A Greek Grammar

This easy-to-use, one-stop guide to biblical Greek offers students, pastors, and teachers who only need reminders of language basics a summary of the important but introductory issues contained in the original grammar.

An Introduction to Ancient Greek: A Literary Approach, (2nd Edition)

Read Greek by Friday: Creative Tools for Learning provides crossword puzzles, songs, flowcharts, and memory devices that enhance a student's initial encounter with Greek grammar and vocabulary. Although the exercises are entertaining in and of themselves, the ultimate goal of this book is to facilitate a student's development as a reader of Greek texts. Students who have an agreeable, even fun, experience in beginning Greek will be all the more likely to continue work with the language beyond the initial encounter. This book serves as a companion volume to 'Read Greek by Friday: A Beginning Grammar and Exercises'. Brief notations at the beginning of each lesson in that grammar guide an instructor or student to appropriate resources in this affiliated text. However, because they are built upon basic New Testament vocabulary and texts, the creative resources in this book could be used in conjunction with any beginning Greek grammar.

Going Deeper with New Testament Greek

Since 1914 Cambridge has published *The Elements of New Testament Greek*, a best-selling textbook for scholars and students of the Bible. The original book by Nunn was replaced and succeeded in 1965 by J. W. Wenham's book of the same title; now Jeremy Duff has produced a new book to continue this long-established tradition into the twenty-first century. Learning Greek is a journey of many steps. In this book each of these steps is explained clearly, and reviewed using questions and exercises. Lessons are ordered so the most important aspects of Greek are learnt first and the vocabulary consists of the most commonly occurring words in the New Testament. Hundreds of examples cover every book of the New Testament and there is a New Testament passage to translate in almost every chapter. An audio CD containing vocabulary lists, reading passages and paradigms is also available to accompany this book. Free software and teaching resources are also available at the book's website.

Advances in the Study of Greek

A Quick Course in the Reading of Koine Greek

New Testament Greek

A highly innovative approach to Classical Greek for beginning students

Learn to Read New Testament Greek, Workbook

TRY THIS Innovative exercises illustrate what you've learnt and how to use it.

Reading Greek Vases

Many who study biblical Greek despair of being able to use it routinely, but veteran instructor Rodney Whitacre says there is hope! By learning to read Greek slowly, students can become fluent one passage at a time and grasp the New Testament in its original language. Whitacre explains how to practice meditation on Scripture (lectio divina) in Greek, presenting a workable way to make Greek useful in life and ministry. Ideal for classroom use and for group or individual study, this book helps students advance their knowledge of Greek and equips them to read the original texts with fluency and depth.

Reading Greek: Text

Read and write Greek script: Teach yourself

This book focuses on reading the Greek text yet teaches enough syntax to enable students to effectively to deal with texts throughout the New Testament. The grammatical explanations are exceptionally clear and understandable, are based where possible on English usage, and are always related to what has been encountered in the reading. From the Publisher In American seminaries today, there is a very limited amount of time available to most students for language study. And yet, a working knowledge of the original language of the New Testament is imperative for informed exegesis of the biblical texts. Written with this difficult situation in mind, Read It in Greek offers a concise, one-semester introduction to the Greek language of the New Testament. Taking a unique, inductive approach to the study of Greek, this text focuses on reading the Greek-1 John is read through from beginning to end-yet also teaches enough syntax to enable students to interact with all of the New Testament. The book also integrates into the language course lessons in exegesis of the Greek text, resulting in immediate, usable skills that will allow students to look behind the facade of modern-language translations and to follow discussions in technical commentaries and other scholarly works. Students who go beyond the first semester to further study of the language will find it easy to refine the general concepts taught here. Those who do not will have begun reading the Greek New Testament and will have the resources necessary to continue doing so. Originally published as The New Testament Is in Greek: A Short Course for Exegetes, this volume continues to be one of the best resources available for quickly-yet effectively-introducing students to the reading of New Testament Greek. From The Critics

Learn to Read New Testament Greek

Advances in the Study of Greek offers an introduction to issues of interest in the current world of Greek scholarship. Those within Greek scholarship will welcome this book as a tool that puts students, pastors, professors, and commentators firmly in touch with what is going on in Greek studies. Those outside Greek scholarship will warmly receive Advances in the Study of Greek as a resource to get themselves up to speed in Greek studies. Free of technical linguistic jargon, the scholarship

contained within is highly accessible to outsiders. *Advances in the Study of Greek* provides an accessible introduction for students, pastors, professors, and commentators to understand the current issues of interest in this period of paradigm shift.

