Employment and Labor Law

Business Law I Essentials

This Understanding treatise examines the multifaceted and complex law of private-sector Labor Law. Because Understanding Labor Law focuses on relations between management and labor in the private sector, it deals primarily with the National Labor Relations Act, as amended, and its interpretation and application by the federal courts and the National Labor Relations Board. The book is organized in a format that is consistent with the organization of most Labor Law courses. At the end of each chapter is a section titled "Chapter Highlights," summarizing some of the major doctrines discussed in the chapter. This eBook features links to Lexis Advance for further legal research options.

The Attorney-client Privilege and the Work-product Doctrine

The highly anticipated Third Edition of Corporate Finance & the Securities Laws is a fully updated version of this classic work by two premier experts in the world of corporate finance. The book explains the legal environment in which capital markets transactions take place as well as explaining the transactions themselves and how professionals can manage the transaction and get it done. Some highlights in the Third Edition are: Underwriting practices the registration and distribution process Private placements Shelf registrations International finance Commercial paper Innovative financial products and asset-backed securities the Third Edition also includes updates on many important developments in corporate finance, including: New standards for IPO allocations the reduced role of analysts in

securities offerings driven by reforms separating the interaction of research analysts And The investment bankers who bring in new business an updated look at MD&A (Management Discussion & Analysis) A new chapter focusing on asset-backed securities Sarbanes-Oxley's effects on disclosure requirements and due diligence the growing trend of On-line offerings Dealing with 'gun-jumping' problems Electronic delivery of offering documents New emphasis on financial statement due diligence New NASD corporate financing rule New NASD rule on retention of new issues (formerly the 'hot issue' rule) Exiting the SEC reporting system Innovative financing techniques And The Commodity Futures Modernization Act of 2000 Short sales and equity derivatives Innovations in convertible, exchangeable and equity-linked securities Amended Rule 10b-18 and more

Folk on the Delaware General Corporation Law

This text is a concise guide to employment-discrimination and related laws for managers. The information in this book raises awareness of issues in the work place and enables managers to provide informed leadership necessary for a discrimination and harassment "free" work place.

The Essential Guide to Family & Medical Leave

Employment Law

Law Express: Employment Law is designed to help you to relate all the reading and study throughout your course specifically to exam and assignment situations. Understand quickly what is required, organise your revision, and learn the key points with ease, to get the grades you need. Tested with examiners and students.

Corporate Finance and the Securities Laws

Business Ethics

This text addresses human resource practices associated with each stage of the employment process--from hiring, to managing, to firing--and emphasizes the application of legal concepts to future business situations. Various features throughout the text offer students opportunities to develop issue spotting, critical thinking, and legal reasoning skills that will be integral in their future careers as human resource managers. EMPLOYMENT LAW FOR HUMAN RESOURCE PRACTICE,

4TH EDITION empowers students to understand the difference between what is legal and what is not, see and avoid potential problems, and know when to turn to a lawyer. While continuing its coverage of all the most important employment law topics, this edition has been updated to include extended coverage of a number of areas reflecting recent legislation, the issuance of new regulations, and recent case law. Some of these topics include: class action lawsuits, use of independent contractors, human trafficking, and the use of credit histories and criminal backgrounds when hiring. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Law and the Legal Environment

European trade defence law has expanded sufficiently in the last few years to require a new edition of this definitive work, last revised in 2004. As trade law practitioners and scholars have come to expect from the Brussels law firm Van Bael & Bellis, the fifth edition provides comprehensive, up-to-date analysis and critical commentary on EU trade defence instruments dealing with anti-dumping measures, countervailing measures, and safeguard measures, as well as measures under the Trade Barriers Regulation. It gives detailed attention to all EU cases and other developments at WTO level that have occurred up to December 2010. The emphasis throughout is on practical application of the rules. The authors cover every issue likely to arise in any trade defence matter, including all of the following and more: determining the dumping and injury margins; determining the subsidy margin; determining the causal link between dumping or subsidy and injury; determining if 'Union interest' calls for intervention; differences between anti-dumping and anti-subsidy legislation; procedural rules applicable to complaints, initiation of proceedings, investigations, protective measures, reviews, and refunds; conditions for accepting an undertaking; measures that may be taken to prevent 'circumvention' of anti-dumping measures; rules for the determination of permissible adjustments; rules governing the standing of various interested parties before the European Courts; rules and procedure applicable to non-market economy countries; special rules on products originating in a developing country; allocation and administration of quantitative quotas; surveillance measures; and whether and to what extent safeguard measures are subject to judicial review. For each of the four major categories of trade defence instruments, chapters deal with the substantive rules of the trade defence instruments concerned, the relief that may be ordered under these instruments, and the procedural provisions. The important changes in the EU decision-making process for trade defence cases to be introduced in March 2011 are taken fully into account. An extensive battery of tables and annexes leads the practitioner to all the essential primary source material in the field. As a detailed and practical commentary on the international trade legislation of the Union as actually applied by the Union Institutions, this is the preeminent work in the field. Lawyers and academics involved with trade contracts or disputes need have no doubt that it is still without peer as a guide to EU trade defence instruments.

