### **The Big Shoot Out**

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

wants us to know. We know that the man behind the smile overcame a tough childhood to star in astonishing array of blockbusters: Top Gun, Rain Man, Born on the Fourth of July, A Few Good Men, Jerry Maguire, several Mission: Impossible movies, and more. We know he has taken artistic chances, too, earning him three Academy Award and Golden Globe nominations. But beyond that, the picture becomes a bit less clear We know that Tom is a devoted follower of the Church of Scientology. We know that, despite persistent rumors about his sexuality, he has been married to Mimi Rogers, Nicole Kidman, and Katie Holmes. But it was not until he jumped on Oprah's couch to proclaim his love for Katie and denounced Brooke Shields for turning to the "Nazi science" of psychiatry that we began to realize how much we did not know about the charming, hardworking star. For all the headlines and the rumors, the real Tom Cruise has remained surprisingly hidden—until now.

In this dramatic journey through religious and artistic history, R. A. Scotti traces the defining event of a glorious epoch: the building of St. Peter's Basilica. Begun by the ferociously ambitious Pope Julius II in 1506, the endeavor would span two tumultuous centuries, challenge the greatest Renaissance masters—Michelangelo, Raphael, and Bramante—and enrage Martin Luther. By the time it was completed, Shakespeare had written all of his plays, the Mayflower had reached Plymouth—and Rome had risen with its astounding basilica to become Europe's holy metropolis. A dazzling portrait of human achievement and excess, Basilica is a triumph of historical writing.

"A thunderclap of originality, here is a fresh voice and fresh take on one of the oldest stories we tell about ourselves as Americans and Westerners. It's riveting in all the right ways -- a damn good read that stayed with me long after closing the covers." - Timothy Egan, New York Times bestselling author of The Worst Hard Time From a blazing new voice in fiction, a gritty and lyrical American epic about a young woman who disguises herself as a boy and heads west In the spring of 1885, seventeen-year-old Jessilyn Harney finds herself orphaned and alone on her family's homestead. Desperate to fend off starvation and predatory neighbors, she cuts off her hair, binds her chest, saddles her beloved mare, and sets off across the mountains to find her outlaw brother Noah and bring him home. A talented sharpshooter herself, Jess's quest lands her in the employ of the territory's violent, capricious Governor, whose militia is also hunting Noah--dead or alive. Wrestling with her brother's outlaw identity, and haunted by questions about her own, Jess must outmaneuver those who underestimate her, ultimately rising to become a hero in her own right. Told in Jess's wholly original and unforgettable voice, Whiskey When We're Dry is a stunning achievement, an epic as expansive as America itself--and a reckoning with the myths that are entwined with our history.

La Llorona, "the weeping woman," is as well known to the descendants of the Spaniards in the Hispanic world as the "bogeyman" is to many Anglo cultures. In this book of nearly fifty stories told by people from the Southwestern U.S., the dozens of descriptions of La Llorona include a creature nine feet tall and floating across a creek, a ball of fire rolling in your direction, and a gnomish little person with warts on her nose. No matter what she looks like, she nearly always manages to terrorize her wayward victims into changing their ways. Judith S. Beatty is a 30-year resident of New Mexico who first heard La Llorona on the Santa Fe River in 1974. In addition to compiling and editing these stories, she authored a screenplay in 1992 that became the video, "La Llorona." She is a freelance and technical writer and is at work on a second book of La Llorona tales with co-editor Edward Garcia Kraul.
