while "conforming enough." Underscoring the social nature of leadership, the book also explores how leaders can remain attuned to the needs and expectations of followers. *Why Should Anyone Be Led By You?* will forever change how we view, develop, and practice the art of leadership, wherever we live and work.

## **Why Should Anyone Be Led by You?**

Sixty years old in 1999, Mercury Marine is the world leader in the marine industry. The memory of its founder, Carl Kiekhaefer, lives on in the hearts and minds of

engineers and boat enthusiasts alike. His manic genius and tireless energy found outlet in his need for greater speed, more features and higher value, first in outboards and then in stern drive products. Since Kiekhaefer's departure from the company in 1970, Mercury Marine has come into its own while holding onto those qualities inherited from its founder, qualities that abhor failure. Jeffrey L. Rodengen, author of *Iron Fist: The Lives of Carl Kiekhaefer*, continues to chronicle the fascinating story of Mercury Marine. *The Legend of Mercury Marine* details the company's struggle and ultimate triumph in this comprehensive, lavishly illustrated 225-page work.

Awareness of the dangers of toxic components in antifouling coatings has raised interest in the potential for nontoxic alternatives. Marine organisms from bacteria to invertebrates and plants use chemicals to communicate and defend themselves. This book explores natural based antifoulants, their ecological functions, methods of characterisation and possible uses in antifouling. The text takes on the challenge of identifying such compounds, designing sustainable production and incorporating them into antifouling coatings.

## **The Templar Cross**

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

## **St. Louis Gateway Rail**

Though the city of St. Louis is located on the Missouri side of the Mississippi River, for the railroads, the St. Louis Gateway extends into Illinois, north and south along both sides of the river. Two factors conspired against St. Louis's aspiration to become the preeminent rail center of the 19th-century American Midwest: there was no bridge across the Mississippi, and Missouri's loyalty to the Union during the Civil War was suspect. Chicago beat out St. Louis to attain the region's top railroad billing. Fast forward to the 1970s, when the Gateway Arch, dedicated in 1968, redefined the St. Louis riverfront and when the St. Louis Union Station closed to rail service. The 1970s was a decade of railroad debuts—Burlington Northern, Illinois Central Gulf, Family Lines—and a decade of railroad demises—Rock Island and Frisco. It signaled the end of a century of rail domination of the American transportation scene.

I realize when you're on the outside looking in it appears that celebrities, athletes and people with powerful careers have very exquisite and perfect lives. Exquisite may be true but not perfect—definitely not for a Grammy award winning artist with his peculiar sexual fantasies, nor my clandestine meetings with a basketball star, my rendezvous with a singer/actor, my crazy escapades with superstar rappers, nor my friendship with a reality show star. Come with me as I take you from the

most luxurious hotel rooms to multi-million dollar mansions. We'll go on some of the craziest escapades and reveal secrets that may make the biggest sinner cringe. As I sift through a long list, I'll spare no details when it comes to my time spent pleasing these men in ways their wives and girlfriends weren't--all for the mighty dollar. I'll also let you deep into the mind and sensitive side of Sasha Cream, how my career as a porn star, entertainer and call-girl began, along with my personal views on life, love and sex vs money, power and respect. Delve into my world ALL FACT, no fiction exposing the industry with The Naked Truth, on page at a time. ~Sasha Cream

## **Seduced By A Stranger**

On the surface, choosing the correct propeller for a particular boat seems simple. But one factor affects another, which then affects another factor, leading many boaters to believe that propeller selection depends more on black magic than logic. All the questions are answered in this complete reference, the first of its kind. This clear, easy-to-use handbook for all small boats is written not for Ph.D.s seeking the latest wrinkle in high-tech propeller design, but as a practical aid for the average mechanic, engineer, boatbuilder, fleet operator, serious yachtsman, or naval architect.

### **The Propeller Handbook: The Complete Reference for Choosing, Installing, and Understanding Boat Propellers**

Ever since the late '60s, various outboard manufacturers have used a number of different electronic ignition systems. Early ignitions used battery-powered systems, with alternator powered systems later becoming more common. If like most do-it-yourselfers you've relied on a sketchy owners manual. With this guide you will gain a better understanding of the ignition components and how the ignition system operates and learn how to quickly determine if your problem is electrical or mechanical. CDI Electronics has been the leader in outboard marine ignition technology since 1982. This technical manual is a step by step guide to your outboard ignition for the following manufacturers: General Troubleshooting Information Chrysler/Force Johnson/Evinrude Mercury Tohatsu/Nissan Yamaha Plus DVA and Resistance Charts

### **The Legend of Mercury**

Just a Spoon Full of Laughter is a great read for anyone that's been to a doctor's office and made it out alive. Written by an actual physician, it will keep you in stitches (no pun intended) from one story to the next. See for yourself what could be so funny about the physician office visit. Whether it's recalling his first sigmoidoscopy or performing an autopsy, you'll keep this riveting series of short humorous stories right there in the bathroom for pleasurable reading. You may even find yourself somewhere between the pages. From an author who will never be a New York Times Best Seller, it's a great book for young or old, male or female, professional or not. It's especially ideal for that person in your life who has everything except a sense of humor. It's ideal as a stocking stuffer, white elephant gift or for future yard sales. "The funniest book I ever read." Says Dr. Zhivago "Yes! Yes! Yes!" Says Dr. No
