The 'War on Terror' and the Framework of International Law

This book conducts an in-depth analysis into the lawfulness of State-sponsored targeted killings under international human rights and humanitarian law. It also addresses the relevance of the law of inter-state force to targeted killings, and the interrelation of the various normative frameworks which may simultaneously apply to operations involving the intentional use of lethal force. Through a comprehensive analysis of treaties, custom, and general principles of law in light of jurisprudence, doctrine, and travaux préparatoires the author demonstrates that contemporary international law provides two distinct normative paradigms which govern the use of lethal force in law enforcement and in the conduct of hostilities. Based on the resulting normative paradigms, the author shows in what circumstances targeted killings may be considered as internationally lawful. The practical relevance of the various conditions and modalities is illustrated by reference to concrete examples of targeted killing

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

from recent State practice. In essence the book argues that any targeted killing not directed against a legitimate military target remains subject to the law enforcement paradigm, which imposes extensive restraints on the practice. Even under the paradigm of hostilities, no person can be lawfully liquidated without further considerations. As a form of individualized or surgical warfare, the method of targeted killing requires a 'microscopic' interpretation of the law regulating the conduct of hostilities which leads to nuanced results. The author concludes by highlighting and comparing the main areas of concern arising with regard to State-sponsored targeted killing under each normative paradigm and by placing the results of the analysis in the wider context of the rule of law.

The Criminal Lawyer's Guide to Immigration Law

John Marshall (1755--1835) was arguably the most important judicial figure in American history. As the fourth chief justice of the United States Supreme Court, serving from 1801 to 1835, he helped move the Court from the fringes of power to the epicenter of constitutional government. His great opinions in cases like *Marbury v. Madison* and *McCulloch v. Maryland* are still part of the working discourse of constitutional law in America. Drawing on a new and definitive edition of Marshall's papers, R. Kent Newmyer combines engaging narrative with new historiographical insights in a fresh interpretation of John Marshall's life in the law. More than the

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

summation of Marshall's legal and institutional accomplishments, Newmyer's impressive study captures the nuanced texture of the justice's reasoning, the complexity of his mature jurisprudence, and the affinities and tensions between his system of law and the transformative age in which he lived. It substantiates Oliver Wendell Holmes Jr.'s view of Marshall as the most representative figure in American law.

Renditions

This book explores the potential of international human rights law to resolve one of the gravest human rights violations to have surfaced post 9/11: extraordinary rendition. Although infamously deployed as a counter-terrorism technique, substantial evidence confirms that European states colluded in the practice by facilitating the transportation of suspects through their airspace or airports and in some cases, secret detention on their territories. Despite recent findings of the European Court of Human Rights, difficulties persist in holding many European States accountable for the role they played both at the domestic and international level. Distinguishing between various forms of accountability and interrogating the evolving parameters of international human rights law, this volume will fill gaps in extraordinary rendition literature and influence the policies of European States.

Torture in international law : a guide to

jurisprudence

Includes annex: The Huelva Declaration for an Alliance of Civilizations against Terrorism.

John Marshall and the Heroic Age of the Supreme Court

International Law in the U.S. Legal System decodes the often complicated ways that international law operates within the United States legal system and sheds light on unresolved issues and areas of controversy. The book covers all of the principal forms of international law including treaties, decisions and orders of international institutions, customary international law, jus cogens norms, and general principles. It also explores a number of issues that are implicated by the intersection of U.S. law and international law, such as foreign sovereign immunity, international human rights litigation, extradition, and extraterritoriality.

The Law of Interstate Rendition

Analyses the international legal framework governing terrorism and counter-terrorism and assesses the legal issues relating to post-9/11 international practice.

Rendition to Torture

This book fills a gap in legal academic study and practice in International Commercial Arbitration by

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

offering an in-depth analysis on legal discourse and interpretation. Written by a specialist in international business law, arbitration and legal theory, it examines the discursive framework of arbitral proceedings, through an exploration of the unique status of arbitration as a legal and semiotic phenomenon. The book also includes comparative examinations of existing legal framework and case law which reflect the international nature of the subject.

