Discusses a variety of issues concerning child custody, including court structures, living arrangements, recommendations on avoiding court battles, and advice on working with lawyers.

Improving Child Support Practice

Building a Parenting Agreement that Works

Building a Parenting Agreement That Works presents a step-by-step method for overcoming the obstacles and putting together a parenting agreement during and after a divorce that everyone – especially children -- can live with. Readers learn how to: § minimize conflict § identify a child's needs and concerns § negotiate effectively § accommodate the special needs of nontraditional families § use state-by-state charts to get an overview of custody laws § and much more. The book includes checklists and worksheets to make it easy to put together a comprehensive agreement. It also covers custody law in all 50 states and includes fill-in-the-blank custody agreement.

Virginia Family Law for Non-Lawyers

Since its first publication in 1982, The Divorce Handbook has sold over 200,000

copies. In this new and fully revised edition, specialist in family law James T. Friedman covers, in an easy-to-use question-and-answer format, all the issues involved in negotiating a separation and divorce--how to choose a lawyer; how to arrange child custody, support, and visitation; how to prevent financial hide-and-seek; what to expect of the divorce proceedings themselves; and what to do if the divorce goes to trial. This revised edition addresses current trends in such areas as divorce law, alimony, property division, shared parenting, and visitation; it includes an expanded section of checklists, schedules, and guides for reconciliation and child support, as well as attorney retainer agreements, asset/liability worksheets, and more. The American Bar Association has called The Divorce Handbook "a welcome breath of fresh air in an otherwise stifling atmosphere created by a virtual avalanche of books about divorce." The revised edition of The Divorce Handbook is your best guide through the traumatic and painful business of divorce, and will be an essential resource for years to come.

Win Your Child Custody War, is impressive in both its depth and its breadth. It is a practical "how-to" book, but it is extremely well researched and covers every imaginable custodial issue. No one involved in a custodial battle should enter the courtroom without first reading it. With this book everybody wins--mothers, fathers, and especially the children. The use of the military metaphor throughout (including a photo of a child in a Marine Corps dress uniform on the cover) is in recognition of two salient facts about custody disputes: they can be psychologically as brutal as war; and the stakes can be extremely high. Yet, the book demonstrates with details and documents, that negotiations are possible, and if the welfare of the child has the highest priority, both sides can win. I would advise you, however, NOT to go into court without having first read this remarkable book. Over the course of 640 triple-columned pages, Hardwick shares her personal experience and her painfully accumulated knowledge on just about every conceivable aspect of the child custody wars while guiding the reader toward a powerful strategy. If you don't have this book you are likely to be overmatched; indeed if your attorney doesn't have this book, he or she is likely to be overmatched. In fact, I would say that the first thing you should do after reading the book yourself, is buy a copy for your attorney and somehow persuade him or her to open the pages and to start reading--anywhere in the book. I promise you your attorney will learn facts, ideas, strategies new to him or her. The expanse and depth of the material presented here quite frankly amazed me. This extensive tome constitutes an entire course not only in child custody disputes but in human psychology, parenting, and the law itself. Some items: There are 91 pages citing, summarizing, quoting from, and referencing relevant cases and decisions. There is a detailed guide on how to negotiate and what conflict resolution is all about; a chapter on how to handle discovery and depositions; another on judges, what to expect from them and how you might get a good one or avoid a bad one; there's guidance on what to expect in court and how to present yourself and your case; how to select an attorney; what your case is likely to cost and how to discover the assets of your adversaries, including (this floored me) hidden assets such as "Overpayments to the IRS". You will learn about how much you can expect to pay or receive in child support, and again how to gauge assets, including hidden income such as "excessive deductions on paychecks" --a nice dodge which amounts to loaning Uncle Sam the money until tax time! You will also: --Discover how to handle psychologists and other "evaluators" and influence them to your advantage. For example beware of the "halo effect." (Have your side evaluated by the psychologist first to secure that effect.) --Understand what psychological tests can be given and what they can mean in the dispute. Sometimes the judge makes the court-ordered decision of a professional binding, so that "you have in fact a new judge." --Appreciate the role of other experts, what they can and cannot do to further your case, and how to evaluate and get a reliable expert who will make an effective witness.--Learn the value of keeping a detailed log of everything pertaining to your case and its possible use as documentation. Hardwick presents this with some tips on how e-mail and computer files can come back to haunt you if you share the wrong information, even anonymously or through the assumption of an Internet moniker.--Become knowledgeable about lie detectors and their use and misuse and the reach of DNA testing.--Know which problems or accusations are issues and which are non-issues in the eyes of the law. For example, child endangerment is an issue; a "blended" family is not. Physical abuse is an issue; false accusations may or may not be. --Be introduced to the infamous Parental