Learning to Read New Testament Greek

The Joint Association of Classical Teacher's Greek Course Reading Greek has been written for beginners in the upper school, at the university and in adult education. Its aim is to enable students to read fifth-and fourth-century Attic Greek, Homer and Herodotus, with some fluency and intelligence in one to two years. The main medium of learning is a continuous, graded Greek text, adapted from original sources, coupled with a grammar, vocabulary and exercise book which runs in phase with the text.

How to Read Greek Vases

An advanced critical introduction to Greek tragedy for those who do not read Greek. Combines the best contemporary scholarly analysis of the classics with a wide knowledge of contemporary literary studies in discussing the masterpieces of Athenian drama.

Using and Enjoying Biblical Greek

Designed for complete beginners, and tested for years with real learners, Complete Ancient Greek offers a bridge from the textbook to the real world, enabling you to learn the grammar, understand the vocabulary and even how to translate the writings of Socrates and Homer. Structured around authentic material, placing an emphasis on the importance of reading classical texts in the original, and introducing both a grammar perspective and a full introduction to essential vocabulary, this course also features: -25 learning units plus maps and verb guide -Authentic materials - language taught through key texts -Teaches the key skills - reading and understanding Ancient Greek grammar and vocabulary -Culture insights - learn about the culture and beliefs of the Ancient Greeks -Self tests and learning activities - see and track your own progress. Featuring additional exercises in this new edition, this is a genuinely comprehensive yet accessible introduction to Ancient Greek. Rely on Teach Yourself, trusted by language learners for over 75 years.

Learn to Read Greek in 5 Days

This textbook proceeds from the basic structures of the verb and noun to the more complex constructions. It contains

vocabulary lists, grammatical explanations, paradigms, and exercises. Whereas it is expected that the volume will be primarily used in classroom settings, the text was written with the intention that a person, using the Translation Key to evaluate his or her exercises, could readily progress to competent exegetical studies without professorial help.

Reboot Your Greek

This in-depth yet student-friendly introduction to Koine Greek provides a full grounding in Greek grammar, while starting to build skill in the use of exegetical tools. The approach, informed by twenty-five years of classroom teaching, emphasizes reading Greek for comprehension as opposed to merely translating it. The workbook is integrated into the textbook, with exercises appearing within each chapter rather than pushed to the end or located in a separate book. This enables students to practice concepts as they encounter them in the chapter--ideal for distance learning or studying beyond the traditional classroom. The book covers not only New Testament Greek but also the wider range of Bible-related Greek (LXX and other Koine texts). It introduces students to reference tools for biblical Greek, includes tips on learning, and is supplemented by robust web-based resources through Baker Academic's Textbook eSources. Resources for students include flash cards and audio files. Resources for professors include a test bank and an instructor's manual.

An Independent Study Guide to Reading Greek

This book provides a general introduction to the grammar and syntax of Hellenistic, or New Testament, Greek. With twenty-four chapters, it is suitable for two-semester courses. Each lesson is structured around equipping students to read passages drawn directly from the Greek New Testament. In addition to the traditional Erasmian system, students are offered the option of using a historical Greek system of pronunciation similar to that used in early Christian preaching and prayer. The book includes extensive reference tools, including paradigms for memorization, grammatical appendices and illustrations. The text is accompanied by a website that offers a workbook of passages for translation. Each chapter of the grammar concludes with a vocabulary list of Greek terms that appear in that lesson's assigned passage for translation, found in the online workbook. Audio recordings of all vocabulary words and translation passages, using the historical Greek system of pronunciation, are provided online.

The Elements of New Testament Greek

Reboot Your Greek: A Forty-Day New Testament Greek Refresher rekindles the reader's love of reading the Greek New Testament through a step-by-step presentation of basic concepts in easy-to-understand language. Designed to be read in fifteen minutes per day for forty days (thirty minutes per day, counting time for Greek exercises), Reboot Your Greek offers

simple explanations of key topics necessary for reading the Greek New Testament with enjoyment. Vocabulary is reintroduced through exposure, not through memorization. The book also introduces helpful tools for maintaining a commitment to regular Greek reading. A glossary offers clear definitions of important terms, and appendices display essential paradigms.

