Pencils You Should Know

Henry Petroski traces the origins of the pencil back to ancient Greece and Rome, writes factually and charmingly about its development over the centuries and around the world, and shows what the pencil can teach us about engineering and technology today.

Teacher Gift

It's the last day of first grade and Gilbert isn't sure what he's feeling. He's excited about summer vacation, but he will miss his teacher and his friends. He's also uncertain about the awards to be presented -- what can he possibly be best at? As the normal class routine is replaced by end of school activities, Gilbert deals with this typical rite of passage in a memorable and reassuring manner.

No More Pencils, No More Books, No More Teacher's Dirty Looks!

Teachers share one vital characteristic with students: they function best in settings that are organized enough to provide

structure and focus, yet flexible enough to respect developmental and personality differences. In *Leading Effective Meetings, Teams, and Work Groups in Districts and Schools*, author and veteran educator Matthew Jennings provides everything you need to help the teachers in your school or district achieve their full potential: *An overview of the research on collaboration and what it means for educators *Step-by-step guidelines for designing and facilitating meetings *Strategies for avoiding and resolving conflicts among educators *Checklists, questionnaires, and rubrics for designing, implementing, and assessing work groups and teaching teams *Whether you're setting up a complex district-level task force or a simple school faculty meeting, this comprehensive guide will ensure that you do so as efficiently and effectively as possible. Packed with field-proven activities, worksheets, and metrics, it is an indispensable resource for all educational leaders.

No More Pencils, No More Books, No More Teacher's Dirty Looks!

When Gilbert and Lola's cousin Wally comes to visit for Easter, he learns a lesson about being greedy during the annual Easter egg hunt.

The Pencil

Gilbert, star of a number of perennial bestsellers, enjoys a fun-filled day at the beach.

The Educator's Guide to Preventing and Solving Discipline Problems

Spiritual formation professor and New Testament scholar Bruce Demarest helps us grasp the whole picture of the journey we're on with Christ that we might live our days with intention and keep moving toward maturity in faith. Using Scripture, writings from our rich spiritual tradition and stories of present-day believers walking the same path of faith, the Demarest leads us through the three main stages of the journey to become more like Christ.

The Hoarder in You

On the last day of school, Gilbert is happy it's almost over and excited about the summer ahead, yet at the end-of-the-year party, Gilbert watches as his classmates receive prizes and soon begins to wonder if he will get one for being the best of something, too. Reprint.

Never Underestimate Your Teachers

A collection of articles from Rethinking Schools magazine.

Thanks to One of My Favorite Teachers

When the last day of school arrives and the kids start work on finishing up all the tasks that need to be done before heading home for the summer, young Matthew must be patient and wait for the perfect time to give his favorite teacher, Mrs. Malloy, his special good-bye gift. 10,000 first printing.

When It's the Last Day of School

In an effort to pack everything that will be needed for their summer vacation, a little girl and her family are bound to overlook something, in a meter-perfect "twist" on Clement C. Moore's classic Christmas poem. Original.

When Pencil Met Eraser

Teachers give much more than they are asked too. Helping students and giving more hours than just a school day. As a token of your appreciation of your favorite teacher, this notebook that offers an inspirational quote on the front and beautifully lined pages, would make the perfect, memorable and useful gift. High quality binding, premium design, paperback, beautiful matte finish looks, perfect size 7"X10" to keep in a purse, backpack or keep on a desk or as a bedside companion journal. Great Teacher Appreciation Gifts, End of the School Year Teacher Gifts, Thank You Teacher Gifts, Teacher Inspirational Quote Gifts or Teacher Retirement Gifts.

When Prophecy Fails

Named one of the "Best Children's Books of 2019" by Parents magazine, this funny, clever picture book tells the true story of how Pencil and Eraser became the best of friends. When Pencil draws on the pages of this book, Eraser erases parts of Pencil's work, and the book itself becomes a canvas for their different takes on creativity—until the two discover their artwork is even better when they work together. From Karen Kilpatrick, Luis O. Ramos, Jr., and illustrator Germán Blanco, When Pencil Met Eraser brings to life something kids use every day at school and at home. Engaging art, adorable characters, and a clever ending create a memorable message about friendship and creativity. An Imprint Book "An imaginative and engaging look into artistic possibility." —Kirkus Reviews "Readers young and old alike will love this imagining of the dynamic duo that is Pencil and Eraser." —School Library Journal

