History of Art

This authoritative book surveys the full extent of the culture that gave us the

Acropolis, the Illiad, and The Republic. Stephanie Lynn Budin introduces general readers to the 3000 years of ancient Greek civilization - its art, literature, politics, religion, war, and empire - addressing many topics usually covered only in specialized works. Here, for example, are abundant primary sources, and a guide to reading the ancient script known as Linear B. Here, too, is a rich collection of illustrations, drawings, maps, and photographs, including detailed renderings of Knossos, Akritiri, and a host of archeological sites, showing them as they appeared originally and as they are now. Drawing on the latest interpretations of artifacts, texts, and other evidence, *The Ancient Greeks* takes readers inside the process of discovery, and provides a full history of the study of classical Greece, from the Middle Ages and the Renaissance right up to the present. The result is an ideal guide to one of the world's most revered cultures of the past.

Classical Greece

Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era, this thoroughly cross-referenced and fully indexed work is written by an international group of scholars. This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition, the highly praised two-volume work. Newly edited by Nigel Wilson, this single-volume reference provides a comprehensive and authoritative guide to the political, cultural, and social life of the people and to the

places, ideas, periods, and events that defined ancient Greece.

A Companion to the Classical Greek World

LIFE

Examines the evolution of 'great man theory' in classical Greece, not only in historical writing, but also in popular thought.

Daily Life of the Ancient Greeks, 2nd Edition

"A Companion to the Classical Greek World" provides scholarly yet accessible new interpretations of Greek history of the Classical period, from the aftermath of the Persian Wars in 478 BCE to the death of Alexander the Great in 323 BCE. It ranges over a wide array of topics, including the environment, economy, society, government, warfare, and religion. It also includes a concise narrative overview of the period, and a thorough treatment of the sources, both written and material. The volume guides readers towards a broad understanding of the history of the Classical period. It is vital reading for any student of Greek history.

Encyclopedia of Ancient Greece

The development of Greek sculpture, architecture, and painting during the Classical period is examined within a social and cultural context

Classical World

A history of architecture from ancient times, and a record of the development of the civilization of the West.

Byzantium

R. S. Bluck's engaging volume provides an accessible introduction to the thought of Plato. In the first part of the book the author provides an account of the life of the philosopher, from Plato's early years, through to the Academy, the first visit to Dionysius and the third visit to Syracuse, and finishing with an account of his final years. In the second part contains a discussion of the main purpose and points of interest of each of Plato's works. There is a chapter on Plato's central doctrine, the Theory of Ideas, and a translation of Plato's Seventh Letter, which not only provides valuable additional material for the study of Plato's thought but also contains a vivid account of many incidents in Plato's life.

Observer

A profusely illustrated account of the history, government, people, customs, arts, theater, sports, cities and gods of ancient Greece.

LIFE

Wandering Greeks

Ancient America

This collection of Ralph Smith's writings provides a comprehensive overview of his extraordinary contributions to understanding the importance of aesthetics in education. These essays record his lifelong efforts to construct a defensible rationale for the arts in general education and a workable curriculum for art education in our public schools (K-16). The topics covered range from liberal education to arts education, the relationship of art, aesthetics, and aesthetic education to teaching and curriculum, the arts and the humanities, and cultural diversity.

Singing the Chaos

A profusely illustrated account of the history, government, people, customs, arts, theater, sports, cities and gods of ancient Greece.

AFRICAN KINGDOMS

What was childhood like in ancient Greece? What activities and games did Greek children embrace? How were they schooled and what religious and ceremonial rites of passage were key to their development? These questions and many more are answered in this study, which features and discusses imagery and artefacts relating to childhood in ancient Greece. culture to represent children and their activities naturalistically in their art. Here we learn about depictions of children in myth as well as life, from infancy to adolescence. This illustrated book features such archaeological artefacts as toys and gaming pieces alongside images of them in use by children on ancient vases, coins, terracotta figurines, bronze and stone sculpture, and marble grave monuments. archaeology, anthropology and art history discuss a wide range of topics, including: the burgeoning role of childhood studies in interdisciplinary studies; the status of children in Greek culture; the evolution of attitudes toward children from the Bronze Age to the Hellenistic period as documented by literature and art; the relationships of fathers and sons and mothers and daughters; and the roles of cult practice and death in a child's existence.

