From 1896 to 1935, the flamboyant and controversial Billy Sunday preached his version of the gospel to millions of people across the nation. In this nontraditional biography of the man regarded by his enthralled fans as God's unconventional messenger to a sinful world, the curator of the Billy Sunday Historic Site Museum recreates Sunday's life through a material culture lens. W. A. Firstenberger views the photographic record and the print record as well as the landscape, structure, and contents of the Sunday home in Winona Lake, Indiana, to give us an intimate view of Sunday and his family. Through an organizational scheme that incorporates memorabilia from childhood (samplers, Civil War badges), baseball (Billy's 1891 Philadelphia contract, scorecards), evangelism (cartoons, books such as Monkeys and Missing Links), social issues (KKK ads endorsing Sunday, his Women's Christian Temperance life membership certificate), life style (Arts and Crafts decorative pieces, extensive photos of the family's Mount Hood bungalow), and family relations (his personal possessions and those of his wife, Nell, and their children), In Rare Form brings together the inconsistencies between Sunday's material world and his spiritual world. Since Sunday might have objected to a materialistic analysis of his life, Firstenberger has allowed him a say: each section of the book begins with an apt quote from Sunday's sermons and writings. Firstenberger also includes appendixes providing detailed information on Sunday's revivals and speaking appearances, his 870,075 documented converts, the members of his evangelistic team, the overall structure of his family, and an extensive bibliography. Acknowledging Sunday's faults and contradictions alongside his heroic accomplishments, the author presents a wryly insightful and innovative perspective on this larger-than-life figure.

The popularity of The Seven Deadly Sins dates back to the 4th Century. They enjoyed tremendous notoriety during the period we call the Middle Ages. While the popular assortment of sins is not directly from scripture, they have been the subject of many a sermon, lecture, writing and art. In his book The Seven Deadly Sins: And Why We Love Them, Steinbacher examines each in detail. He gives examples of how they effect us and how we conduct ourselves in this world. Included in this book is Steinbacher's essay, An Angel In My Garden.

Maggie Smith-Bendell was born in a Somerset pea-field in 1941, the second of eight children in a Romani family. As a child, Maggie rode and slept in a horse-drawn wagon, picked hops and flowers, sat beside her father's campfire on ancient verges, poor but free to roam. As the twentieth century progressed, common land was fenced off and the traditional Gypsy ways disappeared. Eventually Maggie married a house-dweller and tried to settle for bricks and mortar, but she never lost the restless spirit, the deep love of the land and the gift of storytelling that were her Romani inheritance.

Diamonds are a multi-billion dollar business involving some of the world's largest mining companies, a million and a half artisanal diggers, more than a million cutters and polishers and a huge retail jewellery sector. But behind the sparkle of the diamond lies a murkier story, in which rebel armies in Angola, Sierra Leone and the Congo turned to diamonds to finance their wars. Completely unregulated, so-called blood diamonds became the perfect tool for money laundering, tax evasion, drug-running and weapons-trafficking. Diamonds brings together for the first time all aspects of the diamond industry. In it, Ian Smillie, former UN Security Council investigator and leading figure in the blood diamonds campaign, offers a comprehensive analysis of the history and structure of today's diamond trade, the struggle for effective regulation and the challenges ahead. There is, he argues, greater diversification and competition than ever before, but thanks to the success of the Kimberley Process, this coveted and prestigious gem now represents a fragile but renewed opportunity for development in some of the world's poorest nations. This part of the diamond story has rarely been told.

This is a multi-generational political history of the Hatoyamas, a family that has participated at the highest levels of Japan's parliamentary government from its inception in the late 1800s. The Hatoyama family is one of the most prominent political families in modern Japanese government. It has produced six members of the Diet, Japan's parliament, many of whom have served as cabinet members and party leaders. Due to the family's political legacy, they have often been likened to the Kennedy family in American politics (though they have been spared the tragedy and scandal visited upon the Kennedys). Despite the significance of the Hatoyamas to modern Japanese politics, this is the first comprehensive study available in English. In tracing the rising political fortunes of this family, it is also possible to study the role of hereditary politicians in Japan, the growth and evolution of Japanese political parties, and, perhaps most importantly, the way political leadership functions in Japan, a society known more for consensus-building than strong leaders.

