Early Medieval Indian Society (pb)

A thrilling new series soars above the competition and redefines middle-grade fantasy fiction for a new generation! The seven dragon tribes have been at war for generations, locked in an endless battle over an ancient, lost treasure. A secret movement called the Talons of Peace is determined to bring an end to the fighting, with the help of a prophecy--a foretelling that calls for great sacrifice. Five dragonets are collected to fulfill the prophecy, raised in a hidden cave and enlisted, against their will, to end the terrible war. But not every dragonet wants a destiny. And when the select five escape their underground captors to look for their original homes, what has been unleashed on the dragon world may be far more than the revolutionary planners intended This must-have collection includes the first three novels in the Wings of Fire series: * Wings of Fire Book One: The Dragonet Prophecy *Wings of Fire Book Two: The Lost Heir *Wings of Fire Book Three: The Hidden Kingdom

Architectural Character & the History of Architecture

Investing in the stock market is challenging, as the market dynamics are unpredictable. Analysts, brokers and retail investors realize to their dismay that investments do well, but investors don't do well. What could be the reasons behind this? What goes on in an investor's mind? What makes a stock market bubble? How does it burst? How does one find the right strategy of investing? Intrigued by these pertinent questions, Parag Parikh, a seasoned broker and expert, took up this

daunting task of understanding and demystifying investing in the stock market. Stocks to Riches is a distillate of his experience. It simplifies investing in stocks and provides key perspectives for a lay investor venturing into the market. At the end of the day, Stocks to Riches helps the retail investor make money by following the time-tested and proven guidelines provided in the book. A must read for brokers, analysts and retail investors.

Wings of Fire 1: The Dragonet Prophecy

The more modern culture shines its light on sex, the longer the shadow it casts. This shadow is commercialism, pornography and shame. This approach to sexuality distorts it to create performance pressure, increasing numbers of sexual 'dysfunctions' and a fundamental disconnect from ourselves and others. Yet sexuality is one of the most important paths to happiness, simply because it requires us to engage all the other aspects of ourselves. To have deeply satisfying sex we must engage the mind, the body and our feelings. Real Sex will show you how almost everything that our society has tried to teach you about your sexuality is misleading or simply wrong. Real Sex is a journey into the heart of your sexual self; a way of creating meaningful and fulfilling intimacy. It sets out seven keys that will teach you how to love and accept your mind, body, feelings, desires and sexuality at a deeper level, leaving behind feelings of guilt, insecurity and shame. Real Sex offers a new, integrated idea of sexuality that holds a positive perspective of the sexual beings that we are; longing for intimacy and aliveness that we know deep down makes our lives meaningful.

Once Upon a Tower

From a onetime white-supremacist leader now working to disengage people from extremist movements, Breaking Hate is a "riveting" (James Clapper), "groundbreaking" (Malcolm Nance), "horrifying [but] hopeful" (S.E. Cupp) exploration of how to

heal a nation reeling from hate and violence. Today's extremist violence surges into our lives from what seems like every direction -- vehicles hurtling down city sidewalks; cyber-threats levied against political leaders and backed up with violence; automatic weapons unleashed on mall shoppers, students, and the faithful in houses of worship. As varied as the violent acts are the attackers themselves -- neo-Nazis, white nationalists, the alt-right, InCels, and Islamist jihadists, to name just a few. In a world where hate has united communities that traffic in radical doctrines and rationalize their use of violence to rally the disaffected, the fear of losing a loved one to extremism or falling victim to terrorism has become almost universal. Told with startling honesty and intimacy, *Breaking Hate* is both the inside story of how extremists lure the unwitting to their causes and a guide for how everyday Americans can win them-and our civil democracy-back. Former extremist Christian Picciolini unravels this sobering narrative from the frontlines, where he has worked for two decades as a peace advocate and "hate breaker." He draws from the firsthand experiences of extremists he has helped to disengage, revealing how violent movements target the vulnerable and exploit their essential human desires, and how the right interventions can save lives. Along the way, Picciolini solves the puzzle of why extremism has come to define our era, laying bare the ways in which modern society-from "fake news" and social media propaganda to coded language and a White House that inflames rather than heals-has polarized and radicalized an entire generation. Piercing, empathetic, and unrestrained, *Breaking Hate* tells the sweeping story of the challenge of our time and provides a roadmap to overcoming it.