Download Ebook Child Custody Visitation And Support In Florida Child Custody Visitation Support In Florida

Alienation Syndrome (PAS) in which one parent tries to alienate the child from the other parent through lies and distortions. PAS includes "The Grand Lie" in which one side falsely accuses the other of child sexual abuse, a charge that is hard to become completely free of, regardless of the truth of the accusation. Hardwick even includes some humor with eleven ways on how to know "You've Been in Court Too Long" (from Dean Hughson). If this isn't enough there is a presentation of ingrained psychological strategies that you might use or encounter such as the famous "Tit for Tat" from game theory or the sneaky "Tranquilizer" who lulls you to inattention and then takes advantage. There is a Glossary of Terms and a detailed Index as well as a lot information on resources throughout. There's even a chapter on lies and how to correct them (should you be the liar!). The mass of information and the sharp, sound guidance contained herein really amount to a post graduate course in child custody disputes. Even so I was almost as much impressed with Hardwick's assertive, no-nonsense writing style and organization that managed to painlessly inform while emphasizing a positive approach.

Family Legal Guide

Are you a non-lawyer in Virginia who is facing a separation, divorce, custody or support issue, or an attorney or family counselor who wants to be more efficient or effective in counseling your clients? If so, then this book is written for you. Understand the basic process and procedure of contested and uncontested divorces in Virginia. Grasp the difference between "fault-based" and "no-fault" divorces. Discover the basis for establishing or amending a custody, visitation or support order. Recognize how child and spousal support are calculated. Know how property is divided in divorce. Reduce or eliminate the fear and anxiety felt when facing separation, divorce, custody or support matters. Gain confidence by understanding the nuts and bolts of the most common family law situations in Virginia. Help your attorney to help you set achievable goals and make better plans and choices. Ultimately, save yourself time, money and heartache.

Encyclopedia of Matrimonial Clauses

Keeping a journal for Child Custody. Getting a divorce is often a complicated process, which becomes even more complicated when there are children involved. By keeping a journal for child custody, you will smoothen the entire process, and reduce the stress involved on you and your child. The journal will also be extremely useful to your attorney, and will often be used by the court to help with the process. Documenting the process should become a habit; and this journal is the ultimate tool to developing this habit. EVERYTHING that happens to your child, whether good, bad, or neutral should be recorded and dated. One's memory will often fail to hold up in court when in court or mediation in regards to child custody. What this journal contains: Visitation planner: The visitation planner at the beginning of the diary contains space for you to quickly plan your visitations. This information is crucial for keeping to agreed upon times and dates and should be recorded as soon as each agreement is made, to avoid any later disputes. Input sections for: Date Pick up and drop off time Pick up and drop off location Communication Log: A communication log is one of the most important aspects of keeping a journal for child custody. It ensures that you are protected and prepared for all agreements and conversations that will happen between the other parent,

Download Ebook Child Custody Visitation And Support In Florida Child Custody Visitation Support In Florida

lawyer etc. Inputs include: Time, date, start time and length of conversation Nature of the conversation, who initiated it, what was covered Main points raised Additional information Visitation log: Visitation is often one of the trickiest parts of managing child custody. The visitation log in this journal is designed to ensure both parties uphold their agreements that were made in regards to visitation, and that the child's best interests are kept at the forefront of the agreements. Other notes: A section for any other notes related to child custody. Remember: everything related to this process should be recorded. Any information that may not fit into the other sections should be written here. It may include things such as your child's mood after a visit, something your child says about their other parent etc. This section will be used almost every day used correctly, with each note dated as instructed. If any other sections should run out, continue to use this section. Tips for keeping this journal: As well as the information included above, the journal contains tips about how best to keep this journal. Book Features: 8.5 x 11 inch in size 120 total pages - Multiple 'sections' per page (Should last around 1 year) Perfect bound with a beautiful soft matte cover Printed on white bleedproof paper Durable Tips for keeping a child custody journal Remain Balanced - stay objective: While you want to do everything you can to get custody of your children, make sure you also write down the good things the other parent does. Remember, this is about what is best for your children, not what is best for you or for the other parent. NEVER LIE OR FALSIFY INFORMATION or you will ultimately lose the battle in court. Include Smaller Details Don't forget to include the smaller, everyday details with your custody journal. Specifically, you'll want to take note of: Comments your child makes about the other parent (Positive and negative)