Transnational Fugitive Offenders in International Law

The Soviet Union and international cooperation in legal matters. 3. Criminal law

For the first time, Stephen Grey tells the inside story of international prisons sanctioned by the U.S. Government and used by the CIA to hold and torture people suspected of terrorism. Using contacts deep inside the U.S. Government, Grey reveals how deeply the Bush administration is involved in the program and questions the truth of statements made by Secretary of State Condoleeza Rice. He also shines a spotlight on the heads of European nations who turned a blind eye to the program when it showed up in their back yards. Grey takes an unflinching look at a horrendous practice that scorns Geneva Convention rules and is powered by corruption at the highest levels of governments worldwide. Through his unprecedented access to CIA flight records and

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

dozens of sources at the senior levels of the current administration, Grey has produced a story of flight plans, extreme torture, and the clash of religions and governmental posturing that goes on today. Ghost Plane tells the stories of individuals abducted at airports around the world and transported for interrogation and torture on a fleet of leased planes manned by CIA operatives. Grey paints a disburbing ethical picture of the war on terror and lays the responsibility for abduction and torutre at the doorstep of Washington, D.C.

The Practice of Shared Responsibility in International Law

The present title is the last in a three-volume set addressing the umbrella theme of 'The Soviet Union and International Cooperation in Legal Matters'. The preceding installments treated the Soviet Union's record in the field of commercial arbitration and civil law, respectively. With the U.S.S.R. dead, use of the term 'Soviet Union' may call for some justification. In this instance, the desire to preserve stylistic continuity plays a role in the choice. Furthermore, the bulk of the monograph really does deal with the Soviet Union's track record in this domain on the assumption that much of its repertory in this theatre will be salvaged through the machinery of state succession in fairly intact or recognizable shape and affect the deployment of future modes of management of these affairs en route to stripping the old inventory of its socialist' attributes and updating the core package. In that sense, the volume marks

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

the end of a Soviet branch of international law and the dawn of a new discipline of research in the local brand of post-Soviet international law. It seems safe to say, though, that whatever lies ahead is going to have its roots in the country's contemporary history, and understanding these antecedents will make the job of figuring out what to expect next a bit easier. The study concentrates essentially on post-World War II repertory, with some reference to pre-1945 antecedents in order to put the picture in a clearer perspective.

The Thin Justice of International Law

This book examines the different ways in which the laws governing the use of force and the conduct of warfare have become subject to intense scrutiny and contestation since the initiation of the war on terror. Since the end of the Cold War, the nature of security challenges has changed radically and this change has been recognised by the UN, governments and academics around the world. The 911 attacks and the subsequent launch of the 'war on terror' added a new dimension to this debate on the nature and utility of international law due to the demands from some quarters for a change in the laws governing self-defence and humanitarian intervention. This book analyses the nature of these debates and focuses on key issues that have led to the unprecedented contemporary questioning of both the utility and composition of international law on the use of force as well as the practicability of using force, including handling of 'prisoners' and 'security risks'. It also

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

identifies the sources of division and addresses the capacities of security policy and international law to adapt to the changed international environment. This book will of much interest to students of international law, war and conflict studies, and IR and Security Studies in general.

INBA Law Report 2012

This newly revised and updated second edition provides a comprehensive overview of international counter-terrorism law and practice. Brand new and revised chapters provide critical commentary on the law from leading scholars and practitioners in the field, including new topics for this edition such as foreign terrorist fighters, the nexus between organized crime and terrorism, and the prevention of violent extremism.

International Law

This concise guide focuses on the criminal lawyer's most common questions about immigration law and representing noncitizens, from Who exactly is an alien? to Are removal hearings conducted like criminal proceedings?

The 'War on Terror' and the Framework of International Law

The Irish Yearbook of International Law is intended to stimulate further research into Ireland's practice in international affairs and foreign policy, filling a gap in

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

existing legal scholarship and assisting in the dissemination of Irish thinking and practice on matters of international law. On an annual basis, the Yearbook presents peer-reviewed academic articles and book reviews on general issues of international law. Designated correspondents provide reports on international law developments in Ireland, Irish practice in international fora and the European Union, and the practice of joint North-South implementation bodies in Ireland. In addition, the Yearbook reproduces documents that reflect Irish practice on contemporary issues of international law. Publication of the Irish Yearbook of International Law makes Irish practice and *opinio juris* more readily available to Governments, academics and international bodies when determining the content of international law. In providing a forum for the documentation and analysis of North-South relations the Yearbook also make an important contribution to post-conflict and transitional justice studies internationally. As a matter of editorial policy, the Yearbook seeks to promote a multilateral approach to international affairs, reflecting and reinforcing Ireland's long-standing commitment to multilateralism as a core element of foreign policy.

