### Jack of Hearts

Bestselling author Laurie Faria Stolarz's thrilling novel *Jane Anonymous* is a revelatory confessional of a seventeen-year-old girl's fight to escape a kidnapper—and her struggles to connect with loved ones and a life that no longer exists. Seven months. That's how long I was kept captive. Locked in a room with a bed, refrigerator, and adjoining bathroom, I was instructed to eat, bathe, and behave. I received meals, laundered clothes, and toiletries through a cat door, never knowing if it was day or night. The last time I saw the face of my abductor was when he dragged me fighting from the trunk of his car. And when I finally escaped, I prayed I'd never see him again. Now that I'm home, my parents and friends want everything to be like it was before I left. But they don't understand that dining out and shopping trips can't heal what's broken inside me. I barely leave my bedroom. Therapists are clueless and condescending. So I start my own form of therapy—but writing about my experience awakens uncomfortable memories, ones that should've stayed buried. How far will I have to go to uncover the truth of what happened—and will it break me forever?

### Girl Detective: A Friday Barnes Mystery

"A perfectly paced and tautly plotted thriller...and an incredibly accomplished debut" (Paula Hawkins, #1 New York Times bestselling author of *The Girl on the Train* and *Into the Water*), about a beloved high schooler found murdered in her sleepy Colorado suburb and the secret lives of three people connected to her. How can you love someone who's done something horribly, horribly wrong? When a beloved high schooler named Lucinda Hayes is found murdered, no one in her community is untouched—not the boy who loved her too much; not the girl who wanted her perfect life; not the officer assigned to investigate her murder. In the aftermath of the tragedy, these three indelible characters—Cameron, Jade, and Russ—must each confront their darkest secrets in an effort to find solace, the truth, or both. In crystalline prose, Danya Kukafka offers a brilliant exploration of identity and of the razor-sharp line between love and obsession, between watching and seeing, between truth and memory. "A sensational debut—great characters, mysteries within mysteries, and page-turning pace. Highly recommended" (Lee Child, #1 New York Times bestselling author of the *Jack Reacher* novels). Hailed as