Your Right to Child Custody, Visitation, and Support

Divorce guidance you can count on Divorce is never easy, but with the information in Nolo's Essential Guide to Divorce, you can make the process as simple, inexpensive, and conflict-free as possible. With compassion and expertise, family law attorney Emily Duskow explains how to make divorce less painful by helping you: minimize day-to-day conflict with your spouse work with lawyers or mediators without breaking the bank avoid costly, exhausting court battles, and stay calm and make good decisions. You'll learn about your legal rights and options for resolving tough divorce-related issues, including: child support and custody alimony property division, and drafting a marital settlement agreement. The 8th edition is completely updated with the latest state rules on divorce, such as property division and grounds for divorce.

California. Court of Appeal (4th Appellate District). Division 2. Records and Briefs

Is your ex-spouse trying to gain custody of your kids? Has he or she launched a campaign to make you look like a bad parent, both in the eyes of your children and the law? You aren't alone. Unfortunately, high-conflict custody battles are all-too-common in today's world. So how can you arm yourself with the mental and legal resources needed to survive this difficult time and keep your kids safe? In The High-Conflict Custody Battle, a team of legal and psychology experts present a practical guidebook for people like you who are engaged in a high-conflict custody battle. If

Download Ebook Child Custody Visitation And Support In Florida Child Custody Visitation Support In Florida

you are dealing with an overtly hostile, inflammatory, deceitful, or manipulative ex-spouse, you will learn how to find and work with an attorney and prepare for a custody evaluation. The book also provides helpful tips you can use to defend yourself against false accusations, and gives a realistic portrayal of what to expect during a legal fight. Going through a divorce is hard, but going through a custody battle can feel like war. Don't go in unprepared. With this book as your guide, you will be able to navigate this difficult process and learn powerful skills that will help you maintain a healthy relationship with your kids, fight unfair accusations, and uphold your rights as a parent.

Women and Children Last

Imagine waking up one Saturday morning to the sound of loud banging at your door. You call out to your wife, "Sweetie, answer the door " But your spouse and the kids are gone. The knocks keep coming. You open the door and see two burly Sheriff's Deputies at your door who inform you that your spouse has filed a Protection From Abuse order against you and that you've got twenty minutes to get your things out of the house and vacate the premises. You are dumbfounded because you've never had a fight with her and violence was never part of the equation for you. You argue that there must be a mistake, but your pleas fall on deaf ears. You realize numbly that, to them, you sound just like the brutes who actually do abuse the ones they love. You get dressed, grab a few things, and frantically make some calls as you watch the Deputies install padlocks on your doors. Eventually you leave and drive to your parents' house, hoping that you'll be back home in a couple of days after the matter has been resolved. Unbeknownst to you, you will never step foot in your home again. The truth is, your spouse has a new love in her life and used a PFA order to get rid of you and move the lover in. Your wife's new lover is now your children's new daddy. Welcome to the life of Tim Olson. Tim was a victim of this scenario, except that Tim wasn't the husband . . . he was the child. when Tim's mother accused his father of abuse that never happened, she drove Tim's father into financial and emotional ruin. When Tim grew up and learned the truth, he didn't just get mad he got even, with tragic results. Through interviews with actual litigants, mental health professionals, lawyers, and victims, we learn about the undercurrent of post-nuptial turmoil now boiling over in family courts across the country in the form of child custody and visitation battles, false allegations of abuse, corrupt judges, and unaffordable child support awards. The system is broken and the results it has on the families who go through it is devastating. The laws of various jurisdictions in the United States encourage and reward greed while discouraging civility and co-parenting. Forced Absence is a story of love and hatred, greed and vengeance, and the effects of a corrupt and inefficient family court system which is being exploited by husbands, wives, and live-in partners seeking to destroy one another. This documentary is an assembly of capsulized true events in the lives of several victims. To the extent possible, the participants are the actual individuals involved. To protect the innocent and their privacy, some re-enactments and technical changes were incorporated. This book, which is written in screenplay format, is a derivative of the feature motion picture.

