Talk about an easy challenge! Five old friends set about this simple task and find all of a sudden that: the days are longer; they get to see each other for who they really are; the empty laughter of ordinary conversation is so much harder to fake. Yes, they're saving money and losing weight, but the world itself seems to take on a slow, dreary inevitability. Soon they begin to snap at each other, and then fight - until they begin to wonder, have the Five at last found the challenge that will defeat them? Famous Five

This is a strikingly inventive and unusual portrait of the most successful English writer for children (until J. K. Rowling), Enid Blyton, who entertained millions worldwide with her myriad adventure stories and mysteries but was herself both an adventure and a mystery. This book is for everyone who ever wondered what kind of woman Enid Blyton was. Enid Blyton gave us the Famous Five and Fatty's Find-Outers, the Enchanted Wood and the Wishing Chair. Some of us, encouraged by austere critics, have pretended no longer to want what Enid gave. We have pretended that we were not once upon a time enthralled by her stories. We have chosen to forget how much we loved the time we spent in their company. And we have feigned disdain. Now, Duncan McLaren offers lapsed devotees the possibility of honest redemption. If you're willing to acknowledge that Enid Blyton once mattered to you, you are warmly invited to accompany Duncan on an adventure that will investigate what made Enid Enid and endeavour to reach the source of her torrent of stories, those that came when she was 'letting her mind go free'.

Five on a Treasure Island

Enid Blyton's books are beloved the world over and The Famous Five have been the perennial favourite of her fans. Now, in this new series of Enid Blyton for Grown-Ups, George, Dick, Anne, Julian and Timmy confront a new challenge: is it possible to get a good gluten-free cream tea? Julian, Anne, Dick, George and Timmy are all feeling really rather rum, and it's been going on for days. Nothing seems to work, and with their doctors mystified, they're driven to trying out various expedients to cure themselves. Julian goes online to self-diagnose that he's got pancreatic cancer, bird flu and Creutzfeldt-Jakob Disease. Anne decides that the old methods are the best and decides to have herself exorcised - which proves to be an awful lot of bother for everyone, and such a mess. Dick goes to a witch-doctor who calls himself a 'homeopath' ('sounds only one short of sociopath, Dick!') but it's George who discovers they need to go on an exclusion diet, so they enter a world of hard-to-find, maddeningly expensive specialist foods . . . Just perfect for anyone who likes Deliciously Ella, Amelia Freer and the Naturalista - as well as any reluctant partners who are begrudgingly spiralling courgettes for dinner.

Five Have a Wonderful Time

Five Have a Mystery to Solve

From the National Book Award-winning author of Just Kids: a “sublime collection of true stories ... and wild imaginings that take us to the very heart of who Patti Smith is” (Vanity Fair), told through the cafés and haunts she has worked in around the world. Patti Smith calls this bestselling work “a roadmap to my life.” M Train begins

in the tiny Greenwich Village café where Smith goes every morning for black coffee, ruminates on the world as it is and the world as it was, and writes in her notebook. Through prose that shifts fluidly between dreams and reality, past and present, we travel to Frida Kahlo's Casa Azul in Mexico; to the fertile moon terrain of Iceland; to a ramshackle seaside bungalow in New York's Far Rockaway that Smith acquires just before Hurricane Sandy hits; to the West 4th Street subway station, filled with the sounds of the Velvet Underground after the death of Lou Reed; and to the graves of Genet, Plath, Rimbaud, and Mishima. Woven throughout are reflections on the writer's craft and on artistic creation. Here, too, are singular memories of Smith's life in Michigan and the irremediable loss of her husband, Fred Sonic Smith. Braiding despair with hope and consolation, illustrated with her signature Polaroids, *M Train* is a meditation on travel, detective shows, literature, and coffee. It is a powerful, deeply moving book by one of the most remarkable multiplatform artists at work today. Featuring a postscript with five new photos from Patti Smith

My Secret

We live in a highly connected world with multiple self-interested agents interacting and myriad opportunities for conflict and cooperation. The goal of game theory is to understand these opportunities. This book presents a rigorous introduction to the mathematics of game theory without losing sight of the joy of the subject. This is done by focusing on theoretical highlights (e.g., at least six Nobel Prize winning results are developed from scratch) and by presenting exciting connections of game theory to other fields such as computer science (algorithmic game theory), economics (auctions and matching markets), social choice (voting theory), biology (signaling and evolutionary stability), and learning theory. Both classical topics, such as zero-sum games, and modern topics, such as sponsored search auctions, are covered. Along the way, beautiful mathematical tools used in game theory are introduced, including convexity, fixed-point theorems, and probabilistic arguments. The book is appropriate for a first course in game theory at either the undergraduate or graduate level, whether in mathematics, economics, computer science, or statistics. The importance of game-theoretic thinking transcends the academic setting—for every action we take, we must consider not only its direct effects, but also how it influences the incentives of others.

The Famous Five Collection 5

The Five's holiday begins peacefully enough on a camping site where they are staying in two old gypsy caravans. But things start to happen when the fair-folk arrive.
