Creating a Brand Identity goes behind the scenes to explore the creative processes involved in designing a successful brand identity, one of the most fascinating and complex challenges in graphic design. This bestselling book is ideal for students, professionals and agencies working in the fields of: • Graphic Design • Branding • Brand Management • Advertising • Marketing • Communications. Authored by design and branding expert, Catharine Slade-Brooking, *Creating a Brand Identity* includes exercises and examples that highlight the key activities undertaken by graphic designers to create successful

brand identities, including: • Defining the audience • Analysing competitors • Creating mood boards • Naming brands • Logo design • Client presentations • Rebranding • Launching a new brand identity Case studies throughout the book are illustrated with brand identities from a diverse range of industries including digital media, fashion, advertising, product design, packaging, retail and more. The book uses images of professional design concepts, brand case studies and diagrams throughout to illustrate the text. Flow-charts are also used extensively to highlight the step-by-step methodology applied by industry professionals to create a brand. The content of the book has been derived from Catharine Slade-Brooking own experience of entering the world of branding as a graduate and having to learn the hard way, 'on the job'. This, in turn, enabled the author to develop teaching materials for undergraduate and postgraduate students on the BA Graphic Communication course at the University of the Creative Arts, where Slade-Brooking is a lecturer. The book has been recommended across a wide range of university courses, from graphic design school to animation, digital media, textiles and interior design. It includes a full glossary of brand terminology and a list of recommended further reading.

It will challenge communications agency professionals, who are looking to get better at managing brands, including those who work in advertising, public relations, in-store marketing, digital advertising or event marketing. "Most books on branding are really for the MARCOM crowd. They sound good, but you find it's all fluff when you try to take it from words to actions. THIS BOOK IS DIFFERENT! Graham does a wonderful job laying out the steps in clear language and goes beyond advertising and social media to show how branding relates to all aspects of GENERAL as well as marketing management. Make no mistake: there is a strong theoretical foundation for all he saysbut he spares you the buzzwords. Next year my students will all be using this book." Kenneth B. (Ken) Wong, Queen's University If you are an entrepreneur who has a great product and wants to turn it into a brand, you can use this book as a playbook. These tips will help you take full advantage of branding and marketing, and make your brand more powerful and more profitable. You will learn how to think, define, plan, execute and analyze, and I provide every tool you will ever need to run your brand. You will find models and examples for each of the four strategic thinking methods, looking at core strength, competitive, consumer and situational strategies. To define the brand, I will provide a tool for writing a brand positioning statement as well as a consumer profile and a consumer benefits ladder. I have created lists of potential functional and emotional benefits to kickstart your thinking on brand positioning. We explore the step-by-step process to come up with your brand idea and bring it all together with a tool for writing the ideal brand concept. For brand plans, I provide formats for a long-range brand strategy roadmap and the annual brand plan with definitions for each planning element. From there, I show how to build a brand execution plan that includes the creative

brief, innovation process, and sales plan. I provide tools for how to create a brand calendar and specific project plans. To grow your brand, I show how to make smart decisions on execution around creative advertising and media choices. When it comes time for the analytics, I provide all the tools you need to write a deep-dive business review, looking at the marketplace, consumer, channels, competitors and the brand. Write everything so that it is easy to follow and implement for your brand. My promise to help make you smarter so you can realize your full potential.

The Digital Fundraising Blueprint

“Equal parts wry comedy and touching family drama, it’s ultimately a heartbreaker that’ll stay with you long after you’re done.” —Marie Claire “Glass of chilled rosé, check. Comfy chair, check. Box of tissues, check. You Me Everything is everything you need for a moving, funny, heartbreaking, and ultimately joyous read.” --Susan Wiggs, #1 New York Times bestselling author of Map of the Heart Set in the French countryside on an idyllic summer vacation, a delicious, tender novel about finding joy and love even in the most unexpected places. Jess and her ten-year-old son William set off to spend the summer at Château de Roussignol, deep in the rich, sunlit hills of the Dordogne. There, Jess’s ex-boyfriend—and William’s father—Adam, runs a beautiful hotel in a restored castle. Lush gardens, a gorgeous pool, delectable French food, and a seemingly never-ending wine list—what’s not to like? Jess is bowled over by what Adam has accomplished, but she’s in France for a much more urgent reason: to make Adam fall in love with his own son. But Adam has other ideas, and another girlfriend—and he doesn’t seem inclined to change the habits of a lifetime just because Jess and William have appeared on the scene. Jess isn’t surprised, but William—who has quickly come to idolize his father—wants nothing more than to spend time with him. But Jess can’t allow Adam to let their son down—because she is tormented by a secret of her own, one that nobody—especially William—must discover. By turns heartwrenching and hopeful, You Me Everything is a novel about one woman's fierce determination to grab hold of the family she has and never let go, and a romantic story as heady as a crisp Sancerre on a summer day.

