About the Novel: Lord of the Flies, written by Nobel Prize-winner William Golding, is a story about a group of boys stranded on a deserted island, who must establish order amongst themselves. Shortly after crashing onto a deserted island, a group of pre-adolescent boys form a community, electing Ralph to be their leader. As his first act, Ralph proclaims the boys will have fun and keep the signal fire going. All is well until thirst for power draws one boy to form his own tribe of "savages". Armed with the fear of a fictitious beast, this group of boys descends into further savagery with sacrifice and death. The story reaches its climax as the beast is revealed to be within each boy's heart, and Ralph is forced to flee for his survival. Lord of the Flies is a classic tale of the downfall of humanity and loss of innocence. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

### The Coral Island

Astrid Jones desperately wants to confide in someone, but her mother's pushiness and her father's lack of interest tell her

they're the last people she can trust. Instead, Astrid spends hours lying on the backyard picnic table watching airplanes fly overhead. She doesn't know the passengers inside, but they're the only people who won't judge her when she asks them her most personal questions . . . like what it means that she's falling in love with a girl. As her secret relationship becomes more intense and her friends demand answers, Astrid has nowhere left to turn. She can't share the truth with anyone except the people at thirty thousand feet, and they don't even know she's there. But little does Astrid know just how much even the tiniest connection will affect these strangers' lives--and her own--for the better. In this truly original portrayal of a girl struggling to break free of society's definitions, Printz Honor author A.S. King asks readers to question everything--and offers hope to those who will never stop seeking real love.

## **Lord of the Flies**

Epstein shows that our teens are highly capable and argues strongly against infantilizing young people.

## **William Golding**

The sole survivor of a torpedoed destroyer is miraculously cast up on a huge, barren rock in mid-Atlantic. Pitted against him are the sea, the sun, the night cold, and the terror of his isolation. At the core of this raging tale of physical and psychological violence lies Christopher Martin's will to live as the sum total of his life.

## **Telling the Truth**

A comprehensive and moving biography of Max Jacob, a brilliant cubist poet who lived at the margins of fame. Though less of a household name than his contemporaries in early twentieth century Paris, Jewish homosexual poet Max Jacob was Pablo Picasso's initiator into French culture, Guillaume Apollinaire's guide out of the haze of symbolism, and Jean Cocteau's loyal friend. As Picasso reinvented painting, Jacob helped to reinvent poetry with compressed, hard-edged prose poems and synapse-skipping verse lyrics, the product of a complex amalgamation of Jewish, Breton, Parisian, and Roman Catholic influences. In Max Jacob, the poet's life plays out against the vivid backdrop of bohemian Paris from the turn of the twentieth century through the divisions of World War II. Acclaimed poet Rosanna Warren transports us to Picasso's ramshackle studio in Montmartre, where Cubism was born; introduces the artists gathered at a seedy bar on the left bank, where Max would often hold court; and offers a front-row seat to the artistic squabbles that shaped the Modernist movement. Jacob's complex understanding of faith, art, and sexuality animates this sweeping work. In 1909, he saw a vision of Christ in his shabby room in Montmartre, and in 1915 he converted formally from Judaism to Catholicism—with Picasso as his godfather. In his later years, Jacob split his time between Paris and the monastery of Benoît-sur-Loire. In

February 1944, he was arrested by the Gestapo and sent to Drancy, where he would die a few days later. More than thirty years in the making, this landmark biography offers a compelling, tragic portrait of Jacob as a man and as an artist alongside a rich study of his groundbreaking poetry—in Warren’s own stunning translations. Max Jacob is a nuanced, deeply researched, and essential contribution to Modernist scholarship.

The boy with fair hair lowered himself down the last few feet of rock and began to pick his way towards the lagoon. Though he had taken off his school sweater and trailed it now from one hand, his grey shirt stuck to him and his hair was plastered to his forehead. All round him the long scar smashed into the jungle was a bath of heat. He was clambering heavily among the creepers and broken trunks when a bird, a vision of red and yellow, flashed upwards with a witch-like cry; and this cry was echoed by another.

Of all the questions we ask about our calling, this is the most difficult. From marriages to international relations, the more we know, the harder it is to love. We become cynics or stoics, protecting our hearts from the implications of what we know. But what if the vision of vocation can be recovered—allowing us to step into the wounds of the world and for love's sake take up our responsibility for the way the world turns out? For decades Steve Garber has come alongside a wide range of people as they seek to make sense of the world and their lives. With him we meet leaders from the Tiananmen Square protest who want a good reason to still care about China. We also meet with many ordinary people in ordinary places who long for their lives to matter: Jonathan who learned he would rather build houses than study history Todd and Maria who adopted creative schedules so they could parent better and practice medicine D.J. who helped Congress move into the Internet Age Robin who spends her life on behalf of urban justice Hans who makes hamburgers the way they are meant to be made Susan who built a home business of hand-printing stationary using a letterpress Santiago who works with majority-world nations in need of capital George who has given years to teaching students to learn things that matter most Claudius and Deirdre whose openhearted home has always been a place for people Dan who loves Wyoming, the place, its people and its cows Vocation is when we come to know the world in all its joy and pain and still love it. Vocation is following our calling to seek the welfare of the world we live in. And in helping the world to flourish, strangely, mysteriously, we find that we flourish too. Garber offers a book for everyone everywhere—for students, for parents, for those in the arts, in the academy, in public service, in the trades and in commerce—for all who want to discover the virtue of vocation.

## **Pincher Martin**

In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become *Lord of the Flies*, a book that would sell in the millions and bring Golding worldwide recognition. Golding went on to become one of the most popular and influential British authors to have emerged since World War II. He received the Booker Prize for the novel *Rites of Passage* in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the Castle Rock in *Lord of the Flies* continues to inspire him, so much so that he named his entertainment company

after it and has placed the Golding novel prominently in his novels *Hearts in Atlantis* and *Cujo*. Golding has been called a British Vonnegut—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding's family, Carey uses hundreds of letters, unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.

This volume deals with the varied forms of shame reflected in biblical, theological, psychological and anthropological sources. Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior, recent scholarship has discovered the crucial relevance of social shame evoked by mental status, adversity, slavery, abuse, illness, grief and defeat. Anthropologists, sociologists, and psychologists have discovered that unresolved social shame is related to racial and social prejudice, to bullying, crime, genocide, narcissism, post-traumatic stress and other forms of toxic behavior. Eleven leaders in this research participated in a conference on The Shame Factor, sponsored by St. Mark's United Methodist Church in Lincoln, NE in October 2010. Their essays explore the impact and the transformation of shame in a variety of arenas, comprising in this volume a unique and innovative resource for contemporary religion, therapy, ethics, and social analysis.

'the folly isn't mine. It's God's Folly. Even in the old days He never asked men to do what was reasonable. Men can do that for themselves. They can buy and sell, heal and govern. But then out of some deep place comes the command to do what makes no sense at all - to build a ship on dry land; to sit among the dunghills; to marry a whore; to set their son on the altar of sacrifice. Then, if men have faith, a new thing comes.' Dean Jocelin has a vision: that God has chosen him to erect a great spire on his cathedral. His mason anxiously advises against it, for the old cathedral was built without foundations. Nevertheless, the spire rises octagon upon octagon, pinnacle by pinnacle, until the stone pillars shriek and the ground beneath it swims. Its shadow falls ever darker on the world below, and on Dean Jocelin in particular.
