### **The Making of Don**

When Chandra Barot set out to make Don, it was not with the idea of giving birth to one of India's most iconic thrillers but to make a good film for a good cause. No one involved with the making of the film foresaw the kind of overarching impact it would have, not only in terms of its success at the box office but in spawning a cult phenomenon that would stay strong more than three decades later-with its slick theme, fantastic music and unforgettable dialogues, that is what Don became. The journey of Don was not an

easy one. Shot over four years, it faced several hurdles before making it to the theatres. While the casting and music of Don have now acquired legendary status, there were some close shaves before it all came together: Iftekhhar's role of the cop was eyed by a big star of the 1960s; getting Kalyanji-Anandji to compose the score called for a delicate balancing act; it was only thanks to the shrewd advice of a mentor that the super-successful 'Khai ke paan Banaras wala' was included at the very last minute. And, wonder of wonders, it was not Amitabh Bachchan who was paid the most for the film! Through a fast-paced narrative born out of interviews with the cast and crew, and supplemented with rare photographs from the director's archives, *The Making of Don* tells a tale that is as compelling as the one that finally made it to the big screen. Engaging and captivating, this is the story of one of Bollywood's most memorable classics.

SOON TO BE A MAJOR MOTION PICTURE The stunning Booker Prize-winning novel from the author of *Amnesty* and *Selection Day* that critics have likened to Richard Wright's *Native Son*, *The White Tiger* follows a darkly comic Bangalore driver through the poverty and corruption of modern India's caste society. "This is the authentic voice of the Third World, like you've never heard it before" (John Burdett, *Bangkok* 8). The white tiger of this novel is Balram Halwai, a poor Indian villager whose great ambition leads him to the zenith of Indian business

culture, the world of the Bangalore entrepreneur. On the occasion of the president of China's impending trip to Bangalore, Balram writes a letter to him describing his transformation and his experience as driver and servant to a wealthy Indian family, which he thinks exemplifies the contradictions and complications of Indian society. Recalling *The Death of Vishnu* and *Bangkok 8* in ambition, scope, *The White Tiger* is narrative genius with a mischief and personality all its own. Amoral, irreverent, deeply endearing, and utterly contemporary, this novel is an international publishing sensation—and a startling, provocative debut.

“The Wild Dead is a tightly plotted mind-thrill . . . This is the feminist dystopian mystery series you didn’t know you needed.” — Meg Elison, Philip K. Dick Award-winning author of The Road to Nowhere series

Mysteries and murder abound in the sequel to the Philip K. Dick Award-winning *Bannerless*. A century after environmental and economic collapse, the people of the Coast Road have rebuilt their own sort of civilization, striving not to make the mistakes their ancestors did. They strictly ration and manage resources, including the ability to have children. Enid of Haven is an investigator, who with her new partner, Teeg, is called on to mediate a dispute over an old building in a far-flung settlement at the edge of Coast Road territory. The investigators’ decision seems straightforward — and then the body of a young woman turns up in the nearby marshland. Almost more shocking than that, she’s not from the Coast Road, but from one of the outsider camps belonging to the nomads and wild folk who live outside the Coast Road communities. Now one of them is dead, and Enid wants to find out who killed her, even as Teeg argues that the murder isn’t their problem. In a dystopian future of isolated communities, can our moral sense survive the worst hard times? “An intriguing mystery made compelling by its post-apocalyptic setting . . . Another great read from Vaughn.” — S. M. Stirling, New York Times best-selling author of *The Sky-Blue Wolves* and *Dies the Fire*

## **Sculpt and Shape**

Focusing on how art enabled increasingly large and complex societies to organise themselves through world religion, Mary Beard explores how such highly charged artefacts were the source of conflict as much as harmony. The book begins in Angkor Wat, describing the spiritual harmony of 'heaven and earth' on the spring solstice, before looking at its iconoclastic change from Hindu temple to complex Buddhism. Mary Beard then considers India and the stunning Buddhist paintings of the rock cut monastery temple caves of Ajanta in Maharashtra - the "birth of Indian painting". The power of Christianity in Europe is examined through the glittering Byzantine mosaics at Ravenna, and the celebrations of Holy Week in Seville, Spain, that demonstrate the devotion and passion of the people. The exquisite calligraphy of Islamic art shows how aniconic art and the removal (largely) of the human figure pointed to a different way of conveying the divine - seen also in the surprising vitality of Jewish book illumination - before coming back to the West with one of the most extraordinary and potent images of all religious art - the Isenheim Altarpiece.