Social Work Practice and the Law

A comprehensive resource on the complexities of the American legal system encompasses a broad spectrum of legal issues and concerns, including home ownership, consumer credit, wills and estates, family law, small business, and citizen rights, all presented in a straightforward question-and-answer format with sidebars, charts, graphs, and other features. Simultaneous. 20,000 first printing.

California. Court of Appeal (2nd Appellate District). Records and Briefs

When you're getting divorced, you can make a tough time easier for your children (and yourself) if you and the other parent can create your own custody plan and agree on child support. If you can't work out custody and support, you'll have to head to court and ask a judge to step in. Either way, Nolo's Essential Guide to Child Custody & Support can help. You'll learn: how negotiation and mediation can keep costs down, ease the transition for kids, and improve future dealings with your ex where to find your state's child support guidelines how judges make custody decisions how to enforce and change custody and support orders how court trials work what military families need to know when you need a lawyer and how to work with one You'll also find specifics about each state's laws, including what factors courts consider when they rule on custody arrangements, what happens when one parent wants to move away with the children, and how you can change custody or support orders.

Child Custody & Visitation Law and Practice

A comprehensive, A-to-Z set of task planners for more than one hundred psychosocial problems from alcoholism and anxiety to domestic violence and sexual abuse. Each entry includes a menu of actions the client can undertake to affect resolution, a guide to the practitioner's role in facilitating these actions, and a reference list. An accompanying disk allows social workers to update the task planners they are working with and enables keyword searches for specific topics.

Surviving The Breakup

Learn how to end a marriage fairly and inexpensively. This book guides you through a negotiated divorce, using mediation or an increasingly popular approach called collaborative divorce. Encouraging and straightforward, *Divorce Without Court* explains: how divorce mediation works how collaborative divorce works how to maximize opportunities for settlement how to get an agreement in writing how to find and use advisors. *Divorce Without Court* provides the latest resources, contact information for state offices, national and regional organizations, and clear examples of what you can expect. Includes downloadable worksheets and checklists to help you through the process.

Domestic Violence

Domestic violence has evolved in recent years from a husband's prerogative, to a technical violation of the law, to a crime with potentially serious consequences. As the toll of domestic violence becomes increasingly apparent, society is growing less and less tolerant of it. This three-volume series charts a revolution that arguably is as important to the lives of women as obtaining the rights to own property and to vote. Through incisive articles by leading authorities, landmark cases and diverse historical and contemporary documents, this three-volume set explores the history, nature and causes of domestic violence. A comprehensive introduction by the editor provides an analytical overview of the problem, presents a wide variety of viewpoints on controversial issues and a roadmap to challenges that lay ahead. The series chronicles the legal systems historically lackluster response to battering, tactics used by victims to force authorities to respond to their calls for help and innovative efforts underway to deter the problem through, among other things, education and enhanced legal sanctions. Libraries, law schools, law enforcement agencies, the judiciary, medical and social service professionals will find these books to be an indispensable reference work, the richest and most comprehensive collection available on the subject of domestic violence. For scholars in diverse fields such as history, sociology, psychology and women's studies, the anthology is an invaluable tool for interdisciplinary research. All readers will find the series to be a treasure trove of information regarding the evolving status of women in modern history.

Children and the Law in Texas

Can a girl get an abortion in Texas without her parent's consent? Are parents liable for damages when their teenager crashes the family car into a neighbor's Mercedes? What happens when grandparents help a noncustodial parent hide a child from the parent with legal custody? Ramona John tells it like it is in this non-lawyer's guide to all areas of Texas law affecting children. Using layman's language and a quick-reference, question-and-answer format, she offers expert advice about dealing with lawyers and judges and about using the law to protect and serve children. Texas parents, grandparents, teachers, and health care and social service providers will find this an authoritative guide to their legal rights and responsibilities regarding children.

