## Citroën | Navigation System GPS Map Update Home

CITROEN Wiring faults A690 Short circuit on the control line of the left side airbag C1208 The code C1208 on models C2, C3, C4, C5 and other versions indicates the absence of a vehicle speed signal. The cause of the problem is usually a power line malfunction or damage to the cable connected to the sensor.

## Used Citroen BERLINGO MULTISPACE for Sale | Gumtree

Troubleshooting: The owner's manual for most vehicles will clearly list the model year. If not, the manual should indicate where you can locate the VIN. The VIN is often found on the driver's side dashboard just beneath the windshield. The VIN is also commonly listed on the vehicle title, registration card, and insurance documents.

It is common sense to be ready for anything that might go wrong, and a service manual helps a great deal in this respect. By ensuring that you have a repair guide handy in your vehicle in case you should need it, you make sure that you have the scope to identify and correct any faults.
