“From the ring of the ax in the woods, to the scream of the saw blade in the mill, to the founding of many of Wisconsin’s communities, Jerry Apps does an outstanding job bringing Wisconsin’s logging and lumbering heritage to life.”—Kerry P. Bloedorn, director, Rhinelander Pioneer Park Historical Complex For more than half a century, logging, lumber production, and affiliated enterprises in Wisconsin’s Northwoods provided jobs for tens of thousands of Wisconsinites and wealth for many individuals. The industry cut through the lives of nearly every Wisconsin citizen, from an immigrant lumberjack or camp cook in the Chippewa Valley to a Suamico sawmill operator, an Oshkosh factory worker to a Milwaukee banker. When the White Pine Was King tells the stories of the heyday of logging: of lumberjacks and camp cooks, of river drives and deadly log jams, of sawmills and lumber towns and the echo of the ax ringing through the Northwoods as yet another white pine crashed to the ground. He explores the aftermath of the logging era, including efforts to farm the cutover (most of them doomed to fail), successful reforestation work, and the legacy of the lumber and wood products industries, which continue to fuel the state’s economy. Enhanced with dozens of historic photos, When the White Pine Was King transports readers to the lumber boom era and reveals how the lessons learned in the vast northern forestlands continue to shape the region today.

Prescribed burning is an important tool throughout Southern forests, grasslands, and croplands. The need to control fire became evident to allow forests to regenerate. This manual is intended to help resource managers to plan and execute prescribed burns in Southern forests and grasslands. A new appreciation and interest has developed in recent years for using prescribed fire in grasslands, especially hardwood forests, and on steep mountain slopes. Proper planning and execution of prescribed fires are necessary to reduce detrimental effects, such as the impacts on air and downstream water quality.