Pilgrimage to Crete

Show biz memoir at its name-dropping, bridge-burning, profane best: the music industry's most outspoken, outrageous, and phenomenally successful executive delivers a rollicking memoir of pop music's heyday. During the 1970s and '80s the music business was dominated by a few major labels and artists such as Michael Jackson, Bruce Springsteen, the Rolling Stones, Bob Dylan, Billy Joel, Paul Simon, Barbra Streisand and James Taylor. They were all under contract to CBS Records, making it the most successful label of the era. And, as the company's president, Walter Yetnikoff was the ruling monarch. He was also the most flamboyant, volatile and controversial personality to emerge from an industry and era defined by sex, drugs and debauchery. Having risen from working-class Brooklyn and the legal department of CBS, Yetnikoff, who freely admitted to being tone deaf, was an unlikely label head. But he had an uncanny knack for fostering talent and intimidating rivals with his appalling behavior—usually fueled by an explosive combination of cocaine and alcohol. His tantrums, appetite for mind-altering substances and sexual exploits were legendary. In Japan to meet the Sony executives who acquired CBS during his tenure, Walter was assigned a minder who confined him to a hotel room. True to form, Walter raided the minibar, got blasted and, seeing no other means of escape, opened a hotel window and vented his rage by literally howling at the moon. In *Howling at the Moon*, Yetnikoff traces his journey as he climbed the corporate mountain, danced on its summit and crashed and burned. We see how Walter became the father-confessor to Michael Jackson as the King of Pop reconstructed his face and agonized over his image while constructing *Thriller* (and how, after it won seven Grammys, Jackson made the preposterous demand that Walter take producer Quincy Jones's name off the album); we see Walter, in maniacal pursuit of a contract, chase the Rolling Stones around the world and nearly come to blows with Mick Jagger in the process; we get the tale of how Walter and Marvin Gaye—fresh from the success of "Sexual Healing"—share the same woman, and of how Walter bonds with Bob Dylan because of their mutual Jewishness. At the same time we witness Yetnikoff's clashes with Barry Diller, David Geffen, Tommy Mottola, Allen Grubman and a host of others. Seemingly,

the more Yetnikoff feeds his cravings for power, sex, liquor and cocaine, the more profitable CBS becomes—from \$485 million to well over \$2 billion—until he finally succumbs, ironically, not to substances, but to a corporate coup. Reflecting on the sinister cycle that left his career in tatters and CBS flush with cash, Yetnikoff emerges with a hunger for redemption and a new reverence for his working-class Brooklyn roots. Ruthlessly candid, uproariously hilarious and compulsively readable, *Howling at the Moon* is a blistering *You'll Never Eat Lunch in this Town Again* of the music industry.

You're Learning All the Time

One man's quest to find the oldest Bible scrolls in the world and uncover the story of the brilliant, doomed antiquarian accused of forging them. In the summer of 1883, Moses Wilhelm Shapira—archaeological treasure hunter and inveterate social climber—showed up unannounced in London claiming to have discovered the oldest copy of the Bible in the world. But before the museum could pony up his £1 million asking price for the scrolls—which discovery called into question the divine authorship of the scriptures—Shapira's nemesis, the French archaeologist Charles Clermont-Ganneau, denounced the manuscripts, turning the public against him. Distraught over this humiliating public rebuke, Shapira fled to the Netherlands and committed suicide. Then, in 1947 the Dead Sea Scrolls were discovered. Noting the similarities between these and Shapira's scrolls, scholars made efforts to re-examine Shapira's case, but it was too late: the primary piece of evidence, the parchment scrolls themselves had mysteriously vanished. Tigay, journalist and son of a renowned Biblical scholar, was galvanized by this peculiar story and this indecipherable man, and became determined to find the scrolls. He sets out on a quest that takes him to Australia, England, Holland, Germany where he meets Shapira's still aggrieved descendants and Jerusalem where Shapira is still referred to in the present tense as a "Naughty boy". He wades into museum storerooms, musty English attics, and even the Jordanian gorge where the scrolls were said to have been found all in a tireless effort to uncover the truth about the scrolls and about Shapira, himself. At once historical drama and modern-day mystery, *The Lost Book of Moses* explores the nineteenth-century disappearance of Shapira's scrolls and Tigay's globetrotting hunt for the ancient manuscript. As it follows Tigay's trail to the truth, the book brings to light a flamboyant, romantic, devious, and ultimately tragic personality in a story that vibrates with the suspense of a classic detective tale.