### **Doing the Impossible**

From early basilicas to medieval cathedrals, from churches in rural Africa to today's award-winning

designs, this stunning volume reveals the different approaches to faith across the centuries, shifting architectural styles, and the effect of history on Christianity. Encompassing various Christian beliefs, from Catholic and Protestant to Baptist and Calvinist, the buildings include stone and wooden structures; ones that have been knocked down and rebuilt, or even moved from one location to another; and churches cut into rock.

## **An Eyewitness Account of the Fall of Sikh Empire**

What does Doing the Impossible really mean? This book is for those who have a desire to achieve greatness and are ready to take the steps to turn that desire into a reality. At one point or another in this book, you will experience several different reactions - excitement, curiosity, joy, laughter, or even tears - but the ultimate goal is to encourage and challenge you to make a decision to do the impossible. That may have a totally different meaning to you than it did to Steve Jobs, Thomas Edison, or any of the other role models we will look at; but whatever Doing the Impossible means to you, the goal of this book is to help you realize that you have the capacity to do what the critics think is impossible. - Patrick Bet-David, Introduction to Doing the Impossible. Doing the Impossible is a roadmap for those who want to do something big with their lives. The book goes over 25 steps that the reader should take to re-create themselves, identify their cause, and make history. Patrick Bet-David shares his own impossible crusade

and gives key principles for anyone looking to do the same.

Transcatheter Valve Repair discusses all aspects related to percutaneous and established valve repair methods. The book is divided into few major sections covering all four valves and other topics. Each section contains several chapters discussing everything related to that valve. Beginning with the pulmonary valve, since it was the first valve to be tackled in the catheterization laboratory, and then moving to the aortic, then the mitral and then finally end with the tricuspid valve. 1.5M US citizens alone have some degree of aortic valve stenosis, with half (750K) requiring aortic valve replacement. Aortic valve replacement, on the whole, is performed by surgeons, requiring bypass machines and technicians, as well as the usual operating team. The operation is expensive and occupies a considerable amount of operating room time. Mostly, the aortic valve is calcified and the usual option available to patients is valve replacement with a variety of choices, ranging from porcine valves to synthetic, for which there are many manufacturers. It should be noted that the aortic valve is the most problematic of valves. Percutaneous procedures are the answer. The bottom line is that given the growing elderly population, many more patients will require valve repair, thus increasing health care costs with not only surgical operations but also hospitalisation. Percutaneous valve repair, whilst requiring a cath lab team, does not involve bypass

machines nor extended hospitalisation. Like percutaneous transluminal coronary artery interventions (PTCA) has replaced coronary artery bypass grafts (once the golden standard), and now stenting having replaced PTCA and its balloons. We now see drug eluting stents replacing ordinary stents (though at a much higher cost. There will be a huge movement toward percutaneous valve repair, which should presumably cut costs but also morbidity and mortality.

Enduring cruel poverty and degradation, Phoolan Devi survived the humiliation and horrifying gang rape to

claim retribution for herself and all low-caste women of the Indian plains. In a three-year campaign which rocked the government, she delivered justice to rape victims and stole from the rich to give to the poor, before negotiating surrender on her own terms. Throughout her years of imprisonment without trial Phoolan Devi remained a beacon of hope for the poor and downtrodden, and in 1996, amidst both popular support and media controversy, she was elected to the Indian Parliament. For over a decade journalists, biographers and film-makers have found the power and scope of Phoolan Devi's myth irresistible. Now finally she tells the story of her life through her eyes and in her own voice.

## **The Conversion Code**

Until now, the single most important unpublished work by C.G. Jung—The Black Books. In 1913, C.G. Jung started a unique self-experiment that he called his “confrontation with the unconscious”: an engagement with his fantasies in a waking state, which he charted in a series of notebooks referred to as The Black Books. These intimate writings shed light on the further elaboration of Jung’s personal cosmology and his attempts to embody insights from his self-investigation into his life and personal relationships. The Red Book drew on material recorded from 1913 to 1916, but Jung actively kept the notebooks for many more decades. Presented in a magnificent, seven-volume boxed collection featuring a revelatory essay by noted Jung scholar Sonu Shamdasani—illuminated by a selection of Jung’s

vibrant visual works—and both translated and facsimile versions of each notebook, *The Black Books* offer a unique portal into Jung's mind and the origins of analytical psychology.

