Multiplication Color By Number - DadsWorksheets.com

Using a large grid (19x20), each square has a math problem within. It's like paint-by-number with an answer key: "2 gray, 3 blue, 4 tan, 5 red" and you leave the blank squares white. Your motivation is seeing what image is created! Perfect for a visual learner or an artsy child who may not love doing math work.

Bing: Colored Squares Multiplication

This color by multiplication worksheet includes a key for the colors to use for each square. The color to use depends on the answer to the equation. For example, $3 \times 3 = 9$ and will be colored light blue. The answers can range from 0-70 with 7 different colors needed to complete this math multiplication mosaic.