Pro Tools 101

For the past 35 years, Scott Mandel has been teaching students in an urban Los Angeles school district. In addition, he instructs teachers in professional development courses. In those classes, he's known for telling stories--stories gleaned from his time spent in the classroom. *Classrooms in the Real World* is a collection of many of those stories, presented as a set of teachable moments--a practical how-to book for new teachers, one based on interacting with kids on a daily basis. Rather than providing educational theories about what should be, Mandel shares real-life stories of how to relate to your students, administrators and parents, along with his thoughts on how to deal with the multiple curricular and classroom challenges that all teachers face in the real world. Chapters such as "Kids Don't Care How Much You Know As Long As They Know You Care," "Take Curricular Chances," "Administrators Want You To Succeed," "Keeping My Sanity All These Years," and "What Have I Learned" will give you the reader practical ideas, philosophies and encouragement from a long-time classroom teacher, someone still in the classroom sharing the lived experience of teaching in today's school environment. Perfect for courses such as: Introduction to Teaching, Classroom Management, Student Teaching

Classrooms in the Real World

Remote Sensing and GIS 2e is a comprehensive textbook specially designed to meet the requirements of undergraduate courses in civil, geoinformatics/geomatics, geotechnical, survey, and environmental engineering. It will equally meet the requirements of undergraduate courses in geological science, environmental science, earth sciences, geography, geophysics, earth resources management, environmental management, and disaster management.

The Tortured Rake (Bad Blood, Book 1)

In a distant past, during the dawn of civilization, a group known as the Guardians seek to gather and destroy forever the Royal Stones of Eden and their power to control time and space and spirit. Legends of the past collide with each other as the secrets of ancient elements are discovered and explored by several time travelers as they travel through a land of fantasy, magic, and intrigue. Journey to Wales, Egypt, and to the time of the Old American West and the rule of King Arthur. The elements of mystery, sci-fi, and suspense combine to make this time-travel thriller a captivating voyage through history. A mystical tale from the dawn of time all the way to the modern day. Follow Mattie and David as they learn about the Royal Stones of Eden, and they discover hidden truths about themselves.!

Remote Sensing and GIS

Breaking Hate

In this stunning follow-up to his best-selling book, *The Five Temptations of a CEO*, Patrick Lencioni offers up another leadership fable that's every bit as compelling and illuminating as its predecessor. This time, Lencioni's focus is on a leader's crucial role in building a healthy organization--an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as the frustrated head of one consulting firm faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about leadership itself. In the story's telling, Lencioni helps his readers understand the disarming simplicity and power of creating organizational health, and reveals four key disciplines that they can follow to achieve it.

PRO TOOLS 101: AN INTRODUCTION TO PRO TOOLS 11 is the best way to learn Pro Tools--the world's most popular

recording and mixing software. As the official training package used in first-level certification courses for Pro Tools operators, PRO TOOLS 101 offers a thorough, systematic introduction to the fundamentals of the software. Fully updated to cover the latest Pro Tools release, version 11, this new edition of PRO TOOLS 101 quickly and effectively brings new users up to speed on the basics, from understanding the Pro Tools file structure and interface to creating a session, recording audio and MIDI, importing media, editing, mixing, and more. The book includes step-by-step projects, with accompanying source files on DVD, that drive home the lessons and help you lay the foundation for becoming a Pro Tools expert. Whether you're learning on your own or pursuing formal Pro Tools certification through an Avid Authorized Training Partner, PRO TOOLS 101: AN INTRODUCTION TO PRO TOOLS 11 is the first step on the road to mastery of Pro Tools 11.

Wings of Fire Collection

In the tradition of the Sherlock Holmes mysteries comes The Mysteries of Maisie Hitchens! Twelve-year-old Maisie is a noticing sort of person. That's why she is convinced she would make an excellent detective if she ever got the chance! But instead of detecting, she spends her days polishing the banisters at her grandmother's boarding house or fetching fish for the lodgers' dinner. In The Case of the Stolen Sixpence, Maisie's big chance to prove herself finally arrives when crime strikes her Victorian London neighborhood. While the grown-ups turn a blind eye to the whodunit and justice goes unserved, Maisie and her canine sidekick, Eddie, search the streets for clues to crack the case. This first book in a series features black and white illustrations and a rollicking mystery complete with tricks, disguises, danger, and a little dog too!

Learning Mastercam Mill Step by Step

Multivariable Mathematics combines linear algebra and multivariable mathematics in a rigorous approach. The material is integrated to emphasize the recurring theme of implicit versus explicit that persists in linear algebra and analysis.

Stocks to Riches: Insights on Investor Behavior

With new, full-color photos and design, expanded information, and updates on technological advances in finishing, The New Wood Finishing Book is a must-have reference. If you finish wood, you'll want to own the updated and completely revised version of the highly acclaimed The Woodfinishing Book. Michael Dresdner, a nationally known finishing expert with over 20 years of experience in the field, focuses on finishes that amateur woodworkers and finishers use -- not fussy, unattainable finishes. He successfully demystifies the art and science of finishing with clear and up-to-date information, including coverage of spray finishing and the new generation of water-based finishes. Insightful Q&As provide answers to the most common finishing questions, and amusing "finishing tales" show the lighter side of finishing challenges. The original book is

considered the definitive resource on finishing. But this new edition is even better.