International Law in the US Legal System

International Criminal Law has undergone significant recent changes. Transnational Fugitive Offenders reflects the dynamic nature of the subject & keeps readers on the cutting edge of new developments. An ever-increasing number & variety of international agreements & cases has expanded extradition law.

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

The jurisprudence relating to alternative means of rendition has also evolved in different ways in different jurisdictions. Most notably, however, the remit of the subject as a whole has expanded. The concept of international criminal law now has to embrace crimes that occur in no single place, cross-border financial crimes where vast sums of money exist solely in cyberspace & which have connections with financial institutions in several countries. The international community has also established supra-national criminal courts to deal with the aftermath of the wars in the former Yugoslavia & Rwanda. The future will likely bring further changes as well. The permanent International Criminal Court, originally proposed by the International Law Commission, if established by the international community, would, as matters stand in 1998, have jurisdiction over genocide, crimes against humanity & war crimes. The ultimate result may at last be the availability of overarching guidance as to the remit & scope of international criminal law. Those studying extradition law, and/or working with transnational fugitive offenders in any capacity, will find Transnational Fugitive Offenders an important, thought-provoking work on a very dynamic subject.

Beyond Snowden

It contains the speeches of renowned global lawyers and government on the important legal issue. The Global conference was organised by Indian National Bar Association at New Delhi, India.

Ghost Plane

Undoubtedly one of the paragons of public international law in contemporary times, Colin Warbrick is truly held in high esteem by his peers at home and abroad. His breadth of knowledge is reflected in a large number of scholarly works and in his appointment as a Specialist Adviser to the Select Committee on the Constitution of the House of Lords and as a consultant to both the Council of Europe and OSCE. This "festschrift" celebrates on his retirement as Barber Professor of Jurisprudence at Birmingham University, his extraordinary talent and academic career by bringing together a group of eminent judges, practitioners and academics to write on international human rights, international criminal justice and international order and security, fields in which Professor Warbrick has left an indelible mark.

Theology for International Law

This book reviews the practice of shared responsibility in multiple issue areas of international law, to assess its application and development.

International Law and Drone Strikes in Pakistan

Co-published by Oxford University Press and the International Law Institute, and prepared by the Office of the Legal Adviser at the Department of State, the Digest of United States Practice in International Law presents an annual compilation of documents and

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

commentary highlighting significant developments in public and private international law, and is an invaluable resource for practitioners and scholars in the field. Each edition compiles excerpts from documents such as treaties, diplomatic notes and correspondence, legal opinion letters, judicial decisions, Senate committee reports and press releases. Each document is selected by members of the Legal Adviser's Office of the U.S. Department of State, based on their judgments about the significance of the issues, their potential relevance to future situations, and their likely interest to scholars and practitioners. The Cumulative Index volume for 1989 through 2008 contains a complete table of cases and index covering all volumes of the Digest of U.S. Practice in International Law published to date since the Office of the Legal Adviser renewed publication in 2000.

Digest of United States Practice in International Law, Cumulative Index 1989-2008

Indicates a legal framework capable of addressing events such as '9/11' and governing responses thereto.

International Law and Power

While conventional warfare has an established body of legal precedence, the legality of drone strikes by the United States in Pakistan and elsewhere remains ambiguous. This book explores the legal and political

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

issues surrounding the use of drones in Pakistan. Drawing from international treaty law, customary international law, and statistical data on the impact of the strikes, Sikander Ahmed Shah asks whether drone strikes by the United States in Pakistan are in compliance with international humanitarian law. The book questions how international law views the giving of consent between States for military action, and explores what this means for the interaction between sovereignty and consent. The book goes on to look at the socio-political realities of drone strikes in Pakistan, scrutinizing the impact of drone strikes on both Pakistani politics and US-Pakistan relationships. Topics include the Pakistan army-government relationship, the evolution of international institutions as a result of drone strikes, and the geopolitical dynamics affecting the region. As a detailed and critical examination of the legal and political challenges presented by drone strikes, this book will be essential to scholars and students of the law of armed conflict, security studies, political science and international relations.