The Ancient Greeks

The Classical Weekly

Reveals everyday life in ancient Greece through an account in graphic novel format of the very different lives of the men and women of a prosperous Athenian family where the father is a member of the council.

Historical Agency and the 'Great Man' in Classical Greece

A Kirkus Reviews Best Book of 2018 A lively and timely introduction to the roots of self-understanding--who we are and how we should act--in the cultures of ancient Greece, the Roman Empire, and Middle Ages and the Renaissance "Know thyself"--this fundamental imperative appeared for the first time in ancient Greece, specifically in Delphi, the temple of the god Apollo, who represented the enlightened power of reason. For the Greeks, self-knowledge and identity were the basics of their civilization and their sources were to be found in where one was born and into which social group. These determined who you were and what your duties were. In this book the independent scholar Ingrid Rossellini surveys the major ideas that, from Greek and Roman antiquity through the Christian medieval era up to the dawn of modernity in the Renaissance, have guided the Western project of self-knowledge. Addressing the curious lay reader with an interdisciplinary approach that includes numerous references to the visual arts, Know Thyself will reintroduce readers to the most profound and enduring ways our civilization has framed the issues of self and society, in the process helping us rediscover the very building blocks of our personality.

LIFE

The "Ancient Greece" is a comprehensive history of Greece which covers the period of over 2000 years and follows emergence, rise and decline of one of the

greatest civilizations in the history of the world. Contents: Greece and the Aegean The Heroic and the Greek Dark Ages The Beginnings of Greece and the Heroic Age The Expansion of Greece Archaic Greece Growth of Sparta - Fall of the Aristocracies The Union of Attica and the Foundation of the Athenian Democracy Growth of Athens in the Sixth Century The Advance of Persia to the Aegean Classical Greece The Perils of Greece - the Persian and Punic Invasions The Foundation of the Athenian Empire The Athenian Empire Under the Guidance of Pericles The Decline and Downfall of the Athenian Empire The Spartan Supremacy and the Persian War The Revival of Athens and Her Second League The Hegemony of Thebes The Syracusan Empire and the Struggle With Carthage Macedonian Hegemony The Rise of Macedonia The Conquest of Persia The Conquest of the Far East The Hellenistic Age

Culture and the Arts in Education

Combining both a historical and a critical approach toward the works of major British, American, French, German and Russian poets, this work surveys a century of high poetic achievement

Coming of Age in Ancient Greece

A synthesis of research on the material culture of Greece in the Archaic and Classical periods.

The Classical World

The period from the emergence of the Greek city-state in the eighth century BC to the reign of Alexander the Great and the establishment of Greek monarchies was one unparalleled in history for its brilliance in literature, philosophy, and the visual arts. This book reproduces the text of the hugely successful Oxford History of the Classical World: Greece and the Hellenistic World in a standard paperback form. Written by a team of leading classical scholars, it includes chapters on political and social history, Homer, Greek myth, drama, science, and the great philosophers. All the original line drawings and maps have been retained, and an eight-page plate section has been specially selected for this edition by Sir John Boardman. - ;The period from the emergence of the Greek city-state in the eighth century BC to the reign of Alexander the Great and the establishment of Greek monarchies was one unparalleled in history for its brilliance in literature, philosophy, and the visual arts. Women in Ancient Greece

Ancient Greece comes alive in this exploration of the daily lives of ordinary people—men and women, children and the elderly, slaves and foreigners, rich and poor. With new information drawn from the most current research, this volume presents a wealth of information on every aspect of ancient Greek life. Discover why it was more desirable to be a slave than a day laborer. Examine cooking methods and rules of ancient warfare. Uncover Greek mythology. Learn how Greeks foretold the future. Understand what life was like for women, and what prevailing attitudes were toward sexuality, marriage, and divorce. This volume brings ancient Greek life home to readers through a variety of anecdotes and primary source passages from contemporary authors, allowing comparison between the ancient world and modern life. A multitude of resources will engage students and interested readers, including a Making Connections feature which offers interactive and fun ideas for research assignments. The concluding chapter places the ancient world in the present, covering new interpretations like the movie *300*, the founding of modern Greece, and the ways in which classical culture still affects our own. With over 60 illustrations, a timeline of events, a glossary of terms, and an extensive print and nonprint bibliography, this volume offers a unique and descriptive look at one of the most influential eras in human history.

