DISCOVER THE ADHD SOLUTION FOR YOUR CHILD Dr. James Greenblatt has seen thousands of children and adults struggling with the symptoms of ADHD - hyperactivity, inattentiveness, impulsiveness, and often irritability and combativeness. Rather than simply prescribing medication for their ADHD symptoms, he tailors remedies to his patients' individual needs, detecting and treating the underlying causes of the disorder. Finally Focused provides proven natural and medical methods to easily treat problems such as nutritional deficiencies or excesses, dysbiosis (a microbial imbalance inside the body), sleeping difficulties, and food allergies, all of which surprisingly can cause or worsen the symptoms of ADHD. Using Dr. Greenblatt's effective Plus-Minus Healing Plan, parents will first understand the reasons behind their child's symptoms, and then be able to eliminate them by addressing the child's unique pattern of biological weakness. Adults with ADHD can do the same for themselves. And if conventional medication is still necessary, this integrative approach will minimize or even eliminate troublesome side effects. Using Dr. Greenblatt's expert advice, millions of children and adults with ADHD finally will get the help they need to achieve true wellness.