Divorce Without Court

As more people turn to assisted reproduction, the legal issues surrounding it have become increasingly complex. Beyond representing patients or clinics, numerous legal problems are arising from the technology's application. Disputes in divorce are the most common, but this technology impacts the law in other areas, including personal injury, insurance, criminal law, and estate planning. Drawing from multiple legal sources, this book presents complex information in a direct, balanced and fair manner. It includes glossary, sample forms and checklists, and bibliography.

Considered the complete, in-depth guide to effective interventions for this pervasive social disease, *Battered Women and Their Families* has been updated to include new case studies, cultural perspectives, and assessment protocols. In an area of counseling that cannot receive enough attention, Dr. Robert's work stands out as an essential treatment tool for all clinical social workers, nurses, physicians, and graduate students who work with battered women on a daily basis. New chapters on same-sex violence, working with children in shelters, immigrant women affected by domestic violence, and elder mistreatment round out this unbiased, multicultural look at treatment programs for battered women.

The Task Planner

Family Influences on Childhood Behavior and Development

State Court Organization

Nolo's Essential Guide to Child Custody and Support

Irrespective of theoretical orientation, families matter. Families are the entity in which children are introduced to words, objects, shapes, and colors. Families are the people related in a myriad of conventional and unconventional ways that clothe, bathe, and feed its biological and acquired offspring. Influenced by race, ethnicity, income, and education, families relate not only to each other within the unit but to others in the neighborhood, the community, and beyond. This book is about families and their children. This book is about those times when the family unit experiences distress. This distress may be found in the serious illness of a child or a parent. It may be the result of a reconfiguration of the family as in divorce and remarriage. Or it may involve the harming of a family member sexually or physically. In this volume, the authors explore what family means today, what functions it serves, and those circumstances that can make family life painful. Importantly, the authors provide readers with clearly written information drawn from the most recent scientific investigations suggesting how the topics in this volume might be addressed to either ease that discomfort (treatment) or prevent its occurrence.

These Are Our Stories is a collection of women's stories, thoughts, and poems about the domestic abuse they have experienced throughout their lives.

Download Ebook Child Custody Visitation And Support In Florida Child Custody Visitation Support In Florida

Transcribed directly from Jan Rosenberg's interviews with eleven women in the Florida panhandle, their histories embody the epidemic of domestic violence in America. The eleven survivors are lower to middle class women of various ethnic orientations, and range in age from their late twenties to mid-sixties. The survivors' stories are clarified with the use of diagrams from The Domestic Abuse Intervention Project (DAIP), and examined as the women re-build their lives hours and days at a time. *These Are Our Stories* provides two resource guides following the women's interviews. The first guide is adapted for use in north Florida to assist an abused woman in identifying her situation using these eleven women's stories as a thread. The second resource is a brief bibliography of literature and resources for domestic violence victims that can be used throughout the U.S.

Domestic Abuse, Child Custody, and Visitation

Assisted Reproductive Technology

"This is the first book to give social workers the tools to understand their clients' legal needs and rights and to address them collaboratively and effectively. Lyn Slater and Kara Finck ground their text in a comprehensive grasp of the legal system and the inequities of race, class, and gender that shape clients' experiences. *Social Work Practice and the Law* is a powerful call for social workers to be passionate and skillful advocates for their clients. Essential reading for social workers and lawyers alike who serve low-income people entangled in systems that so often fail them." Dorothy Roberts, JD Kirkland & Ellis Professor, Northwestern University School of Law Author, *Shattered Bonds: The Color of Child Welfare* Based on the author's innovative and nationally recognized prototype for inter-professional work at Fordham University, this is the only volume about social work and the legal system that is written from the social worker's perspective. Devoid of "legalese," the book is designed to help social workers develop the ability to reappraise, question, and challenge the law to best serve their clients. It aims to promote the development of a more strategic relationship with the legal system—a partnership that can achieve more creative and just solutions to social problems. Exhaustive in scope, *Social Work and the Law* identifies current national and international trends and legal movements that support and invite inter-professional, critically competent social work participation. The book also identifies and explains the essential knowledge, skills, values, and attitudes necessary for the attainment of collaborative critical competence when interacting with the legal system. Each chapter includes vivid case studies based on actual collaborations that illustrate the application of theory to practice. Chapters also include legal, social work, and evidence-based resources. Key Features: Promotes a proactive approach to the ways in which social workers can use law to promote clients' best interests Addresses all domains of social work practice—child welfare, housing law, educational access, disability law, benefits, and more Offers abundant case studies taken from the authors' real-life work Devoid of "legalese" and written from a social worker's perspective

