In addition, there are guidelines on examiner recommendations along with exam practice and a selection of past questions.

Cambridge IGCSE and O Level Economics

Oxford IB Diploma Programme: IB DIPLOMA COURSE BOOK ECONOMICS

The 2013 IB HL Economics syllabus change introduced Paper 3, an essentially calculations-based assessment. This development challenged teachers and students alike, as few Paper 3 practice resources have been available. This is furthermore an area of the syllabus where, as in Mathematics, practice is fundamentally important in developing the skills and confidence for needed for success. Paul Hoang's latest publication therefore represents an invaluable resource in helping students to prepare for the examination challenges they face. For many candidates the mix of words, theory and numbers in Paper 3 questions can be overwhelming, if they have not developed easy familiarity throughout their course. With clear layout and content that beautifully mirrors IB examination questions, this resource is the one we have all been waiting for. I absolutely recommend it as a 'must have' for all those who are preparing for the HL Economics examination. IT is a core resource invaluable to students and teachers alike. English A: Language and Literature for the IB Diploma Coursebook

English Language and Literature for the IB Diploma

Essential Economics started off its life as a set of class notes, given to students, to help introduce them to the new subject of Economics. Students often used these notes to help them prepare for final IB Diploma exams. Since then the notes have expanded into the present slim volume Essential Economics. The aim is to cover the key ideas precisely and succinctly, and in a memorable way, in contrast to much longer textbooks which are often unread by students.

Pearson Baccalaureate

This book has been created to give students and teachers a solid introduction to the big questions in the study of Economics. Following the IBDP curriculum and using a concept-based approach this resource will mean that students can begin their DP course with a firm foundation of subject area content. An emphasis will be placed on getting students to make connections to their real world observations so that the learning is authentic and applicable outside of the classroom. The focus for this resource is to build understanding of the key concepts and skills and use the DP content to introduce and articulate the bigger concepts and skills so that students are prepared for their Diploma course. Topics and concepts will be introduced and covered using real world examples, case studies and applications. Content will be formally scaffolded to help students both build skills and content knowledge so that they are well prepared for their course and absorb DP knowledge more effectively. The resource is to be used on pre-DP courses at the end of the MYP, IGCSE or other course school year before starting DP, in summer break before DP, or up to a year before DP or even during the start of the DP course to learn necessary skills. These books do not replace the course book content for DP but are in line with the latest DP syllabus updates including assessment details, subject terminology and syllabus content