An Introduction to New Testament Greek

A.E. Luschnig's "An Introduction to Ancient Greek: A Literary Approach" prepares students to read Greek in less than a year by presenting basic traditional grammar without frills and by introducing real Greek written by ancient Greeks, from the first day of study. This second edition retains all the features of the first but is more streamlined, easier on the eyes, more gender-inclusive, and altogether more 21st century. It is supported by a Web site for teachers and learners.

Reading Greek

A Reading Course in Homeric Greek, Book One, Third Edition is a revised edition of the well respected text by Frs. Schoder and Horrigan. This text provides an introduction to Ancient Greek language as found in the Greek of Homer. Covering 120 lessons, readings from Homer begin after the first 10 lessons in the book. Honor work, appendices, and vocabularies are included, along with review exercises for each chapter with answers.

Reading and Pronouncing Biblical Greek

Learn to Read Greek is a text and workbook for students beginning the study of Ancient Greek. It is the companion volume to the authors' Learn to Read Latin, published in 2004. Like its Latin predecessor, it has a grammar-based approach and is intended for students who have a serious interest in learning the language. The text and workbook include carefully chosen vocabularies and extensive vocabulary notes; clear and complete presentations of all necessary morphology and syntax; large numbers of drills and drill sentences; and abundant unabridged sample passages from a variety of Greek authors and texts.

A Reading Course in Homeric Greek

Reading Biblical Greek introduces first-year Greek students to the essential information needed to optimize their grasp of the fundamentals of the Greek language—no more and no less—enabling them to read and translate the Greek of the New Testament as soon as possible. The learning approach in Reading Biblical Greek revolves around three core elements:

grammar, vocabulary, and reading & translation. Grammar. The grammar consists of micro-lessons, which break up information in small, digestible chunks. Each micro-lesson addresses a single point. This arrangement makes for easy comprehension and review. It also allows the teacher to pace the material based on its difficulty and ability of their students. New learning is incremental and recursive—each new piece builds on and reinforces prior learning. Lessons are structured in three columns: 1) Introducing new topic; 2) Material to be memorized; and 3) Examples and exercises. Vocabulary. As an essential complement to grammar, vocabulary is introduced at strategic points and is arranged first by what the student has been learning in grammar, and then by frequency. The vocabulary lists are collated at the back of the book for easy access. The first 13 vocabulary lists are keyed to Mark 1-4 to help students to integrate their vocabulary learning with a “real” Greek text. Reading & Translation. The goal of this grammar is to enable students to read and translate the Greek of the New Testament. Thus, the content is structured and tied to a specific Greek text to enable reading as soon as possible. The student will have read and translated the whole of Mark 1-4 by the end of the course. The accompanying Reading Biblical Greek Workbook is a vital part of the approach. It breaks up the text of Mark 1-4 into manageable portions and provides vocabulary and grammatical assistance as required. While Reading Biblical Greek only introduces students to information that is essential to grasp of the fundamentals of the Greek language, it is informed by the latest and best of Greek and linguistic scholarship, enabling students to move seamlessly to further study.

Complete Ancient Greek

The Joint Association of Classical Teacher's Greek Course Reading Greek has been written for beginners in the upper school, at the university and in adult education. Its aim is to enable students to read fifth-and fourth-century Attic Greek, Homer and Herodotus, with some fluency and intelligence in one to two years. The main medium of learning is a continuous, graded Greek text, adapted from original sources, coupled with a grammar, vocabulary and exercise book which runs in phase with the text.

Reading Greek Tragedy

Second edition of best-selling one-year introductory course in ancient Greek for students and adults. This volume provides full grammatical support and numerous exercises at different levels. The presentations of grammar have been substantially revised and the volume completely redesigned, with the use of colour.

Reading Biblical Greek

Learn New Testament Greek

Keyed to David Alan Black's popular Learn to Read New Testament Greek main text, this supplemental workbook includes 1300 Greek to English/English to Greek sentences, more than 700 drilling exercises to reinforce the foundational principles of Greek grammar, and many other helpful learning resources for introductory Greek students.

