Including two new chapters on Alex Honnold's free solo ascent of the iconic 3,000-foot El Capitan in Yosemite National Park. On June 3rd, 2017, Alex Honnold became the first person to free solo Yosemite's El Capitan—to scale the wall without rope, a partner, or any protective gear—completing what was described as "the greatest feat of pure rock climbing in the history of the sport" (National Geographic) and "one of the great athletic feats of any kind, ever" (New York Times). Already one of the most famous adventure athletes in the world, Honnold has now been hailed as "the greatest climber of all time" (Vertical magazine). Alone on the Wall recounts the most astonishing achievements of

Honnold's extraordinary life and career, brimming with lessons on living fearlessly, taking risks, and maintaining focus even in the face of extreme danger. Now Honnold tells, for the first time and in his own words, the story of his 3 hours and 56 minutes on the sheer face of El Cap, which Outside called "the moon landing of free soloing...a generation-defining climb. Bad ass and beyond words...one of the pinnacle sporting moments of all time."

The stories featured in Baja California Adventures take place during a span of almost sixty years of travel in the rugged, parched yet hauntingly attractive peninsula. The author kept detailed notes on most of his trips, then fleshed out this skeleton in a narrative which places the reader in the role of participant in the adventure. Thus one feels the bite of the 4WD tires into the desert sand, newly hard-packed by the moisture of a quick-moving

thunderstorm. The author describes the excitement of finding Indian petroglyphs, arrowheads or clay ollas in remote canyons. Because Mr. Tiscareo is also a pilot, many of the trips included here involve mention of the special immigration rules for private fly-in tourists. Finally, there are Baja Adventures in the pine-clad granite fortress that is the Sierra de San Pedro Martir in the northern part of the peninsula. Here, the author joined other veteran Bajeos in hoof-and-boot or horse-assisted explorations. In short, this book should be inspiration to those readers who want to visit Baja California, particularly the less tourist-trod destinations. Arm-chair travelers will derive vicarious pleasure without the effort of going there themselves.

Guitar Rhythm and Technique For Dummies

A New York Times Bestseller A dramatic, inspiring memoir by legendary rock climber Tommy Caldwell, the first person to free climb the Dawn Wall of Yosemite's El Capitan "The rarest of adventure reads: it thrills with colorful details of courage and

perseverance but it enriches readers with an absolutely captivating glimpse into how a simple yet unwavering resolve can turn adversity into reward.” —The Denver Post A finalist for the Boardman Tasker Award for Mountain Literature On January 14, 2015, Tommy Caldwell, along with his partner, Kevin Jorgeson, summited what is widely regarded as the hardest climb in history—Yosemite’s nearly vertical 3,000-foot Dawn Wall, after nineteen days on the route. Caldwell’s odds-defying feat was the culmination of an entire lifetime of pushing himself to his limits as an athlete. This engrossing memoir chronicles the journey of a boy with a fanatical mountain-guide father who was determined to instill toughness in his son to a teen whose obsessive nature drove him to the top of the sport-climbing circuit. Caldwell’s affinity for adventure then led him to the vertigo-inducing and little understood world of big wall free climbing. But his evolution as a climber was not without challenges; in his early twenties, he was held hostage by militants in a harrowing ordeal in the mountains of Kyrgyzstan. Soon after, he lost his left index finger in an accident. Later his wife, and main climbing partner, left him. Caldwell emerged from these hardships with a renewed sense of purpose and determination. He set his sights on free climbing El Capitan’s biggest, steepest, blankest face—the Dawn Wall. This epic assault took more than seven years, during which time Caldwell redefined the sport, found love again, and became a father. *The Push* is an arresting story of focus, drive, motivation, endurance, and transformation, a book that will appeal to anyone seeking to overcome fear and doubt, cultivate perseverance, turn failure into

growth, and find connection with family and with the natural world.

Women and Travel: Historical and Contemporary Perspectives is a fascinating look at the behavior, motivations, experiences, and needs of women as tourists and travellers, drawing on both historic and contemporary eras. Surprisingly little research has explored key issues, experiences, and opportunities in the context of women's travel. This revealing volume fills this gap, exploring the discourses, debates, and discussions about women, travel, and tourism. With an international roster of contributors from diverse regions of the world, the book celebrates a variety of women's voices. Khoo-Lattimore and Wilson deliberately sought to include nontraditional and non-Western perspectives on women's travel, with inclusions of Asian solo female travelers; Islamic women travellers and the constraints placed on them; and women who cannot travel (or choose, for whatever reason, a 'home holiday'). This enlightening volume brings together scholars from the broad areas of tourism, hospitality, geography, and leisure studies to examine how and why women travel. The chapters bring light to perspectives from different countries, cultures, backgrounds, and religions, and utilize different methods, approaches and styles of presentation. Women and Travel: Historical and

Contemporary Perspectives will be of interest to academics and graduate students from a range of disciplines, including tourism, leisure studies, sociology, cultural geography, anthropology, feminist and gender studies, business, economics and management; as well as professionals working in the tourism industry, particularly those with an interest in niche markets and segmentation.

Every March, the NCAA men's basketball tournament blankets newspapers and the Internet, and attracts millions of television viewers over the course of three weeks. Will a perennial favorite like Duke win? Or will it be a dark horse like Gonzaga? The phenomenon known as March Madness galvanizes a nation of viewers as few other sports events can. The reason? Bracketology. America eagerly watches as 64 teams become 32, then 16, then 8, then 4, then 2, and finally #1. Now it's time to use the same rigorous method for everything that really matters in culture, people, history, the arts and more. In *The Enlightened Bracketologist* the editors have organized the world's most haunting and maddeningly subjective questions into a scheme of binary pairings that finally reveal what is truly the best in its class: La Tache or Chateau Latour? (1) Barry Bonds or Terrell Owens? (2) "Vissi

(5) Two by two, The Enlightened Bracketologist pits our cultural mainstays against each other; only the finest survive. (FAQ). If the Beatles wrote the soundtrack of the swinging '60s, then the Eagles did the same for the cynical '70s. The story of the Eagles is also the story of most artists of their time: the drugs, the music, the excesses, and the piles of cash. But the Eagles took it to the limit. And in Don Henley and Glenn Frey they had two songwriters who intuitively understood and accurately portrayed the changing America they lived in. They perfected the California sound, shifted power from record company to artist, and pioneered album-oriented rock. Eagles songs of the period are as memorable as any ever written, and their most popular album, *Hotel California*, became a timeless record of '70s decadence. In *The Eagles FAQ*, music critic Andrew Vaughan brings an insider's view into

the various chapters of the group's fascinating history. He shows how they blended the best folk, rock, and country sounds of the '60s into a worldwide soundtrack of the '70s while challenging the industry status quo with a new business model. The story of their rise, fall, and rebirth is all here their mega-selling smashes, their tensions and breakups, the band members' solo work, and their triumphant reunion and continued place at the top of the rock-and-roll tree.