Learn How to Draw Portraits with Colored Pencils for the Beginner

"In general, teacher training and teacher evaluation prioritize lesson planning and learning objectives, not strategies for building relationships with students. Yet we know that learning depends on relationships; children cannot learn from people they don't like or who dislike them. Too often teachers, usually unconsciously, make the decision not to have a relationship with a student and thereby deny that student access to their education. This book focuses on the foundations of building relationships with students, even when difficult"--

A Handbook for Classroom Instruction That Works

Pencils You Should Know traces the evolution of pencils over time and across the globe. From the humble, handcrafted pencil of the 19th century to the novelty writing implement of the 1990s, each object in this book tells a different story. This book features a selection of 75 modern and vintage pencils curated by pencil powerhouse Caroline Weaver, owner of legendary New York pencil emporium CW Pencil Enterprise. Pencil fanatics will find old favorites here—the original Blackwing 602 puts in an appearance, of course—and make exciting new discoveries, too. • Vintage pencils and accessories are photographed against vibrant, colorful backgrounds and accompanied by Weaver's insightful commentary. • A love letter to one of the most important inventions in human history This supremely charming book celebrates the enduring magic of the pencil. Trace the history of the pencil over time and across the globe, and discover everything you need to know about this simple yet ingenious invention. • A great book for pencil collectors, admirers, historians, artists, writers—anyone who gets excited about the new Palomino Blackwing, a perfectly sharpened No. 2 Ticonderoga • Fans of The Pencil by Henry Petroski, How to Sharpen Pencils by David Rees and John Hodgman, and The Pencil Perfect by Caroline Weaver will want this in their collection. The perfect book for pencil devotees, analog and vintage ephemera lovers, designers, and fans of CW Pencil Enterprise

Last Day Blues

Gilbert's excitement over starting first grade turns to worry that the teacher will be mean, the work too hard, and his classmates too unfriendly, but throughout the day there are pleasant surprises.

Good Night, Sleep Tight, Don't Let the Bedbugs Bite!

No More Pencils, No More Books, No More Teacher's Dirty Looks!

The author describes how he left a lucrative business consulting job to found the nonprofit Pencils of Promise, an organization responsible for building schools for the poor in developing countries around the world and which recently completed its two hundredth school.

The Textbook and the Lecture

The possibilities are endless with this pair of increasingly popular mediums, and painting confidence is just a few pages away. Grab your pencils and let's get started!

Adobe Illustrator CC Classroom in a Book (2019 Release)

Why are the fundamentals of education apparently so little changed in our era of digital technology? Is their obstinate persistence evidence of resilience or obsolescence? Such questions can best be answered not by imagining an uncertain

high-tech future, but by examining a well-documented past—a history of instruction and media that extends from Gilgamesh to Google. Norm Friesen looks to the combination and reconfiguration of oral, textual, and more recent media forms to understand the longevity of so many educational arrangements and practices. Friesen examines the interrelationship of reading, writing, and pedagogy in the case of the lecture and the textbook—from their premodern to their postmodern incarnations. Over hundreds of years, these two forms have integrated textual, oral, and (more recently) digital media and connected them with changing pedagogical and cultural priorities. *The Textbook and the Lecture* opens new possibilities for understanding not only mediated pedagogical practices and their reform but also gradual changes in our conceptions of the knowing subject and of knowledge itself. Drawing on wide-ranging scholarship in fields as diverse as media ecology and German-language media studies, Foucauldian historiography, and even archaeological research, *The Textbook and the Lecture* is a fascinating investigation of educational media.

Brand-new Pencils, Brand-new Books

The study reported in this volume grew out of some theoretical work, one phase of which bore specifically on the behavior of individuals in social movements that made specific (and unfulfilled) prophecies. We had been forced to depend chiefly on historical records to judge the adequacy of our theoretical ideas until we by chance discovered the social movement that we report in this book. At the time we learned of it, the movement was in mid-career but the prophecy about which it was centered had not yet been disconfirmed. We were understandably eager to undertake a study that could test our theoretical ideas under natural conditions. That we were able to do this study was in great measure due to the support obtained through the Laboratory for Research in Social Relations of the University of Minnesota. This study is a project of the Laboratory and was carried out while we were all members of its staff. We should also like to acknowledge the help we received through a grant-in-aid from the Ford Foundation to one of the authors, a grant that made preliminary exploration of the field situation possible.