The New Testament is in Greek

This book invites you to see not only how Hellenistic Koine ought to be pronounced but also why. Rigorously investigating the history of Greek orthography and sounds from classical times to the present, the author places linguistic findings on one side of the scale and related events on the other. The result is a balance between the evidence of the historical Greek sounds in Koine and pre-Koine times, and the political events that derailed those sounds as they were being transported through Europe's Renaissance academia and replaced them with Erasmian. This book argues for a return to the historical Greek sounds now preserved in Neohellenic (Modern Greek) as a step toward mending the Erasmian dichotomy that rendered post-Koine Greek irrelevant to New Testament Greek studies. The goal is a holistic and diachronic application of the Hellenic language and literature to illumine exegetically the Greek text, as the New Testament contains numerous features that have close affinity with Neohellenic and should not be left unexplored.

Reading Greek: Grammar, Vocabulary and Exercises

This handsomely illustrated volume is aimed at giving a broad audience deeper insight into the extensive collection of the Metropolitan Museum of Art. The museum is famed for its Greek vases, of which 35 notable examples are detailed in this book. They reveal the variety and vitality of the refined forms and masterfully rendered scenes that characterize these works. And they demonstrate the interrelation of function, shape, technique, and subject matter that is key to understanding the rich language of Greek vases. The introduction provides valuable background information, and the entries delve into the features of each vase, incorporating brilliant color illustrations and many arresting details. Greek vases served specific utilitarian functions, and they also afforded outstanding artists, some of whom signed their work, a medium for depicting both the details of daily existence and aspects of their gods, goddesses, and heroes. We see the garments, implements, athletic competitions, and marriages and funerary rituals of Greeks who lived from the seventh through the fourth century B.C.. We also see their mythological figures and stories. The exceptional group of works assembled in this volume conveys the extent to which the culture of ancient Greece is still apparent today. This book is sure to inspire closer scrutiny of these remarkable works of art, which have survived for over two millennia to offer viewers an enlightening look into the ancient heritage of the Western world. -- from inside Front Cover.

Reading Koine Greek

Repetition and symmetry are the fundamental aesthetic principles underlying the shape and decoration of ancient Athenian vases. This book is the first comprehensive study of the role of repetition beyond its aesthetic value, and as part of a code that conveys meaning to the viewer. Relying on the theoretical background provided through information theory and narratology, Ann Steiner uncovers the different kinds of meaning that painters created through the use of repetition. Using the reading of painted verbal inscriptions as a springboard, she demonstrates how repetition of imagery in multiple fields of a vase can create narration, paradigm, exploration of perceptual and ideological point of view, and parody. Steiner shows how the results of repetition on Archaic Athenian vases reiterate the activities of the elite symposion and the broader cultural values of the elite Athenians. She provides an entirely new way to read ancient Athenian vases.

Learn to Read New Testament Greek, Workbook

Helps post-beginner-level students to read substantial extracts from the New Testament in Greek.

Basics of Biblical Greek Grammar

Basics of the Biblical Greek is an entirely new, integrated approach to teaching and learning New Testament Greek. It makes learning Greek a natural process and shows from the very beginning how an understanding of Greek helps in understanding the New Testament. Basics of Biblical Greek: combines the best of the deductive and the inductive approaches, explains the basics of English grammar before teaching Greek grammar, uses from the very beginning parts of verses from the New Testament instead of 'made-up' exercises, includes at the beginning of every lesson a brief devotional, written by a well-known New Testament scholar, that demonstrates how the principles taught in the lesson apply directly to an understanding of the biblical text, is the most popular first-year Greek course used in colleges and seminaries today, comes with an interactive study aid CD-ROM, containing an eight-minute greeting from the author and the fun, helpful, and graphical vocabulary-memorizing program 'Learning the Basics of Biblical Greek' (runs on Power Mac and Windows 95), where you can hear Greek words pronounced and sung in more than 200 familiar hymns. The CD-ROM also contains the powerful Greek vocabulary-drilling programs Flashworks(TM) and Parseworks from Teknia Language Tools (runs on Macintosh and Windows 3.1 and 95). A separate workbook is also available. And complimentary teacher helps are located on the author's website (<http://www.homeschooling.org>).

