Find Legal Resources Home | Law Library of Congress

Most legal research involves state statutes rather than federal statutes because states have the sole power to make the law in many areas, such as child custody, divorce, landlord-tenant, small business, personal injury, and wills and trusts. A growing number of legal areas are covered by both state and federal statutes, including consumer

LII / Legal Information Institute

legal research: an overviewThe purpose of legal research is to find "authority" that will aid in finding a solution to a legal problem. Primary authorities are the rules of law that are binding upon the courts, government, and individuals. Examples are statutes, regulations, court orders, and court decisions. They are generated by legislatures, courts, and administrative agencies.
