Coloring is a widely recommended activity for young children because of the many benefits that it brings. It is a method for effective self-expression because not all kids have mastered the power of words just yet. So pay close attention to how your child colors. Look at the hues he/she selects and the intensity of each stroke. What is your child trying to tell you?

There are a lot of misconceptions around what leadership actually is. Many people have the Richard Branson style of leadership in mind - and think that it's unattainable. This book will debunk the myths that there is only one sort of leadership personality, one with charisma and good looks, and that leadership is about being in a fancy office with a fancy suit. The book addresses these common fears: * I'm not good enough: when will they discover I'm a fraud? * How do I give feedback to my mates? * I hate speaking in front of a group * How do I manage expectations, both good and bad? * What if I fail? * Do I need to be tough? Do What You Say You'll Do will give you practical tools that will help you plan how to lead your team. A lot of new leaders just don't know where to start and then it all becomes too hard. This book will tell you all about the things that great leaders do - and show you how you can do too. It will give you the skills to examine yourself and your situation, and let you know how you can lead in a pragmatic and conscious manner. It will allow you to address any fears you have about your new role. This book will enable you to find your authentic voice: what makes you who you are? It will also play to your strengths: what will give you the courage to lead? This book is not about making you into something that you're not. It's about giving you tools that great leaders and showing you that no matter who you are, you can use them too. It has leadership theory (but not too much!), practical tools and food for thought - all written in a practical and easy to read style. It has interviews with great Australian leaders and contributions from leadership experts. This is a book for new leaders who don't know where to start, or for

Country Bound!

Franchising is the fastest-growing method of conducting business in the world. Why? Because it works! But don't be fooled - success isn't guaranteed. Over the course of a few decades in development, I've seen millions of dollars wasted on fixing problems that, in many instances, could have been avoided altogether. Like most business owners, your primary goal is to operate a successful business. You can't actually do that until your location opens. While you may know a little bit about a lot of things, the devil is in the details. When you don't know what you don't know, especially when it comes to leasing space and building new locations, you could be in for a long, rough ride. The reality of how much you don't know (and what can happen next!) can be all-consuming. Enthusiasm, persistence, and dogged determination won't be enough to save you. Do not, Do Not, DO NOT sign a lease without reading this book! Once a lease is executed, you are 'officially' a business owner - even if your new location never actually opens! A lot of professionals with years of business experience

assure themselves that there isn't any part of the building process that they either don't know or can't figure out. What they don't take into account is the additional time that ticks away while they learn the ropes - and make costly mistakes in the process. No matter how much business experience and success you have had in past roles, if you are not well versed in all that is involved in getting your new location open, failure will find you! Building new locations hasn't changed much over the years. Because it happens thousands of times a day across the country, it's easy to adopt the mindset of, "I can figure this out." The truth is that you CAN figure it out - but how much will you spend or forego in the process? Ignorance isn't bliss - it's EXPENSIVE! Failure is not an option - until it happens! Then what? The purpose of this book is to take the guesswork out of the entire development process so you know exactly what it takes to get your new location open in the least amount of time, for the best overall price and, more important than anything else, without making costly mistakes in the process. Whether you are an independent business owner or a franchisee, if you have plans to lease space to build your first (or your next) location, the book you're holding in your hands will become one of the most valuable investments you can make! To your success
