The Essential Student Guide to Professional Photography

In my pantheistic view, the entire universe is the Supreme Being, an infinite, purposeful system of positive and negative forces which has always existed and always will, and each of us is that eternal being of light and darkness. In this book, I discuss the importance of balance and how it is the heart of the All and the secret of life. I discuss the needed balance between the atheists and the theists, between the capitalists and the socialists, between the Democrats and the Republicans, and between the government and the governed. I also discuss how neither science nor religion, independent of the other, can adequately explain the world and how ultimate truth will only arise when the scientific thinkers join forces with the spiritual thinkers. I created this book as a philosophical and spiritual guide for all those seeking truth. Inside, you will find my views on pantheism, metaphysics, science, technology, politics, and religion, along with samples of my artwork. (30 illustrations included).

Like Tiffany Haddish's *The Last Black Unicorn* or Mindy Kaling's *Is Everyone Hanging Out Without Me?* for the YA set, Akilah pens revealing and laugh-out-loud funny essays about her life, covering everything from her racist fifth grade teacher, her struggles with weight and acne, her failed attempts at joining the cheerleading team, how to literally get to New York (hint: for a girl on a budget, it may include multiple bus transfers) and exactly how to "make it" once you finally get there.
