RAMAKRISHNA PARAMHANSA.

Vivekananda was born on 12th January, 1863 in Calcutta (Kolkata). His name was Narendranath. His father Shri Vishwanath Dutt was a renowned lawyer in Calcutta High Court. His mother Smt. Bhuvaneshwari Devi was a pious woman, a worshipper of Lord Shiva. Narendranath was extremely intelligent and quite naughty as a child. He played his pranks on friends and given a chance, he didn't spare even his teachers.

Wisdom Of Vivekanand

The life of Ramakrishna Paramahansa 'enables us to see God face to face', Gandhiji wrote. Similarly, when someone in his circle was distraught, the Mahatma sent him to spend time at the Ashram of Ramana Maharshi. The Paramahansa and the Maharshi have been among the greatest spiritual figures of our country. They have transformed the lives of and have been a solace to millions. Their peak, mystic experience is what we yearn to have. But what if several of the experiences they had occur in other circumstances also? With the rigour and painstaking research that mark all his work, Shourie probes the lives of two of India's greatest spiritual masters in the light of the breath-taking advances in neuroscience as well as psychology and sociology. The result is a book of remarkable vigour: an examination - and ultimately reconciliation - of science and faith as also of seemingly antagonistic, irreconcilable worldviews.

5 Minute Tales of Wisdom

The continual, unpredictable, and often violent "traffic" between identities in colonial and postcolonial India is the focus of Paroma Roy's stimulating and original book. Mimicry has been commonly recognized as an important colonial model of bourgeois/elite subject formation, and Roy examines its place in the exchanges between South Asian and British, Hindu and Muslim, female and male, and subaltern and elite actors. Roy draws on a variety of sources—religious texts, novels, travelogues, colonial archival documents, and films—making her book genuinely interdisciplinary. She explores the ways in which questions of originality and impersonation function, not just for "western" or "westernized" subjects, but across a range of identities. For example, Roy considers the Englishman's fascination with "going native," an Irishwoman's assumption of Hindu feminine celibacy, Gandhi's impersonation of femininity, and a Muslim actress's emulation of a Hindu/Indian mother goddess. Familiar works by Richard Burton and Kipling are given fresh treatment, as are topics such as the "muscular Hinduism" of Swami Vivekananda. *Indian Traffic* demonstrates that questions of originality and impersonation are in the forefront of both the colonial and the nationalist discourses of South Asia and are central to the conceptual identity of South Asian postcolonial theory itself.

Sri Ramakrishna and His Divine Play

Sri Ramakrishna's life is a life of spirituality in practice, a sublime sonnet with a singular note of God consciousness, a summary of all that the scriptures of the world have to say, and even much more. To contain such a boundless life and personality within a few pages is certainly as audacious a task as to attempt to contain the ocean in a pot. Yet this book published by Advaita Ashrama, a Publication House of Ramakrishna Math, Belur Math, humbly attempts to portray his life and personality in a clear and candid style.

Gitanjali, the book of poems for which Tagore was awarded the Nobel Prize for Literature in 1913, was in fact a collection of songs. Much of what Tagore experienced-joy and frustration, grief and devastation-was expressed through music, and during his lifetime, Tagore was most renowned for his songwriting. The distinction of his musical oeuvre lay in the near-perfect balance he achieved between the evocative lyrics, the matching melody and the rhythmic structure in which each song was bound. The Singer and His Song is a unique biography of Tagore with music as its leitmotif. It traces the musical journey of the poet with anecdotes and allusions, and includes translations of some of his most resonant songs. Written in elegant prose and accompanied by relevant photographs and paintings, this highly original book is a fitting tribute to Tagore's enduring musical legacy.

