and Tab is suddenly a member of the Human Rights Club. And then there's Bridge. She's started wearing cat ears and is the only one who's still tempted to draw funny cartoons on her homework. It's also the beginning of seventh grade for Sherm Russo. He wonders: what does it mean to fall for a girl—as a friend? By the time Valentine's Day approaches, the girls have begun to question the bonds—and the limits—of friendship. Can they grow up without growing apart? "Sensitively explores togetherness, aloneness, betrayal and love." —The New York Times A Boston Globe-Horn Book Honor Book for Fiction Named a Best Book of the Year by The New York Times, The Washington Post, The Wall Street Journal, The Boston Globe, The Guardian, NPR, and more!

Goodbye Winter, Hello Spring

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Goodbye Stranger

Set in Philadelphia during the Great Depression, this middle-grade historical novel tells the story of a twelve-year-old boy and his best friend as they attempt to stop a wall from being built at Shibe Park, home of the Philadelphia Athletics, that would block the view of the baseball field from their rooftops. In 1930s Philadelphia, twelve-year-old Jimmy Frank and his best friend Lola live across the street from Shibe Park, home of the Philadelphia Athletics baseball team. Their families and others on the street make extra money by selling tickets to bleachers on their flat rooftops, which have a perfect view of the field. However, falling ticket sales at the park prompt the manager and park owner to decide to build a wall that will block the view. Jimmy and Lola come up with a variety of ways to prevent the wall from being built, knowing that not only will they miss the view, but their families will be impacted from the loss of income. As Jimmy becomes more and more desperate to save their view, his dubious plans create a rift between him and Lola, and he must work to repair their friendship.

It's been a decade since Lynne Dorfman and Rose Cappelli wrote the first edition of *Mentor Texts* and helped teachers across the country make the most of high-quality children's literature in their writing instruction. In the second edition of this important book Lynne and Rose show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Lynne and Rose offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. Rose and Lynne write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.

The Absolutely True Diary of a Part-Time Indian

If you are a doctoral or non-doctoral student about to begin your internship in school psychology, you may have several questions about the process and what it will involve, and you may even be facing some anxiety about it. If you are a site or university supervisor preparing for the beginning of the internship year, you may be looking for ways to improve the internship experience for your students or for yourself and your fellow supervisors. Newman has used his many years of experience working with interns and field supervisors to create this guide to the school psychology internship process to address these common concerns. He provides a comprehensive overview of the school psychology internship process from start to finish, describing actions that can be taken to promote a high quality, dynamic internship experience. Emphasis is placed on the idea that the internship year is a dynamic and formative experience, not a static event, and that interns and supervisors both must be active planners, coordinators, and shapers of the experience. Each part of the book explores a different phase of the internship, from the first days through job applications and interviews. Helpful and pragmatic tools are included throughout, such as evaluation tools, best practice guidelines, and sample forms. Online resources are also available to complement the book and include reproducible material from the book, videos students can use to practice their interviewing skills, and links to helpful resources.

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband,

Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

The death of a child is a tragedy. When the cause is suicide, the tragedy is compounded. It's not easy to read about, or talk about, and yet it is so crucial that young adults who feel the world closing in know that ending their lives is not the answer. There are people who can help. There are people who care. A thirteen year old should be enjoying life, planning her future, anticipating the joys to come. Instead, and sadly for all who knew her, Hailee Joy Lamberth, chose a permanent solution to a temporary problem. Hailee was an A student, bubbling with enthusiasm and love for life. She danced, wrote poems, and attended classes for gifted students. She loved playing with her little brother, Jacob. They'd play hide and seek and she'd always hide in the same place so that Jacob would find her. But her favorite interaction with Jacob was when they rode the Ferris wheel together and got stuck at the top. Jacob was afraid, but Hailee reassured him. "We're practically in heaven," she tells him. "Well if we die," Jacob says, "At least we'll be

together.” When she was twelve years old, the bullying began. First it was a boy in math class who seemed to have a crush on her. When she rebuffed him, he started sending her mean notes, calling her names, and spreading rumors about her. Then it was a girl in P.E. who would crash into her when no one was looking. Hailee tried to avoid the bullies. She decided to drop out of the math class. She made excuses to her parents in order to escape, and her parents believed her. They didn’t know that her life was becoming unbearable. By the end of the school year, Hailee had begun to cut herself. It was her way of coping with the constant degradation. She overachieved in school in order to keep her parents from asking too many questions. A kid who is bullied often becomes an expert liar. In seventh grade, the bullying increased, growing like a cancer. Hailee kept up appearances to protect her parents and brother, but inside she was suffering. Two days after her thirteenth birthday, she succumbed to the pain. Hailee’s parents have decided to not allow her death to be in vain. By working with Zuiker Press to tell Hailee’s story as if she were able to tell it herself, they hope reach out to other young people in crisis, and show them that they do have options -- and to prevent them from bringing the excruciating pain of suicide to their families. Their hope is that by sharing Hailee’s story, they may prevent another young person from making a fatal choice. Goodbye: A Story of Suicide is the eighth in a series of graphic novels written by young adults for their peers.

There's a Boy in the Girls' Bathroom

A special 20th anniversary edition of the beloved international bestseller that changed millions of lives. Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class:" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

A Great Teacher

In the 1950s, a series of dams was proposed along the Brazos River in north-central Texas. For John Graves, this project meant that if the stream's regimen was thus changed, the beautiful and sometimes brutal surrounding countryside would also change, as would the lives of the people whose rugged ancestors had eked out an existence there. Graves therefore decided to visit that stretch of the river, which he had known intimately as a youth. *Goodbye to a River* is his account of that farewell canoe voyage. As he braves rapids and fatigue and the fickle autumn weather, he muses upon old blood feuds of the region and violent skirmishes with native tribes, and retells wild stories of courage and cowardice and deceit that shaped both the river's people and the land during frontier times and later. Nearly half a century after its initial publication, *Goodbye to a River* is a true American classic, a vivid narrative about an exciting journey and a powerful tribute to a vanishing way of life and its ever-changing natural environment. From the Trade Paperback edition.