Gilbert, the Surfer Dude

Who is making so much noise and how will Jackson ever get to sleep? Despite some silly, sleepy mistakes, genteel Jackson finds a fun and quiet activity for each of his noisy neighbors. He finally gets a great night's sleep—and discovers three new friends in the morning. Cozier than a mole in fuzzy pajamas, *No More Noisy Nights* is an underground, under-the covers read-aloud, perfect for calming bedtime boogey-woogeties.

Last One in Is a Rotten Egg!

Until now, freedom-minded parents had no educational material to teach their children the concepts of liberty. The Tuttle Twins series of books helps children learn about political and economic principles in a fun and engaging manner. With colorful illustrations and a fun story, your children will follow Ethan and Emily as they learn about liberty!

Frindle

Remember those great teachers who made you excited about learning? Remember how it felt to be in their classes and to experience how they made their classrooms come alive? What made those teachers special? What qualities and skills did they have to ignite student learning? Most important, how did those teachers help their students become successful? In *Qualities of Effective Teachers*, 2nd edition, James H. Stronge shows educators how to recreate this same excitement and enthusiasm in their own classrooms by describing the characteristics and skills of effective teachers. Stronge synthesizes research to identify specific teacher behaviors that contribute to student achievement. Rather than look at outside factors like demographics, district leadership, and state mandates, Stronge focuses specifically on what teachers can control: their own preparation, personality, and practices. Learn how effective teachers

- *Prepare to be effective educators.
- *Establish, manage, and maintain learning-focused classroom environments.
- *Organize time, communicate expectations, and plan instruction.
- *Present curriculum to support active and engaged learning.
- *Monitor student progress, identify student potential, and meet the needs of special populations in the classroom.

This second edition includes new tips and tools for engaging at-risk students and high-ability students. It also includes skills checklists and an expanded, annotated bibliography to provide a springboard for further insight and exploration. Teachers, educators who hire teachers, teacher leaders, supervisors, and teachers-in-training can all use this book to learn to how to develop better teachers and to improve the quality of learning for all students.

The Promise of a Pencil

A boy tells how he will change his behavior on the last day of school.

No More Pencils, No More Books, No More Teacher's Dirty Looks!

It's the last day of school! Gilbert is excited about summer vacation, but first there's the class party, and Mrs. Byrd will give out the end-of-the-year awards. But will Gilbert even get one? Patty's the best speller. Philip's the best reader. What is Gilbert best at? Humorous and reassuring, this story by Diane deGroat perfectly captures the bittersweet emotions of the last day of school. As Gilbert's class says good-bye to Mrs. Byrd, she reminds each of them how special they really are. And that she will miss them very, very much!

Fahrenheit 451

Not this But that

Gilbert is excited about staying overnight at Camp Hi-Dee-Ho, until he hears about the legendary camp ghost.

Pencils Down

Reveals the secrets of manual pencil sharpening in a humorous manifesto.

Seasons of the Soul

We all have treasured possessions—a favorite pair of shoes, a much-beloved chair, an ever-expanding record collection. But sometimes, this emotional attachment to our belongings can spiral out of control and culminate into a condition called compulsive hoarding. From hobbyists and collectors to pack rats and compulsive shoppers—it is close to impossible for hoarders to relinquish their precious objects, even if it means that stuff takes over their lives and their homes. According to psychologist Dr. Robin Zasio, our fascination with hoarding stems from the fact that most of us fall somewhere on the hoarding continuum. Even though it may not regularly interfere with our everyday lives, to some degree or another, many of us hoard. *The Hoarder In You* provides practical advice for decluttering and organizing, including how to tame the emotional pull of acquiring additional things, make order out of chaos by getting a handle on clutter, and create an organizational system that reduces stress and anxiety. Dr. Zasio also shares some of the most serious cases of hoarding that she's encountered, and explains how we can learn from these extreme examples—no matter where we are on the hoarding continuum.

