Year Book - Royal Society of Tropical Medicine and Hygiene

Indian Book Industry

First multi-year cumulation covers six years: 1965-70.

Current Catalog

Most volumes include section "Books of the year."

The Theory and Practice of Public Health

An extraordinary array of infectious agents affects humans; from worms, arthropods, and fungi to bacteria, viruses, and prions. In this compendium of the curious and fascinating organisms that cause disease, including Legionnaire's disease, mumps, CJD, and chlamydia, David I. Grove provides a lively, fact-filled account of the nature of each organism, their life cycle, the ingenious ways in which they infect humans, and the human stories behind their discovery.

Abstracts on Hygiene and Communicable Diseases

Journal of the Royal Army Medical Corps

The Medical Officer

A listing of medical practitioners registered with the General Medical Council. Includes England, Scotland, Wales, and Northern Ireland. Data includes name, address, degrees, colleges, appointment, memberships, and publications. Also contains information on United Kingdom hospitals, NHS trusts, and boards of health.
