This comprehensive handbook is the ultimate reference work, providing authoritative and international overviews of all aspects of schools and schooling in Asia. Split into 19 sections it covers curriculum, learning and assessment, private supplementary tutoring, special education, gender issues, ethnic minority education and LGBTQI students in Asian schools. The volume displays the current state of the scholarship for schools and schooling in Asia including emerging, controversial and cutting-edge contributions using a thematic approach. The content offers a broad sweep of the region with a focus on theoretical, cultural and political issues as well as identifying educational issues and priorities, such as curriculum, assessment, teacher education, school leadership, etc., all of which impact students and learning in multiple ways. The Routledge International Handbook of Schools and

The Teaching of Mathematics in the Secondary School

Have you ever thought of volunteering to live and work in a developing country to really get to know the people, land and customs? This is the story of Norene's year of teaching in the northern part of Namibia in a village school, her work experiences and travel opportunities in this country and other countries in Africa. She fell in love with the students and adults. She gained valuable insights and left feeling she gained much more than she gave. It is an experience she will always treasure.
