ran the Official Star Wars Fan Club, oversaw a staff who opened and responded to the seeming tons of fan mail the films received, worked with licensees, created a telephone publicity stunt that accidentally shut down the state of Illinois' phone system, was the producer on projects ranging from episodes of "Sesame Street" to commercials for Underoos ("underwear that's fun to wear"), operated R2-D2, and spent weeks hanging out on the set of "The Empire Strikes Back". In "Star Wars Memories" he talks about all of that and more, including Mark Hamill barbecuing him a burger in London, having lunch in a Sunset Strip restaurant with Harrison Ford while he rolled and smoked a joint, and watching Carrie Fisher introduce "The Empire Strikes Back"'s British production crew to tacos. In the words of Gary Kurtz, producer of "Star Wars" and "The Empire Strikes Back", "'Star Wars Memories' gives a look at the original Star Wars films and Lucasfilm from Craig Miller's unique perspective. This isn't another 'making of' book with the same stories and information that have appeared in other books and countless magazine articles. It's a book of stories you haven't heard before; an insider's look from someone who, himself, is a fan and found the whole experience joyful and exciting. These stories are told in a way that brings you in and makes you feel like you were there."

All of us who are deeply influenced by the epic saga of Star Wars have our favorite moments, and each time the screen goes black and we see those words—A Long Time Ago, In A Galaxy Far, Far Away—the music blasts through us and we feel like kids again. In this book, Star Wars aficionado Ken Napzok counts down one hundred of those special moments that makes this series not just the best movies of all time, but the Greatest Saga Ever Told. What began as one movie about good people, evil oppressors, and the space wizards that stood between them has exploded into so much more. The moments that continue to inspire are on screen and in the pages of novels. They are found in the panels of comic books and among animated sequences on television. And they all continue to grow in stature, importance, and myth through discussions, debates, and daydreams. Why We Love Star Wars is a joyful journey through the universe we love to inhabit, again and again.

"I wrote this piece to enlighten the minds of people in the world, especially blacks/African-Americans, about the negative psychological effects of the Willie

Lynch Letter. This malicious labyrinth has impacted many lives, causing ignorance, broken homes, disrespectfulness, and poor health throughout the nation. I'm concentrating more on aiding blacks/African-Americans because this ethnic group statistically leads America in negative aspects of life, such as heart disease, poverty, broken homes, incarcerations, lack of education, etc.-and the fact that this system was directed toward African-Americans. Although all cultures and nationalities suffer from such downfalls because of such a melting pot society we live in, any man, woman, or child is capable of falling victim to Lynch's negative behavioral application. Mankind, as a whole, needs an improvement." About the Author Le Brown a.k.a. "Phenomenal Le" was born and raised in Florence, South Carolina. He currently lives in Charlotte, North Carolina.