ANCIENT GREECE: The History of Classical Greece from Its Earliest Beginnings to the Hellenistic Age

Greek Medicine

Largely excluded from any public role, the women of ancient Greece nonetheless appear in various guises in the art and writing of the period, and in legal documents. These representations, in Sue Blundell's analysis, reveal a great deal about women's day-to-day experience as well as their legal and economic position - and how they were regarded by men.

Everyday Life in Ancient Greece

Lavishly illustrated, this history of the Byzantine empire is updated with a new Introduction and includes the most recent finds and interpretations.

Classical Kids

For forty years, this widely acclaimed classic has remained unsurpassed as an introduction to art in the Western world, boasting the matchless credibility of the

Janson name. This newest update features a more contemporary, more colorful design and vast array of extraordinarily produced illustrations that have become the Janson hallmark. A narrative voice makes this book a truly enjoyable read, and carefully reviewed and revised updates to this edition offer the utmost clarity in contributions based on recent scholarship. Extensive captions for the book's incredible art program offer profound insight through the eyes of twentieth-century art historians speaking about specific pieces of art featured throughout. Significantly changed in this edition is the chapter on "The Late Renaissance," in which Janson offers a new perspective on the subject, tracing in detail the religious art tied to the Catholic Reform movement, whose early history is little known to many readers of art history. Janson has also rearranged early Renaissance art according to genres instead of time sequence, and he has followed the reinterpretation of Etruscan art begun in recent years by German and English art historians. With a truly humanist approach, this book gives written and visual meaning to the captivating story of what artists have tried to express—and why—for more than 30,000 years.

Imperial Rome

Lavishly illustrated survey of the history, important personalities, daily life, culture, religion, and achievements of the ancient Roman Empire.

Art and Experience in Classical Greece

The Oxford History of Greece and the Hellenistic World

The Great Ages of Architecture

Travel back in time to see what life was like in ancient Greece and Rome while having fun with hands-on activities such as making a star gazer; chiseling a clay tablet; weaving Roman sandals; making a Greek mosaic; creating Roman jewelry; throwing Greek pottery; casting a vote in a Roman-style election; and much more. Learn how these civilizations contributed to our present-day world by participating in art, math, cooking, science, and geography activities. Interesting facts and trivia are included throughout. Helpful illustrations explain project steps.

The Ancient Greeks

Most classical authors and modern historians depict the ancient Greek world as essentially stable and even static, once the so-called colonization movement came to an end. But Robert Garland argues that the Greeks were highly mobile, that

their movement was essential to the survival, success, and sheer sustainability of their society, and that this wandering became a defining characteristic of their culture. Addressing a neglected but essential subject, *Wandering Greeks* focuses on the diaspora of tens of thousands of people between about 700 and 325 BCE, demonstrating the degree to which Greeks were liable to be forced to leave their homes due to political upheaval, oppression, poverty, warfare, or simply a desire to better themselves. Attempting to enter into the mind-set of these wanderers, the book provides an insightful and sympathetic account of what it meant for ancient Greeks to part from everyone and everything they held dear, to start a new life elsewhere—or even to become homeless, living on the open road or on the high seas with no end to their journey in sight. Each chapter identifies a specific kind of "wanderer," including the overseas settler, the deportee, the evacuee, the asylum-seeker, the fugitive, the economic migrant, and the itinerant, and the book also addresses repatriation and the idea of the "portable polis." The result is a vivid and unique portrait of ancient Greece as a culture of displaced persons.