Measures for Research and Evaluation in the English Language Arts

This is an illustrated technical guide to the Boeing 737 aircraft. Containing extensive explanatory notes, facts, tips and points of interest on all aspects of this hugely successful airliner and showing its technical evolution from its early design in the 1960s through to the latest advances in the MAX. The book provides detailed descriptions of systems, internal and external components, their locations and functions, together with pilots notes and technical specifications. It is illustrated with over 500 photographs, diagrams and schematics. Chris Brady has written this book after many years developing the highly successful and informative Boeing 737 Technical Site, known throughout the world by pilots, trainers and engineers as the most authoritative open source of information freely available about the 737.

Multivariable Mathematics

A practical course in the fundamentals of machinery diagnostics for anyone who works with rotating machinery, from operator to manager, from design engineer to machinery diagnostician. This comprehensive book thoroughly explains and demystifies important concepts needed for effective machinery malfunction diagnosis: (A) Vibration fundamentals: vibration, phase, and vibration vectors. (B) Data plots: timebase, average shaft centerline, polar, Bode, APHT, spectrum, trend XY, and the orbit. (C) Rotor dynamics: the rotor model, dynamic stiffness, modes of vibration, anisotropic (asymmetric) stiffness, stability analysis, torsional and axial vibration, and basic balancing. Modern root locus methods (pioneered by Walter R. Evans) are used throughout this book. (D) Malfunctions: unbalance, rotor bow, high radial loads, misalignment, rub and looseness, fluid-induced instability, and shaft cracks. Hundreds of full-color illustrations explain key concepts, and several detailed case studies show how these concepts were used to solve real machinery problems. A comprehensive glossary of diagnostic terms is included.

The Boeing 737 Technical Guide

A dark, riveting, and lightning fast novel of murder, intrigue, and political corruption, set in 1936 Hungary during the rise of Adolph Hitler and the Nazis in Germany, Budapest Noir marks the emergence of an extraordinary new voice in literary crime fiction, Vilmos Kondor. Kondor's remarkable debut brings this European city to breathtaking life—from the wealthy residential neighborhoods of Buda to the slums of Pest—as it follows crime reporter Zsigmond Gordon's investigation into the strange death of a beautiful woman. As Gordon's search for the truth leads him to shocking revelations about a seedy underground crime syndicate and its corrupt political patrons, Budapest Noir will transport you to a dark time and place, and hold you there spellbound until the final page is turned.

Five dragonets are enlisted, against their will, to end the terrible war. But when they escape their prison, the result may be more than intended . . .

Real Sex

This unique text presents a thorough introduction to Mastercam Mill for students with little or no prior experience. It can be used in virtually any educational setting -- from four-year engineering schools to community colleges and voc/tech schools to industrial training centers -- and will also serve as a reliable reference for on-the-job use or as a self-study manual. The award-winning authors have carefully arranged the contents in a clear and logical sequence and have used many hundreds of visuals instead of wordy explanations. An enclosed CD contains Mastercam Demo V. 9 and also includes examples and exercises from the text for student practice. Learning Mastercam Mill Step by Step is sure to become a valuable resource for anyone learning or using Mastercam Mill overwhelmingly, the leading software of its type in industry.

Manual Therapy for the Peripheral Nerves

The book analyses the transition from the ancient to the medieval period in polity, economy, the caste system and culture. It examines the form of peasant protest and the reasons for their failure and infrequency. The author also examines the development of tantrism and the mentality that feudalism created.

Oral Sex She'll Never Forget

"This book shows the important role that manual therapy plays in releasing pain conditions caused by the dysfunction of the peripheral nerves. It is written in an instructive, detailed and easily accessible style and will be useful to all those who wish

to improve their manual skills and add an important new dimension to their practice."--BOOK JACKET.

Wild and Sexy

Talbot explains the reasons why so many women are disappointed with their sex lives and shows them how to transform their sexual experience. Both beautiful and informative, the book offers stylish nude photos that amplify the literature and create a stimulating reading experience.

The Boots My Mother Gave Me

Once upon a time... A duke fell in love Gowan Stoughton of Craigievar, Duke of Kinross, values order and self-control above all else. So when he meets a lady as serene as she is beautiful, he promptly asks for her hand in marriage. With a lady Edie—whose passionate temperament is the opposite of serene—had such a high fever at her own debut ball that she didn't notice anyone, not even the notoriously elusive Duke of Kinross. When her father accepts his offer... she panics. And when their marriage night isn't all it could be, she pretends. In a tower. But Edie's inability to hide her feelings makes pretending impossible, and when their marriage implodes, she retreats to a tower—locking Gowan out. Now Gowan faces his greatest challenge. Neither commands nor reason work with his spirited young bride. How can he convince her to give him the keys to the tower... When she already has the keys to his heart?

Fundamentals of Rotating Machinery Diagnostics

Artificial Intelligence Foundations

Presents an introduction to the geological and fossil remains of the past, discussing the origins of life, the process of evolution, the dating of each period of time, and the different types of plant and animal fossils that have been found.