*Cosmic Coupling* is a fun, fast-paced exploration of every possible relationship between star signs, both straight and gay, from the authors' unique sextrological perspective. With rich knowledge, expert wordsmithing, and signature wry humor, celebrity cosmic consultants Stella Starsky + Quinn Cox delve into the specific rules of attraction inherent in each bond and the perks and pitfalls particular to each partnership. Whether addressing enduring alliances or fleeting dalliances, Starsky + Cox don't shy away from the juicier bits in profiling the romantic and sexual nature of each star-sign combination on the astrological block. Smart, sexy, and sophisticated, with a wink, *Cosmic Coupling* profiles couples in a threefold manner: • **Chemistry**—describes the sparks, clashes, and underlying motivations of the couple's mutual attraction • **Compatibility**—depicts the relationship needs of each sign and explains how the pair best meshes • **Carnality**—details the sexual dynamics of the bond, right on down to the nitty-gritty. With a profound understanding of astrology and human psychology, original insights drawn from ancient, literary, and pop archetypes, and a frankly

intelligent, frequently funny delivery, Cosmic Coupling illuminates the dynamics of one's (and others') existing relationships and guides any singles seeking Mr. and/or Ms. Right, while giving the phrase "starry-eyed lovers" a whole, spicy new meaning.

But when he spots legendary novelist Douglas Kelsey on the street and follows him into an AA meeting, a world of opportunity beckons. Who knew that sobriety offered such networking possibilities? Or that the women would be so attractive? Soon he's a regular attendee at AA meetings, but there's only one problem—he's not an alcoholic.

## **The Republic of India**

“An engaging, beautifully synthesized page-turner” (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton’s most personal memoir yet, about the 2016 presidential election. In this “candid and blackly funny” (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing guide to our political arena” (The Washington Post), What Happened lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign

adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

## **Civilisations: The Eye of Faith**

Carol Salomon dedicated over thirty years of her life to researching, translating, and annotating this compilation of songs by the Bengali poet and mystical philosopher Lalan Sai (popularly transliterated as Lalon) who lived in the village of Cheuriya in Bengal in the latter half of the nineteenth century. One major objective of his lyrical riddles was to challenge the restrictions of cultural, political, and sexual identity, and his songs accordingly express a longing to understand humanity, its duties, and its ultimate destiny. His songs also contain thinly veiled references to esoteric yogic practices (sadhana), including body-centered Hathayogic techniques that are related to those found in Buddhist, Kaula, Natha, and Sufi medieval tantric literature. Dr. Salomon's translation of the work is the first dedicated English translation of Lalan's songs to closely follow the Bangla text, with all of its dialectical variations, and is here produced alongside the original text. Although

her untimely death left her work unpublished, the editors have worked diligently to reconstruct her translations from her surviving printed and handwritten manuscripts. The result is a finished product that can finally share her groundbreaking scholarship on Baul traditions with the world.

## **City of Mirrors**

An in-depth look at Christopher Nolan, considered to be the most profound, commercially successful director at work today, written with his full cooperation. A rare, revelatory portrait, "as close as you're ever going to get to the Escher drawing that is Christopher Nolan's remarkable brain" (Sam Mendes). In chapters structured by themes and motifs ("Time"; "Chaos"; "Dreams"), Shone offers an unprecedented intimate view of the director. Shone explores Nolan's thoughts on his influences, his vision, his enigmatic childhood past--and his movies, from plots and emotion to identity and perception, including his latest blockbuster, the action-thriller/spy-fi Tenet ("Big, brashly beautiful, grandiosely enjoyable"--Variety). Filled with the director's never-before-seen photographs, storyboards, and scene sketches, here is Nolan on the evolution of his pictures, and the writers, artists, directors, and thinkers who have inspired and informed his films. "Fabulous: intelligent, illuminating, rigorous, and highly readable. The very model of what a filmmaking study should be. Capturing their attention and turning it into revenue requires a whole new approach to marketing and sales. This book provides clear guidance toward conquering the new paradigm shift towards online lead generation and inside sales. You'll learn how to capture those invaluable Internet leads, convert them into appointments, and close more deals. Regardless of product or industry, this proven process will increase both the quantity and quality of leads and put your sales figures on the rise. Traditional sales and marketing advice is becoming less and less relevant as today's consumers are spending much more time online, and salespeople are calling, emailing, and texting leads instead of meeting them in person. This book shows you where to find them, how to engage them, and how to position your company as the ideal solution to their needs. Engage with consumers more effectively online Leverage the strengths of social media, apps, and blogs to capture more leads for less money Convert more Internet leads into real-world prospects and sales appointments Make connections on every call and learn the exact words that close more sales The business world is moving away from "belly-to-belly" interactions and traditional advertising. Companies are forced to engage with prospective customers first online—the vast majority through social media, mobile apps, blogs, and live chat—before ever meeting in person. Yesterday's marketing advice no longer applies to today's tech savvy, mobile-first, social media-addicted consumer, and the new sales environment demands that you meet consumers where they are and close them, quickly.