The Tuttle Twins Learn About The Law

Any teacher can be a master teacher. So says Robyn R. Jackson, author of the best-selling *Never Work Harder Than Your Students and Other Principles of Great Teaching*. In this book for school leaders, Jackson presents a new model for understanding teaching as a combination of skill and will and explains the best ways to support individual teachers' ongoing professional development. Here, you'll learn how to meet your teachers where they are and help every one of them—from the raw novice to the savvy veteran, from the initiative-weary to the change-challenged to the already outstanding—develop the mindset and habits of master teachers. Real-life examples, practical tools, and strategies for

managing time and energy demands will help you build your leadership capacity as you raise the level of instructional excellence throughout your school. To move your school forward, you must move the people in it. If you want a master teacher every classroom, you must commit to helping every teacher be a master teacher. That work begins here.

No More Noisy Nights

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

How to Sharpen Pencils

Fans of First Day Jitters will love spending the last day of school in Mrs. Hartwell classroom. What do teachers do for summer vacation? Mrs. Hartwell's students worry that their teacher will miss them while they are gone for the summer. The class comes up with a way to make sure Mrs. Hartwell won't be too sad. But Mrs. Hartwell and the other teachers have some plans of their own. Once again Julie Danneberg and Judy Love bring to life the crazy antics of Mrs. Hartwell and her class and show that teachers and students are more alike than we sometimes think.

The Pencil of Nature

Collects stories from a variety of contributors who recalled their favorite teacher and explained why that teacher had an impact on their lives that went beyond the classroom.

I, Pencil

Gilbert and his first-grade classmates are nervous about their performance on the last day of school, curious about the awards they will receive, sad to be leaving their teacher, and excited about summer vacation.

The Night Before Summer Vacation

Covers various aspect of effective discipline systems, including discussion of the crucial components of classroom discipline and universal techniques for teachers.

Qualities of Effective Teachers

Designed as a self-study resource, this handbook guides readers through nine categories of instructional strategies proven to improve student achievement. Sections 1-9 address the nine categories of instructional strategies that can be applied to all types of content, at all grade levels, and with all types of students: Identifying similarities and differences; Summarizing and note taking; Reinforcing effort and providing recognition; Homework and practice; Representing knowledge; Learning groups; Setting objectives and providing feedback; Generating and testing hypotheses; and Cues, questions, and advance organizers. For each of the nine categories, exercises, brief questionnaires, tips and recommendations, samples, worksheets, rubrics, and other tools are provided. For elementary and middle school teachers, counselors, evaluators, and administrators.

No Experience Required - Colored & Watercolor Pencil

Learn How to Draw Portraits with Colored Pencils for the Beginner Table of Contents Introduction --Blending --Mixing the colors --Pastel powder for skin --Drawing the shadows --Proportionality Woman portrait - drawing tutorial Boy portrait - drawing tutorial Woman - drawing tutorial Man - drawing tutorial Woman portrait tutorial Author Bio Introduction: Drawing with colored pencil is super easy if you use the right colors and have drawn a good sketch. Unlike the graphite pencils, colored pencils cannot be easily erased, so we have to draw carefully, particularly the darker areas. Always draw a parts with colored pencil pressing down lightly and if it looks good, color over the same area pressing down hard. Buy good brand of colored pencils and smooth paper. If you don't have a lot of say red pencils, you can get more nuances with only one pencil, by controlling how hard you press when you draw. In the image below I've drawn with one red pencil three nuances. In the first example I pressed hard, in the second I pressed normally and in the third example I pressed lightly.

The Last Day of School

It's the last day of school! Gilbert is excited about summer vacation, but first there's the class party, and Mrs. Byrd will give out the end-of-the-year awards. But will Gilbert even get one? Patty's the best speller. Philip's the best reader. What is Gilbert best at? As Gilbert's class says good-bye to Mrs. Byrd, she reminds each of them how special they really are. And that she will miss them very, very much!

Leading Effective Meetings, Teams, and Work Groups in Districts and Schools

Is Nick Allen a troublemaker? He really just likes to liven things up at school -- and he's always had plenty of great ideas. When Nick learns some interesting information about how words are created, suddenly he's got the inspiration for his best

plan everthe frindle. Who says a pen has to be called a pen? Why not call it a frindle? Things begin innocently enough as Nick gets his friends to use the new word. Then other people in town start saying frindle. Soon the school is in an uproar, and Nick has become a local hero. His teacher wants Nick to put an end to all this nonsense, but the funny thing is frindle doesn't belong to Nick anymore. The new word is spreading across the country, and there's nothing Nick can do to stop it.