Employment Law for Business 9e

The number of small businesses in the United States is astounding. According to the most recent U.S Census data, there are more than 8.8 million businesses with

less than 20 employees, with more than 21.3 million employees spread out among those businesses. The sheer volume of individuals who do not work for a massive corporation is growing exponentially every year and the result is a lot of confusion on the part of small business owners who are struggling to understand the complicated federal employment laws that dictate how they must handle those employees. With this comprehensive A-Z guide to the federal employment laws that dictate the practices you must follow, you will learn every possible detail you will ever need to know to stay ahead of the government's requirements and run a successful business. There are more than 20 Federal acts that are designed to keep the workers of this country protected against various forms of discrimination, poor treatment, and negligence on the part of the employer. You will learn the intricate details of each of these federal acts and how they apply to you and your business. You will learn everything that applies to you in regards to age discrimination, disability discrimination, equal pay requirements, affirmative action, civil rights enactments, worker retraining, and dozens more acts such as OSHA, ERISA, EPPA, COBRA, SOX, PDA, and NLRA acts that enforce the standards of employment for millions of companies around the nation. You will learn which laws your company specifically must follow and how state laws might further designate what you need to know when hiring and employing a new worker. A run down of each kind of business and how certain laws, such as OSHA and other worker safety laws will apply more restrictively to you. You will be shown exactly how each of these laws is enforced and what you can expect if you fail to do so - including the requisite fines, possible sanctions, or even loss of licensing in certain cases. Many industry professionals have been interviewed to share their insights on the employment laws in this country, providing a more complete view of how you can adhere to and follow these laws effectively. The tools you need, including the forms and agency addresses and contacts, to comply with these laws are provided in their entirety, along with the federal and state agencies that you will be dealing with intricately in the weeks to come. A comprehensive listing of resources that are designed to help you make the right decisions and complete the necessary steps for each hire you make is also provided, annotated to show you which laws coincide with which resources. If you are considering starting your own business or are starting to expand and hire more employees, this book will provide every detail you need to effectively manage and maintain your growing workforce.

Introduction to Business Law

Explore the foundations of business law as well as the application of legal concepts to everyday life. LAW FOR BUSINESS AND PERSONAL USE, 19E, combines strong content and interactive technology with consistent, proven instruction to maintain student interest and support active learning. Coverage includes contracts, criminal law, environmental law, family law, and consumer protection. With more than 1,000 cases, LAW FOR BUSINESS AND PERSONAL USE, 19E, offers plenty of opportunities for case analysis and research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Employment Law

Dynamic Business Law: The Essentials is appropriate for the one-semester

Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law: The Essentials as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.

The Legal Environment of Business

Titles in Barron's Business Review series are widely used as classroom supplements to college textbooks and often serve as a main textbook in business brush-up programs. Business Law focuses on the importance of legal theory in the everyday business world, explaining such subjects as tort responsibility, government regulations, contracts, environmental law, product liability, consumer protection, and international law, among many other topics. Also discussed in detail are the legal aspects of partnerships, franchises, and corporations, as well as special topics that include business crimes, property as a legal concept, intellectual property, and similar pertinent topics. A study aid labeled Key Terms appears at the beginning of each chapter, and You Should Remember summaries are strategically interspersed throughout the text.

The World Is Flat [Further Updated and Expanded; Release 3.0]

A Guide to Federal Agency Rulemaking

An all-in-one reference to the important employment laws that every employer and HR pro needs to know.

Understanding Labor Law

The purpose of the federal Family and Medical Leave Act (FMLA) is to help employees balance the demands of work and family. But the law can be hard for employers to apply in the real world. Questions about eligibility, coverage, notice and certification requirements, administering leave, continuing benefits, and reinstatement can challenge even the most experienced managers. This book has the plain-English answers to all of your tough questions about the FMLA. It provides

detailed information, real-life examples, sample forms, and other tools to help you meet your legal obligations. The 5th edition covers all the latest updates on the FMLA, including rules for same-sex couples, new cases explaining the application of the FMLA, state paid family leave laws, and more.

Sports and the Law

This text provides an introduction to U.S. law. It is intended for law students, lawyers, and legal scholars from foreign countries; U.S. graduate and undergraduate college students; members of the general reading public in the United States; and anyone who seeks a "big picture" of the law and legal system. Not a casebook, it explains the major substantive areas of the law in narrative form with citations to cases and sources for additional detail. In addition to covering the principal substantive areas of the law, the book has chapters on: essential basic history and governmental structure necessary to an understanding of the legal system; the legal profession; the theory and practice of the adversary system of justice; and statutory interpretation and case law reasoning.

