The Bookseller and Newsman

My father says that a journey should always change your life in some way. Well, when you have nothing, I suppose a journey promises everything. "Diamonds for everyone." That's what fifteen-year-old Patson Moyo hears when his family arrives in the Marange diamond fields. Soon Patson is working in the mines along with four friends, pooling their profits for a chance at a better life. Each of them hopes to find a girazi, a priceless stone that could change their circumstances forever. But when the government's soldiers come to Marange, Patson's world is shattered. Set against the backdrop of Zimbabwe's brutal recent history, Diamond Boy is the story of a young man who succumbs to greed but finds his way out through a transformative journey to South Africa in search of his missing sister, in search of freedom, and in search of himself. A high-stakes, harrowing adventure in the blood-diamond fields of southern Africa, from the critically acclaimed author of Now Is the Time for Running.

The Perfect Diamond Buying Guide

The Diamond Handbook, 2nd edition is a full-color, comprehensive guide to evaluating and identifying diamonds, which is aimed at trade professionals, gemology students, serious diamond buyers, and people who want more diamond evaluation information than they can get on the Internet. Besides providing in-depth information on diamond grading, it compares the new cut grading systems and diamond light performance reports of various gem laboratories. It also discusses and illustrates new diamond treatments and lab-grown diamonds. An entire chapter is devoted to the recutting of diamonds, and another chapter covers the history of diamond cuts and illustrates antique and estate diamond jewelry styles. The first chapter gives a brief overview of diamond formation, sources, diamond properties, lighting and diamond examination techniques. Chapters on fancy-colored diamonds, fluorescence, branded diamonds and diamond grading reports are also included. The Diamond Handbook has a glossary, bibliography,