Hastings International and Comparative Law Review

International Law in the U.S. Legal System

Safeguarding Our Privacy and Our Values in an Age of Mass Surveillance America's mass surveillance programs, once secret, can no longer be ignored.

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

While Edward Snowden began the process in 2013 with his leaks of top secret documents, the Obama administration's own reforms have also helped bring the National Security Agency and its programs of signals intelligence collection out of the shadows. The real question is: What should we do about mass surveillance? Timothy Edgar, a long-time civil liberties activist who worked inside the intelligence community for six years during the Bush and Obama administrations, believes that the NSA's programs are a profound threat to the privacy of everyone in the world. At the same time, he argues that mass surveillance programs can be made consistent with democratic values, if we make the hard choices needed to bring transparency, accountability, privacy, and human rights protections into complex programs of intelligence collection. Although the NSA and other agencies already comply with rules intended to prevent them from spying on Americans, Edgar argues that the rules—most of which date from the 1970s—are inadequate for this century. Reforms adopted during the Obama administration are a good first step but, in his view, do not go nearly far enough. Edgar argues that our communications today—and the national security threats we face—are both global and digital. In the twenty-first century, the only way to protect our privacy as Americans is to do a better job of protecting everyone's privacy. Beyond Surveillance: Privacy, Mass Surveillance, and the Struggle to Reform the NSA explains both why and how we can do this, without sacrificing the vital intelligence capabilities we need to keep ourselves and our allies safe. If we do, we set a positive example for other nations that must confront

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

challenges like terrorism while preserving human rights. The United States already leads the world in mass surveillance. It can lead the world in mass surveillance reform.

pt. 3. Judicial decisions affecting the treaty-making power of the United States, its extent and application

In Permutations of Responsibility in International Law the contributors offer an account of the variety of manifestations of responsibility in international law tackled from the angle of its nature, the actors involved and the different regimes in which it may emerge.

Research Handbook on International Law and Terrorism

Is judicial review an effective and appropriate way to regulate counter-terrorism measures? Some argue that the judiciary is ill-equipped to examine such measures, for instance because they lack the expertise of the institutions which bring them about under exigent conditions. Others claim that subjecting counter-terrorism measures to judicial review is crucial for maintaining a jurisdiction's principles of constitutionalism. This volume brings together voices from all sides of the debate from a broad range of jurisdictions, from North America, Europe and Australasia. It does not attempt to 'resolve' the argument but rather to explore it in all its dimensions. The debates are essentially concerned with

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

fundamental questions of organising and making accountable the exercise of power in a particularly challenging environment. The book is necessary reading for all those concerned with counter-terrorism, but also with broader public law, constitutional law and administrative law principles.

International Law, Security and Ethics

The Irish Yearbook of International Law is intended to stimulate further research into Ireland's practice in international affairs and foreign policy, filling a gap in existing legal scholarship and assisting in the dissemination of Irish thinking and practice on matters of international law. On an annual basis, the Yearbook presents peer-reviewed academic articles and book reviews on general issues of international law. Designated correspondents provide reports on international law developments in Ireland, Irish practice in international fora and the European Union, and the practice of joint North-South implementation bodies in Ireland. In addition, the Yearbook reproduces documents that reflect Irish practice on contemporary issues of international law. Publication of the Irish Yearbook of International Law makes Irish practice and opinio juris more readily available to Governments, academics and international bodies when determining the content of international law. In providing a forum for the documentation and analysis of North-South relations the Yearbook also make an important contribution to post-conflict and transitional justice studies internationally. As a matter of editorial policy, the Yearbook seeks to promote a multilateral

approach to international affairs, reflecting and reinforcing Ireland's long-standing commitment to multilateralism as a core element of foreign policy.