Start Your Own Business

The Attorney-Client Privilege and the Work-Product Doctrine has helped thousands of lawyers through this increasingly complex area. In addition to providing a comprehensive overview of the current law of the attorney-client and work-product immunities, the new edition includes many more case illustrations and contextual examples, as well as numerous practical tips and guidance. Practical, accurate, reliable and clear, this book is the ideal guide for a practicing litigator: intellectually rigorous, but without the theoretical and academic baggage that can make writing on this subject cumbersome and leaden.

Employment Law

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The Developing Labor Law

A concise but thorough resource, the guide provides a time-saving reference for

the latest case law, and the most recent legislation affecting rulemaking.

The Essential Guide to Federal Employment Laws

Business Judgment Rule

Stewart's Guide to Employment Law is renowned for its succinct and accessible coverage of this complex area of the law. The author's unique expertise and experience make this a high-quality book with a clear and cohesive style. This is a highly regarded, dependable choice of book for anyone needing an introduction to employment law. **Key Features of the New Edition** This new edition explains the various amendments made to the Fair Work Act under the Turnbull Government, in relation to matters such as enterprise bargaining, industrial action and the enforcement of employment entitlements. It highlights important changes to the regulation of workplace relations in the building and construction industry. Covers the many variations made by the Fair Work Commission in the course of its first (and last) four-yearly review of modern awards. Those variations include significant alterations to penalty rates in certain industries, as well as provisions on casual and part-time employment, payment of wages and the taking of annual leave. The text has been updated to incorporate other new case law since the last edition, including important decisions on the making and termination of enterprise agreements, adverse action and termination of employment. Reference is also made to various changes to State laws, particularly in Queensland, where the State industrial system was revamped in 2016.

Employment Discrimination Law

The most complete guide to an employer's legal rights and responsibilities, this book shows how to comply with workplace laws and regulations, run a safe and fair workplace and avoid lawsuits. It explains the latest laws concerning: -- hiring and firing -- personnel policies -- employee compensation and benefits -- discrimination -- workers' comp -- workplace health and safety -- family and medical leave -- and much more. The completely revised third edition expands its coverage of worker privacy rules, discusses when a psychological test of a job applicant may violate the Americans With Disabilities Act, provides updated information on training wages and rounding off hours worked, and trumpets the latest word from the U.S. Supreme Court on sexual harassment.

Loose-leaf for Employment Law for Business

The Employer's Legal Handbook

Law for Business and Personal Use

Readers who are majoring in business or another non-legal professions will find EMPLOYMENT AND LABOR LAW, 9E offers the ideal comprehensive introduction to employment and labor relations. This book uses excerpts from real law cases to illustrate how labor-related disputes arise and are resolved in the courts. Eye-opening features, such as The Working Law and Ethical Dilemmas, demonstrate how labor legislation and ethical decision-making impact employees at all levels -- from hourly workers to owners. Readers review the most up-to-date information on the NLRB and EEOC, the Fair Labor Standards Act, President Obama's executive orders regarding undocumented immigrants and LGBT rights, Obamacare, the Defense of Marriage Act, and other employee-benefits developments. This edition also addresses relevant issues, such as FLSA and NLRB rights for unpaid interns, teaching assistants, and student-athletes. No other book combines such balanced coverage with a reader-friendly approach. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Employment Law for Human Resource Practice

Small Business Employment Law For Dummies

Introduction to the Law and Legal System of the United States

In today's highly specialized business world, many organizations are outsourcing to strategic partners in an effort to cut costs while maintaining good customer relations. Because their reputation is on the line, these companies must carefully manage partnership agreements, e-procurement solutions, and integrated supply chains to meet the exacting expectations of customers. A strong contract management program is paramount to companies that outsource, paving the way to stronger and more efficient business relationships that enhance, rather than reduce, the bottom line. World Class Contracting can help you gain a thorough understanding of the contracting process. Whether you are buying or selling contracts, this book will prove an invaluable desktop resource. The Fourth Edition of World Class Contracting adds three powerful chapters to the book. The three new chapters include: The Contract Management Senior Executive Assessment Tool, the Contract Management Maturity Model (CMMM), and a comprehensive discussion of Enterprise Contract Management, including independent assessments of six of the leading Enterprise Contract Management Software Applications. In addition, the Fourth Edition includes: Expanded discussion of international contract management issues Expanded review of the leading Contract Management associations (NCMA, ISM, & IACCM) Updated discussions of contract management professional certifications Updated Contract Management Forms and Tools
