Flowers by Rosie Sanders is a large-format book that showcases over 80 of her finest flower paintings in exquisite detail. Often compared to the artist Georgia O'Keeffe, Rosie Sanders's botanical paintings lie at the extreme end of botanical art – they exude dynamism and sensuality in every brushstroke and their richness of colour sets her apart from her contemporaries. In this beautifully illustrated book, Rosie exhibits a selection of flowers, from tulips to orchids, roses to irises, anemones to amaryllis, and illuminates them with fascinating and skillful uses of perspective and light. This large-format book showcases her finest paintings in exquisite detail and they are accompanied by excellent and accessible scientific commentary. Also included is an introduction by renowned Swiss botanist Dr. Andreas Honegger. This book is perfect for artists want to get a closer look at a master's brushstrokes, textures and colour in paintings, or readers who are interested in contemporary botanical art. Chapters include: 1. Diversity in the Garden 2. Dark Flowers: the Magic of Night 3. A Fascination of Orchids 4. Lilies in Spring 5. Varieties of Belladonna 6. In Search of the Black Iris.

This gorgeous and empowering picture book from award-winning author-illustrator Evan Turk paints the portrait of Marietta Barovier, the groundbreaking Renaissance artisan who helped shape the future of Venetian glassmaking. Marietta and her family lived on the island of Murano, near Venice, as all glassmakers did in the early Renaissance. Her father, Angelo Barovier, was a true maestro, a master of glass. Marietta longed to create gorgeous glass too, but glass was men's work. One day her father showed her how to shape the scalding-hot material into a work of art, and Marietta was mesmerized. Her skills

grew and grew. Marietta worked until she created her own unique glass bead: the rosetta. Small but precious, the beautiful beads grew popular around the world and became as valuable as gold. The young girl who was once told she could not create art was now the woman who would leave her mark on glasswork for centuries to come.
