Which Degree Directory Series

AQA GCSE (9-1) Business

Distance & Supported Open Learning

This book meets all the assessment requirements of the AQA specification, however, it is also suitable for students following other specifications.

Business Studies for OCR GCSE

This textbook has been written specifically for the specification that will be taught in September 2009. Published in partnership with OCR and written by experienced authors and examiners, the text covers all elements of the specification, including examination advice and the practical skills requirements.

Business, Economics and Enterprise

Butterworth-Heinemann's Aircraft Engineering Principles and Practice Series provides students, apprentices and practicing aerospace professionals with the definitive resources to advance their aircraft engineering maintenance studies and

career. This book provides an introduction to the principles of communications and navigation systems. It is written for anyone pursuing a career in aircraft maintenance engineering or a related aerospace engineering discipline, and in particular will be suitable for those studying for licensed aircraft maintenance engineer status. The book systematically addresses the relevant sections (ATA chapters 23/34) of modules 11 and 13 of part-66 of the EASA syllabus. It is ideal for anyone studying as part of an EASA and FAR-147 approved course in aerospace engineering.

The Essentials of GCSE ICT

Exam Board: Edexcel Level: GCSE Subject: Business First Teaching: September 2017 First Exam: June 2019 Endorsed for Edexcel Let Ian Marcouse successfully steer you through the new specification with his proven and popular approach to Business; clear content coverage is enhanced by numerous real-life examples to create a course that engages, motivates and develops every student. - Breaks down the content of the 2017 specification into clear, accessible explanations of important concepts and theories - Helps students apply their knowledge to a range of real business examples, issues and contexts, supported by 'Talking Points' that encourage critical and commercial thinking - Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises - Builds students' confidence approaching their exams as they practise calculation, short answer and

extended-writing questions with stimulus materials - Boosts students' vocabulary and supports revision with definitions of key terminology for each topic

Business and Communication Systems

This is a new and essential text for students studying the new OCR GCSE Business Studies specification. It provides complete coverage of all elements of the revised specification including full and short courses, the options, key skills and coursework assignments.

Which degree, 1995

This book provides a timely and comprehensive overview of the introduction of LTE technology for PPDR communications. It describes the operational scenarios and emerging multimedia and data-centric applications in demand and discusses the main techno-economic drivers that are believed to be pivotal for an efficient and cost-effective delivery of mobile broadband PPDR communications. The capabilities and features of the LTE standard for improved support of mission-critical communications (e.g., proximity services, group communications) are covered in detail. Also, different network implementation options to deliver mobile broadband PPDR communications services over dedicated or commercial LTE-based networks are discussed, including the applicability of the Mobile Virtual Network Operator

(MVNO) model and other hybrid models. Radio spectrum matters are also discussed in depth, outlining spectrum needs and providing an outlook into allocated and candidate spectrum bands for PPDR communications and suitable dynamic spectrum sharing solutions in PPDR communications. Explanations are accompanied by a vast collection of references that allow the more intrigued reader to gain further insight into the addressed topics.

Business Communications Systems GCSE

An invaluable text for students of CCEA GCSE Business Studies, this textbook is also suitable for the business studies elements of CCEA GCSE Applied Business or Business and Communication Systems. - Text illustrated with examples based on current business practice in Northern Ireland - Topics encouraging discussion and debate - Activities allowing students to work at their own pace, ensuring a full understanding of each topic