Pocket Full of Do

Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360

million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Brand Identity Essentials

THE BRAND GAP is the first book to present a unified theory of brand-building. Whereas most books on branding are weighted toward either a strategic or creative approach, this book shows how both ways of thinking can unite to produce a "charismatic brand"—a brand that customers feel is essential to their lives. In an entertaining two-hour read you'll learn: • the new definition of brand • the five essential disciplines of brand-building • how branding is changing the dynamics of competition • the three most powerful questions to ask about any brand • why collaboration is the key to brand-building • how design determines a customer's experience • how to test brand concepts quickly and cheaply • the importance of managing brands from the inside • 220-word brand glossary From the back cover: Not since McLuhan's THE MEDIUM IS THE MESSAGE has a book compressed so many ideas into so few pages. Using the visual language of the boardroom, Neumeier presents the first unified theory of branding—a set of five disciplines to help companies bridge the gap between brand strategy and customer experience. Those with a grasp of branding will be inspired by the new perspectives they find here, and those who would like to understand it better will suddenly "get it." This deceptively simple book offers everyone in the company access to "the most powerful business tool since the spreadsheet."

The Human Centered Brand

In 1970, President Richard Nixon created the Environmental Protection Agency (EPA) to confront environmental pollution

and protect the health of the American people. One of the EPA's top priorities was consolidating numerous state offices to more efficiently carry out its goal of "working for a cleaner, healthier environment for the American people." But there was one area in which the EPA--like many government agencies of the time--was terribly inefficient: their graphic design and communications department. Millions of dollars were being wasted annually due to nonstandardized formats, inefficient processes and almost everything being designed from scratch. In 1977 the EPA began working with the legendary New York design firm Chermayeff & Geismar (now Chermayeff & Geismar & Haviv, or CGH), responsible for some of the most recognizable visual identities in the world, such as Chase Bank, PBS, National Geographic, the Smithsonian Institution, Mobil Oil and NBC. Partners Ivan Chermayeff, Tom Geismar and Steff Geissbuhler set about tackling this problem. The result was the 1977 US Environmental Protection Agency Graphic Standards System. Forty years later, Jesse Reed & Hamish Smyth--creators of the NYCTA and NASA Graphics Standards Manual reissues--have partnered with CGH and AIGA, the US's oldest and largest professional organization for design, to publish this classic graphic standards EPA manual as a hardcover volume. Each page is reproduced at the same size as the original three-ring binder pages, using the same vibrant Pantone inks with a total of 14 colors.

Brand by Hand

The world's leading practitioner of branding predicts the future of companies' identities in an ever-changing marketing landscape What is the future for brands and branding? Does globalization mean that variety and individuality will be crushed out of existence by massive multinationals? Will everywhere and everything become similar, like the world of airports today? Or will there still be room for brands that thrive on being different? What about the impact of digital technology and increasing customer feedback through the internet and social media? What, in fact, do customers want? Today's businesses, in addition to thinking about price and authenticity, have to deal with corporate social responsibility. How does this affect the products and services we consume? How does it influence the way we feel about organizations? Are corporations here to maximize profits and grow, or to help society, or both? With the rapid rise of new markets in India, China, Brazil, and elsewhere, will new global brands emerge based around local cultural strengths and heritage? If so, what will this mean for the traditional dominance of brands based on Western cultural norms? Wally Olins's fascinating book looks at every aspect of the world of branding. With his customary flair and no-nonsense prose, he analyzes the problems facing today's organizations, criticizes corporate missteps, praises those companies who seem to be building and sustaining brands efficiently in our brave new world, and predicts the future of branding. No one interested in marketing, business, or contemporary culture will want to be without this book.
