Africa, the second-largest continent, is bounded by the Mediterranean Sea, the Red Sea, the Indian Ocean, and the Atlantic Ocean. It is divided in half almost equally by the Equator. Africa's physical geography, environment and resources, and human geography can be considered separately. Africa has eight major physical regions: the Sahara, the Sahel, the Ethiopian Highlands, the savanna, the

Australia's cuisine culture: a - Australian Geographic

"No other country on earth offers more of everything needed to make a good meal, or offers it more cheaply, than Australia; but there is no other country either where the cuisine is more elementary, not to say abominable," said Edmond Marin la Meslée, founder of the Geographical Society of Australasia, in his 1883 book, L'Australie Nouvelle.

National Geographic's Life Below Zero Greenlit for Season 15 Glenn seems like he's more on vacation when he's at his cabin without his partner and kids. I do love his optimistic attitude, but I guess I would be that way too if I was young, strong and didn't have to work a job and could up and leave his family whenever, but I will miss