"Reading" Greek Death

If you'd love to learn Greek so you can study your Bible better, then this newly revised second edition of Greek for the Rest of Us is for you. Developed by renowned Greek teacher William Mounce, this revolutionary crash-course on "Greek for the rest of us" will acquaint you with the essentials of the language and deepen your understanding of God's Word. You'll gain a sound knowledge of Greek, and you'll learn how to use tools that will add muscle to your Bible studies. This book is divided into three major sections (Foundational Greek, Church Greek, and Functional Greek), each of which builds on the previous section and takes you to the next level. Depending on which levels you take, the book will teach you how to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Decipher why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software

Biblical Greek

This comprehensive guide uses a highly effective teaching method to introduce readers to New Testament Greek quickly. The book provides all the basics of a beginning grammar. In addition, it includes a wealth of reading and translation exercises and activities, helpful grammatical resources, and accented Greek text. Audio files for the book are available through Baker Academic's Textbook eSources. Now in paper.

Read Greek by Friday: Creative Tools for Learning

Learn to Read Greek

An enduring academic favorite now updated for the first time in fifteen years, this user-friendly introduction to New Testament Greek keeps discussion of grammar as non-technical as possible. Author David Alan Black provides tools and exercises for bringing the student to the experience of reading from the Greek New Testament after just seventeen lessons. Among the revisions to this third edition are updated discussions and scholarship, further back matter vocabulary references, and additional appendices.

Greek for the Rest of Us

Learn to Read Greek in 5 Days teaches each letter of the Greek alphabet in a systematic way while providing enough practice to ensure the student learns the entire alphabet in only 5 days or less.

A Book-By-Book Guide to NT Grk Vocab

A Book-by-Book Guide to New Testament Greek Vocabulary is intended to help students, pastors, and professors who wish to read a particular book of the Bible in its original language to master the vocabulary that occurs most frequently in the book in question. In contrast to typical Hebrew and Greek vocabulary guides, which present vocabulary words based on their frequency in the Hebrew Bible or New Testament as a whole, this book presents vocabulary words based on their frequency in individual New Testament books, thus allowing readers to understand and engage with the text of a particular book easily and quickly. The book also includes an appendix listing difficult principal parts for selected verbs that occur in the vocabulary lists and providing other advanced notes for additional words in the lists.

Greek for Reading

What was the origin of Charon, the ferryman of the dead? Or Hades and the Elysian Fields? This book is a fascinating in-depth study of the beliefs, attitudes, and rituals surrounding death in ancient Greece. Drawing on all kinds of evidence - from literary texts to images on art - the book also discusses the problems of 'reading' this material without the intrusion of our own culturally determined beliefs.

New Testament Greek

First published in 1978 and now thoroughly revised, Reading Greek is a best-selling one-year introductory course in ancient Greek for students of any age. It combines the best of modern and traditional language-learning techniques and is used in schools, summer schools and universities across the world. This Independent Study Guide is intended to help students who are learning Greek on their own or with only limited access to a teacher. It contains notes on the texts that appear in the Text and Vocabulary volume, translations of all the texts, answers to the exercises in the Grammar and Exercises volume and cross-references to the relevant fifth-century background in The World of Athens. There are instructions of how to use the course and the Study Guide. The book will also be useful to students in schools, universities and summer schools who have to learn Greek rapidly.

New Testament Greek

For the first time, a workbook with thousands of supplemental learning exercises is offered to accompany David Alan Black's popular Learn to Read New Testament Greek textbook.

A Guide to the Reading of the Greek Tragedians

From their decades of combined teaching experience, Andreas J. Köstenberger, Benjamin L. Merkle, and Robert L. Plummer have produced an ideal resource enabling students to improve their skills so they may properly read, exegete, and apply the Greek New Testament. Designed for those with a basic knowledge of Greek, *Going Deeper with New Testament Greek* is a user-friendly textbook for intermediate Greek courses at the college or seminary level. In fifteen chapters, students learn Greek grammar and how to interpret the New Testament in a way that is accessible—and even fun. Also included are chapters on the Greek language and textual criticism, verbal aspect, sentence diagramming and discourse analysis, word studies, and continuing with Greek. Unique features include: Practical examples illustrating how knowing the content of a given chapter can guide proper interpretation of Scripture. Practice sentences and vocabulary lists, including all the words that occur fifteen times or more in the New Testament. Selected texts from every New Testament author for students to translate along with detailed reading notes to guide interpretation of each text. Summary charts to help students review material, serving as a handy study guide and quick reference tool.
