### **The Valkyries**

Eleven Minutes is the story of Maria, a young girl from a Brazilian village, whose first innocent brushes with love leave her heartbroken. At a tender age, she becomes convinced that she will never find true love, instead believing that "love is a terrible thing that will make you suffer. . . ." A chance meeting in Rio takes her to Geneva, where she dreams of finding fame and fortune. Maria's despairing view of love is put to the test when she meets a handsome young painter. In this odyssey of self-discovery, Maria has to choose between pursuing a path of darkness -- sexual pleasure for its own sake -- or risking everything to find her own "inner light" and the possibility of sacred sex, sex in the context of love. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

### **Rise Up**

The Butthole Surfers remain one of the most enigmatic bands in the history of rock music. Most of their records have no information of any kind, and often with the suggestion that you play them at 69 rpm. They lived like nomads through much of the 1980s, and built their reputation upon tours that never ended, and shows that resembled hedonistic acid tests. They left a heap of former band members in their wake, and have often alienated as many fans as they've attracted. Here for the first time is the complete story of one of the most controversial and dangerous bands to have emerged from the ashes of the punk rock movement. 'Let's Go to Hell' compiles the scattered memories into the first comprehensive overview of the band. Featuring exclusive interviews, tons of rare and unpublished photographs, and analysis of the band's vast recorded (and unrecorded) efforts, 'Let's Go to Hell' finally tells the story that was thought (and often hoped) would never be told.

### **Read & Burn**

A “hypnotic” novel of love, loss, and teenage girls finding their way on tough streets, by the New York Times–bestselling author of *Faithful* (The New York Times). Left waiting at the clubhouse is the Property of the Orphans, tough girls in mascara and leather who have declared their allegiance to the crew. Tonight, a new girl has joined their ranks. She waits only for McKay. Drag races, dope, knife fights in the street. To the seventeen-year-old heroine of Alice Hoffman’s stunning first novel, the gritty world of the Avenue is beautiful and enthralling. But her love for McKay is an addiction—one that is never satisfied and is impossible to kick. Deeper and deeper she falls, until the winter’s day when she decides to break the spell once and for all. A strikingly original story about the razor-thin line between love and loss, *Property Of* showcases the vivid imagery, lyricism, and emotional complexity that are the hallmarks of Alice Hoffman’s extraordinary career.

The world is caught in the mesh of a series of environmental crises. So far attempts at resolving the deep basis of these have been superficial and disorganized. Global Political Ecology links the political economy of global capitalism with the political ecology of a series of environmental disasters and failed attempts at environmental policies. This critical volume draws together contributions from twenty-five leading intellectuals in the field. It begins with an introductory chapter that introduces the readers to political ecology and summarizes the books main findings. The following seven sections cover topics on the political ecology of war and the disaster state; fuelling capitalism: energy scarcity and abundance; global governance of health, bodies, and genomics; the contradictions of global food; capital's marginal product: effluents, waste, and garbage; water as a commodity, a human right, and power; the functions and dysfunctions of the global green economy; political ecology of the global climate, and carbon emissions. This book contains accounts of the main currents of thought in each area that bring the topics completely up-to-date. The individual chapters contain a theoretical introduction linking in with the main themes of political ecology, as well as empirical information and case material. Archival documents and new writings on the intermedia collaborations of avant-garde jazz trumpeter Don Cherry and textile artist Moki Cherry Don Cherry and Moki Karlsson met in Sweden in the late '60s. They married and began to perform together, dubbing their mix of communal art, social and environmental activism, children's education and pan-ethnic expression "Organic Music." Their home in Tågarp became a locus of artistic production, attracting free-spirited musicians, poets, actors and artists with the promise of collective life. There, Keith Knox assembled Tågarp Publication Number One to document the collectivistic practices blooming under the Cherrys' guidance. Reproduced here, the text includes interviews with Terry Riley and Cherry, a piece on Pandit Pran Nath, a report on the Bombay Free School and a survey of the esoteric Forest University by Bengt af Kintberg. This book explores Don Cherry's work of the period through additional interviews by Knox, a piece on his Relativity Suite and an essay by Fumi Okiji. Moki's writings on her workshops are featured alongside full-color reproductions of her tapestries, used as performance environments by Don's ensembles. Cherry collaborators Bengt Berger and Christer Bothén contribute travelogues from the era.

### **The 5 AM Club**

Read & Burn is the first serious, in-depth appraisal of Wire, one of the most influential British bands to emerge during the punk era. If Wire were briefly a punk band, however, it was largely by historical accident. Despite the fact that they had complicated and transformed that category almost before they'd begun, they seem never to have quite escaped the label. Be it punk, post-punk, or art-punk, critics have clung onto the p-word in an attempt to capture the essence of Wire's innovative uniqueness. But their story - which honours punk's original yet quickly forgotten commitment to the new - is one of constant remaking and remodelling, one that stubbornly resists reduction to a single identity. As a result, the group's projects have always balanced uneasily between artistic endeavour and the need for commercial sustainability, played out against the backdrop of the musicians' perennially complex creative relationships. Tracing Wire's diverse output from 1977 up until the present, Read & Burn seeks to do justice to their highly influential and restlessly inventive body of work.

Twenty-four-year-old Veronika seems to have everything -- youth and beauty, boyfriends and a loving family, a fulfilling job. But something is missing in her life. So, one cold November morning, she takes a handful of sleeping pills expecting never to wake up. But she does -- at a mental hospital where she is told that she has only days to live. Inspired by events in Coelho's own life, *Veronika Decides to Die* questions the meaning of madness and celebrates individuals who do not fit into patterns society considers to be normal. Bold and illuminating, it is a dazzling portrait of a young woman at the crossroads of despair and liberation, and a poetic, exuberant appreciation of each day as a renewed opportunity.

### **Jurassic Park**

Clapperton Mavhunga's collection of essays about science, technology, and innovation (STI) from an African perspective opens with the idea, "Things do not (always) mean the same from everywhere; when we insist that only 'our' meaning is the meaning, we silence other people's meanings." Mavhunga and his contributors argue that our contemporary definitions of STI are those of countries and cultures that have acquired their dominance of others through global empires, and as a counter to that, Mavhunga seeks to put the concepts of STI into question, exploring what the technological, scientific, and innovative might mean from Africa in lieu of outside introductions or influences. We strongly feel that this book is suited to the Knowledge Unlatched program because of the difficulty of reaching markets and readers in Africa with print books. We feel unlatching would go a long way toward helping Mavhunga reach an important audience for this work that we have been previously unable to reach.