In Purpose, world-renowned thought leader Nikos Mourkogiannis turns the entire idea of leadership on its head and shows that the choice between values and success is no choice at all. Mourkogiannis argues that companies must satisfy the need for purpose—a set of values that defines an organization and inspires and motivates its employees. Rather than organization and structure, ideas are what cause companies to go from good to great. Drawing on examples from across multiple industries, Mourkogiannis demonstrates how a strong purpose is the essential first step toward lasting success.

The Seven Rays

An extraordinary, powerful connection exists between feeling and feeding that, if damaged, may lead to one relying on food for emotional support, rather than seeking authentic happiness. This unique workbook takes on the seven emotions that plague problem eaters — guilt, shame, helplessness, anxiety, disappointment, confusion, and loneliness — and shows readers how to embrace and learn from their feelings. Written with honesty and humor, the book explains how to identify and label a specific emotion, the function of that emotion, and why the emotion drives food and eating problems. Each chapter has two sets of exercises: experiential exercises that relate to emotions and eating, and questionnaires that provoke thinking about and understanding feelings and their purpose. Supplemental pages help readers identify emotions and chart emotional development. The final part of the workbook focuses on strategies for disconnecting feeling from food, discovering emotional triggers, and using one's feelings to get what one wants out of life.

As Scottish Correspondent for Earthmovers Magazine, David Wylie has enjoyed privileged access to the mines, quarries, road projects and forestry sites across Scotland. On his visits he has seen some of the biggest and arguably the best, earthmoving machinery in the world, in action. Earthmovers in Scotland brings together 32 of David's reports from these visits to tell the story of the highly skilled, experienced owners, drivers and managers that work with earthmoving equipment and explains why they select, maintain and operate these machines. The book features some of the largest earthmovers in the UK, such as Caterpillar's D11R bulldozer, Liebherr's massive 320 tonne R9350s and the mighty 520 tonne Q&K RH200 at Banks Mining Shotton surface mine in Northumberland, a short hop over the Scottish border. It also takes a look at a 1.5 tonne mini digger, special trailers that can lift and transport 1800 tonne bridges into position, and covers Demag's H485 record breaking mining shovel amongst others. Taking pride of place in the book are over 400 stunning photographs, many of which have not been seen before and many of which feature machines that were the first of their kind. Each high quality photo has been carefully composed to capture each machine in all its power and brilliance with the spectacular Scottish scenery as a backdrop and 80 of the most important and detailed images are presented as double pages to help you get close to the action. This beautiful book sets out to provide its owner with a comprehensive look at Scottish earthmovers scene, and will be of interest to enthusiasts, owners, drivers and site managers worldwide.

Behind Putin's Curtain

In his most profound and accomplished book to date, acclaimed author Bruce Wagner breaks from Hollywood culture with a novel of exceptional literary dimension and searing emotional depth. Joan Herlihy is a semi-successful architect grasping at the illustrious commission that will catapult her to international renown, glossy décor magazines, and the luxe condo designs of Meier, Koolhaas, and Hadid: the incestuous cult of contemporary Starchitects. Unexpectedly, she finds her Venice Beach firm on the short list for a coveted private memorial -- a Napa billionaire's vanity tribute to relatives killed in the Christmas tsunami -- with life-changing consequences. Her brother Chester clings to a failing career as a location scout before suffering an accidental injury resulting from an outrageous prank; the tragicomic repercussions lead him through a maze of addiction, delusion, paranoia -- and ultimately, transcendence. Virtually abandoned by her family, the indomitable Marjorie Herlihy -- mother, widow, and dreamer -- falls prey to a confidence scheme dizzying in its sadism and complexity. And unbeknownst to Marj and her children, the father who disappeared decades ago is alive and well nearby, recently in the local news for reasons that will prove to be both his redemption and his undoing. Spiraling toward catastrophe, separate lives collide as family members make a valiant attempt to reunite and create an enduring legacy. To rewrite a ruined American dream. Deeply compassionate and violently irreverent, Memorial is a testament to faith and forgiveness, and a luminous tribute to spirituality in the twenty-first century. With an unflinching eye on a society ruptured by natural and unnatural disaster, and an insatiable love for humanity, Wagner delivers a masterpiece.
