Knapp's CONTEMPORARY AUDITING, 11E prepares readers for the challenging responsibilities faced in the public accounting profession. This casebook stresses the people aspect of independent audits. Readers learn how to avoid audit failures most often due to client personnel who intentionally subvert an audit or auditors who fail to carry out their responsibilities. A detailed review of problem audits helps readers recognize the red flags common to failed audits. Discussing and dissecting these challenges prepares readers to handle potential problematic situations in their own professional careers. Readers also acquire a higher-level understanding of auditing standards, ethical principles, audit procedures, and other issues related to independent auditing. By studying these topics in a real-world context, readers achieve a more in-depth, intuitive comprehension of auditing fundamentals, which translates into improved performance on the CPA exam and other professional examinations. Students interact with businesses every day where they work, where they shop, even where they blog. At the core of these businesses are rock-solid managerial accounting fundamentals that students don't always see. Authors Wendy Tietz, Karen Braun, and Walter Harrison show the connection between accounting concepts and the businesses students interact with in their new text, *Managerial Accounting*. By presenting the accounting decisions made in companies like Target and J. Crew, this text's precise coverage of the core concepts combined with the unlimited practice in MyAccountingLab, the text's market-leading online homework and tutorial program gets students engaged in the learning process. With *Managerial Accounting* and MyAccountingLab, students will have more "I Get It!" moments and leave the course with a rock-solid understanding of managerial accounting. For this edition, Wendy Tietz, of Kent State University, contributed as coauthor. Dr. Tietz is an award-winning and experienced accounting and technology educator. Together, the authors refined their philosophy for the end-of-chapter and supplementary material for the second edition. MyAccountingLab New Design is now available for this title! The Demo Docs System of instruction replicates the classroom experience by providing more “I get it” moments outside of class. We’ve talked to tons of POA instructors and our editors have even taken the accounting course (numerous times!) to figure out the following issue in this course that is consistent: & Students understand (or “get it”) right after you do a problem in class, but as soon as they leave class, with each passing hour, their ability to do the problems again and complete their homework diminishes to the point of them either having to come to office hours to get help, or they just quit and get behind in the course. & On top of this, you can end up getting behind in the course as well, in order to keep everyone on track. & The Demo Docs system helps to recreate the “I get it” moments outside of class-keeping both you and the students on track.

Financial & Managerial Accounting

This text is intended for a first course in introductory financial accounting. It was updated to reflect current International Financial Reporting Standards (IFRS). For example, it reflects the recent change in IAS38, para. 98, allowing the use of multiple methods in amortizing intangible assets. It focuses on core Introductory Financial Accounting topics that match pre-requisite requirements for students advancing to Intermediate Financial Accounting. Excluded are advanced topics that are covered in Intermediate Financial Accounting, such as leases and bond amortization. The text takes a corporate approach (vs. beginning with a sole proprietorship emphasis and then converting to a corporate approach); this consistency throughout the book reduces confusion for the introductory student. The book covers all essential topics: the accounting cycle, merchandising, assigning costs to inventory, cash and receivables, property, plant and equipment, debt financing, equity financing, statement of cash flows, financial statement analysis, and proprietorships and partnerships. Additionally, this
