### **LES Nouvelles**

Focusing on the topics commonly found on ABFM in-training, board certification, and recertification examinations, The Family Medicine Board Review Book helps you make the most of your study time and achieve exam success. It provides valuable background information on all three AFBM exams and their formats, presents more than 1,800 multiple choice questions for self-assessment, and helps you identify areas that may require further study. Ideal for residents, practicing physicians, and nurse practitioners, this new review tool is an excellent resource for testing your knowledge of the entire field of family medicine.

## **The Rattle of Theta Chi**

A single tick bite can have debilitating consequences. Lyme disease is the most common disease carried by ticks in the United States, and the number of those afflicted is growing steadily. If left untreated, the diseases carried by ticks--known as tick-borne diseases--can cause severe pain, fatigue, neurological problems, and other serious health problems. The Institute of Medicine held a workshop October 11-12, 2010, to examine the state of the science in Lyme disease and other tick-borne diseases.

## **Surveying and Mapping**

Why waste time guessing at what you need to know for the anesthesia in-service and board exam? Maximize your exam preparation time with this quick-

hit question and answer review. The unique question and single-answer format eliminates the guesswork associated with traditional multiple-choice Q&A reviews and reinforces only the correct answers you'll need to know on exam day. Emphasis is placed on distilling key facts and clinical pearls essential for exam success. Great for certification and re-certification, this high-yield review for the boards is the perfect compliment to larger texts for intense, streamlined review in the days and weeks before your exam.
