## **Hollow Pike**

During one month in the autumn of election year 2000, scores of movie-business strivers are focused on one goal: getting a piece of an elusive, but surely huge, television saga, the one that opens with Huns sweeping through Mongolia and closes with a Mormon diviner in the Las Vegas desert; the sure-to-please-everyone multigenerational TV miniseries about diviners, those miracle workers who bring water to perpetually thirsty (and hungry and love-starved) humankind. Among the wannabes: Vanessa Meandro, hot-tempered head of Means of Production, an indie film company; her harried and varied staff; a Sikh cab driver, promoted to the office of -theory and practice of TV; a bipolar bicycle messenger, who makes a fateful mis-delivery; two celebrity publicists, the Vanderbilt girls; a thriller writer who gives Botox parties; the daughter of an L.A. big-shot, who is hired to fetch Vanessa's Krispy Kremes and more; a word man who coined the phrase -- inspired by a true story; and a supreme court justice who wants to write the script. A few true artists surface in the course of Moody's rollicking but intricately woven novel, and real emotion eventually blossoms for most of Vanessa's staff at Means of Production, even herself. The Diviners is a cautionary tale about pointless ambition; a richly detailed look at the interlocking worlds of money, politics, addiction, sex, work, and family in modern America; and a masterpiece of comedy that will bring Rick Moody to a still higher level of appreciation.

## **All Men of Genius**

## **Bloodrose**

Fiction. "French philosophy forms a conceptual undercurrent for the book: the sophistic arguments of this super-sized Sartre harken back to the perverse enlightenment logic of Sade, and Zimmerman's prose sparkles when he engages Batialleian religious imagery (e.g., the 'porcine holocaust, ' or Eliot Greebee's meditations on death while floating drugged and naked upon the Atlantic). Zimmerman draws a charmingly puerile Eliot, unable to wait for a moment, philosophically unable to delay gratification, physically unable to resist consuming any potable on his person, whether candy, drugs, or alcohol. Eliot is completely

determined by consumer culture and dreams in 'richer colors, deep green the color of AstroTurf, purple like grape Bubble-Yum, orange like Orange Crush, red like Hawaiian Punch'"--Review of Contemporary Fiction

Thus begins a long, close friendship fraught with ambiguity and rivalry. Mr. Jamrach recruits the two boys to capture a fabled dragon during the course of a three-year whaling expedition. Onboard, Jaffy and Tim enjoy the rough brotherhood of sailors and the brutal art of whale hunting. They even succeed in catching the reptilian beast. But when the ship's whaling venture falls short of expectations, the crew begins to regard the dragon—seething with feral power in its cage—as bad luck, a feeling that is cruelly reinforced when a violent storm sinks the ship. Drifting across an increasingly hallucinatory ocean, the survivors, including Jaffy and Tim, are forced to confront their own place in the animal kingdom.