The Life and Times of Swami Vivekananda

This book on the legendary Indian religious missionary is a sequel to the author's earlier short biography titled 'Ramakrishna Paramhansa.' This is the life story of a prophet and messiah of the then undivided Bengal which would continue to be told and retold, because it is a testament of faith, devotion and God realization. Its appeal is universal and hence it belongs to the entire humanity. Nevertheless, the life and teachings of Sri Ramakrishna Paramhansa are so vast and multitudinous that even volumes of books can not exhaust them. The author has been in close touch with the life and teachings of Sri Ramakrishna Paramhansa as a reader for several years. Hence this book is an instant fallout of his studies in to the mysterious and fascinating life of Sri Ramakrishna Paramhansa.

The Gospel of Sri Ramakrishna

The Life Of Sri Ramakrishna Paramhansa

A Short Life of Sri Ramakrishna

In the world take always the position of the giver. Give everything and look for no return. --- What the world wants is character. The world is in need of those whose life is one burning love—selfless. That love will make every word tell like a thunderbolt. Awake, awake, great souls! --- When we can attach the mind to, or detach it from, the sense at our will, we shall really possess character. Then alone we shall have taken a long step towards freedom; before that, we are mere machines. --- Fear is death, fear is sin, fear is hell, fear is unrighteousness and fear is wrong life. All the negative thoughts and ideas that are in the world have proceeded from this evil spirit of fear. --- The kingdom of heaven is within us. God is within us. He is the Soul of our souls. See Him in your own soul. That is practical religion. That is freedom. --- Let the mind be cheerful and calm. Never let it run into excesses, because every excess will be followed by a reaction. --- The earth is enjoyed by heroes—this is the un failing truth. Be a hero. Always say, I have no fear. --- Karma is the eternal assertion of human freedom. If we can bring ourselves down by our karma, surely it is in our power to raise ourselves by our own karma. --- If the mind is intensely eager, everything can be accomplished—mountains can be crumbled into atoms. --- First get rid of the delusion “I am the body,” then only will we want real knowledge. --- Let us not depend upon the world for pleasure. --- If superstition enters, the brain is gone. --- Everything must be sacrificed, if necessary, for that one sentiment: universality. —Quotes from this book

China and India are home to one-third of the world's population. And they're undergoing social and economic revolutions that are capturing the best minds--and money--of Western business. In Billions of Entrepreneurs, Tarun Khanna examines the entrepreneurial forces driving China's and India's trajectories of development. He shows where these trajectories overlap and complement one another--and where they diverge and compete. He also reveals how Western companies can participate in this development. Through intriguing comparisons, the author probes important differences between China and India in areas such as information and transparency, the roles of capital markets and talent, public and private property rights, social constraints on market forces, attitudes toward expatriates abroad and foreigners at home, entrepreneurial and corporate opportunities, and the

importance of urban and rural communities. He explains how these differences will influence China's and India's future development, what the two countries can learn from each other, and how they will ultimately reshape business, politics, and society in the world around them. Engaging and incisive, this book is a critical resource for anyone working in China or India or planning to do business in these two countries.

“Maddening, funny, playful and beautiful Barker has once again invigorated an old form -- the historical biographical novel -- through electric wit and sheer bedazzlement.” --The Washington Post To the world, he is Sri Ramakrishna--godly avatar, esteemed spiritual master, beloved guru. To Rani Rashmoni, she of low caste and large inheritance, he is the brahmin fated to defy tradition. But to Hriday, his nephew and longtime caretaker, he is just Uncle--maddening, bewildering Uncle, prone to entering trances at the most inconvenient of times, known to sneak out to the forest at midnight to perform dangerous acts of self-effacement, who must be vigilantly safeguarded not only against jealous enemies and devotees with ulterior motives, but also against that most treasured yet insidious of sulfur-rich vegetables: the cauliflower. Rather than puzzling the shards of history and legend together, Barker shatters the mirror again and rearranges the pieces. The result is a biographical novel viewed through a kaleidoscope. Dazzlingly inventive and brilliantly comic, irreverent and mischievous, The Cauliflower delivers us into the divine playfulness of a twenty-first-century literary master.