Defense of Marriage Act

Download Ebook Child Custody Visitation And Support In Florida Child Custody Visitation Support In Florida

Mediation, as a procedure to assist couples in dealing with the problems incident to their separation and divorce, is still relatively new in the United States. For the would-be practitioner, that poses certain problems. Divorce mediation cannot provide a long history of generally accepted procedures. Nor is there even a body of information to which would-be practitioners can turn for instruction or guidance. And, of course, there are no established schools that can train or prepare a practitioner to do this work. To make matters worse, the situation is likely to remain in this state for some time to come. Given this fact, it was felt that it would be useful for practitioners (even for those already engaged in divorce mediation) to have a handbook which would trace a typical mediation from its inception to its conclusion and which would provide them with the substantive information they need to know in order to do divorce mediation. It is hoped that this handbook will fill this need. Having said that, however, it must be acknowledged that the purpose of this book is very much beyond that. Until now, divorce mediation in the United States has been shaped principally by such books as O. J. Coogler's *Structured Mediation in Divorce Settlements: A Handbook for Marital Mediators*, 1 and John Haynes' *Divorce Mediation: 2 A Practical Guide for Therapists and Counselors*.

The Divorce Handbook

Going through a divorce is always tough, but when a child with special needs is involved it can be especially challenging. This book takes a clear and comprehensive look at every aspect of the legal divorce process, and addresses all of the legal issues that divorcing parents of children with special needs face. The author guides parents through the initial hurdles of choosing the right lawyer for their case, and explains exactly how to work with them to achieve the best possible outcome for all concerned. From agreeing upon child custody arrangements that meet the particular needs of the child, to making provision for child support payments, gathering together the documentation needed to prove a case, and dealing with financial issues such as debts and property distribution, no aspect of divorce is left uncovered. A set of checklists is included to ensure that parents consider everything they need to, and the book concludes with a useful list of further resources. Written by an experienced family lawyer who went through her own divorce when her son, who has autism, was six, this book offers much-needed guidance to divorcing parents of children with a variety of special needs.

Child Custody Made Simple

Battered Women and Their Families

When domestic abuse and children are involved, divorce and custody can be the epitome of high-stakes conflict and frustration and all too frequently protective parents lose custody of their child to a named abuser. *Domestic Abuse, Child Custody, and Visitation* helps mental health professionals, attorneys, and lay readers navigate the judicial process so that decisions are truly made in the best interest of children. The text reveals how all the puzzle pieces of the judicial process fit together -- judges, attorneys, mental health experts, children, spouses -- and how to overcome many of the obstacles they will confront along the way.

Download Ebook Child Custody Visitation And Support In Florida Child Custody Visitation Support In Florida

This runs the gamut, from the selection of a lawyer and experts, to setting necessary groundwork for an appeal. Domestic Abuse, Child Custody, and Visitation is an essential read for mental health professionals and lay people involved in divorce and custody, family court judges, family law attorneys, and mental health professionals involved in domestic abuse and custody matters.

Divorce and the Special Needs Child

With the divorce rate above 50 percent and climbing, more and more parents are faced with difficult situations involving their children. This book is designed to let parents know their legal rights and to help them understand the court system. Most parents think that once a decree for support has been ordered, that all is over. However, often that is just the beginning. Getting the support that was mandated, in the amount that was stated, in the manner that was determined necessary and in the time indicated are often major issues that must be continually confronted for the good of the children. In addition to covering all of the basics, Your Right to Child Custody, Visitation and Support also examines current hot topics such as parental kidnapping, child support enforcement and when one of the parents is in the armed forces. Easy-to-use, blank tear-out forms makes this new edition a must for every person who has children and has gone through or is contemplating a divorce.