International Law

The US led programme of extraordinary rendition created profound challenges for the international system of human rights protection and rule of law. This book examines the efforts of authorities in Europe and the US to re-establish rule of law and respect for human rights through the investigation of the program and its outcomes. The contributions to this volume examine the supranational and national inquiries into the US CIA-led extraordinary rendition and secret detention programme in Europe. The book takes as a starting point two recent and far-reaching developments in delivering accountability and establishing the truth: First, the publication of the executive summary of the US Senate Intelligence Committee (Feinstein) Report, and second, various European Court of Human Rights judgments regarding European Union Member States' complicity with the CIA and their incompatibility with the European Convention of Human Rights and Fundamental Freedoms (ECHR). The collective volume provides the first stock-taking review of the state of affairs in the quest for accountability in the EU, and identifies significant obstacles to further accountability in a selection of EU member states under investigation. It will be vital reading for students and scholars in a wide range of areas, including international relations, international law, public policy and counter-terrorism

studies.

Legal Interpretation in International Commercial Arbitration

Persons suspected of criminal or terrorist activity may be transferred from one State (i.e., country) to another for arrest, detention, and/or interrogation. Far less often, such transfers are effectuated through a process known as *extraordinary rendition* or *irregular rendition*. During the Bush Admin., there was some controversy as to the usage of renditions by the U.S., particularly with regard to the alleged transfer of suspected terrorists to countries known to employ harsh interrogation techniques that may rise to the level of torture, purportedly with the knowledge or acquiescence of the U.S. This report discusses relevant international and domestic law restricting the transfer of persons to foreign states for the purpose of torture.

Extraordinary Rendition

Invited contributions from well-established scholars and emerging stars in law and politics provide instructors and students with a compact, essential reader of timely essays on the key issues facing international law today.

Accountability for Human Rights Atrocities in International Law

International Law: Our Common Future offers a

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

dynamic approach to the study of international law that actively engages students in ways that more traditional textbooks do not. One way this is achieved is by focusing on recent events, including international terrorism, extraordinary rendition, the legality of drone strikes, environmental devastation, and human rights. Another is by having students wrestle with actual court rulings rather than being given short summaries of these decisions. These cases, which are from a wide array of international, regional, and domestic tribunals, are followed by a series of provocative and challenging questions and prompts that will naturally lead to classroom discussion and debate. The book recognizes the importance of visual media in terms of student learning. In addition to photographs of individuals and events that feature prominently in the development of international law, each chapter has sections entitled "International Law at the Movies" which highlight feature films and documentaries that explore the topic at hand. What students will quickly come to realize is that international law is not a distant and abstract entity, but rather, is intimately connected to various aspects of their daily lives. The book shows some of the remarkable changes in international law, most notably the declining importance of the role of the state. As a final point, the book is written in an engaging, almost conversational, style that is accessible to students in a wide array of academic disciplines. FEATURES OF THIS INNOVATIVE TEXT This book is specifically designed to appeal to student interest, to promote active learning, and to integrate carefully edited court cases with explanatory text. Here are just a few of the

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

features devoted to achieving these goals: Boxed text highlighting current events “International Law at the Movies” boxes Photos illustrating key moments and figures in international law Cases carefully edited and set off from the main text Notes and Comments following court case excerpts References for each chapter divided into key types of sources including Books and Articles, Reports, Agreements, and Cases (international, regional, and domestic tribunals) Glossary of key terms putting terms in context with events Filmography Table of Cases with links to original sources A NOTE ABOUT THE COVER ART Title: “María, inside since April 14, 2014” Artist: Ben Betsalel The cover image is from a prison project in Colombia, “Human Beings Inside and Outside,” done in collaboration with the International Committee of the Red Cross (ICRC).

Targeted Killing in International Law

The Irish Yearbook of International Law, Volume 2 2007

Universally condemned and everywhere illegal, torture goes on in democracies as well as in dictatorships. Nonetheless, many Americans were surprised following the attacks of 9/11 at how easily the United States embraced torture as well as the supposedly lesser evil of cruel, inhuman, and degrading treatment. Nothing seemed extreme when it came to questioning real and imagined terrorists. Extraordinary rendition—sending people captured in

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

the “war on terror” to nations long counted among the world’s worst human rights violators—hid from the public eye cruel and bloody interrogations. “Torture lite” or “torture without marks” became the norm for those in American custody. In *Rendition to Torture*, Alan W. Clarke explains how the United States adopted torture as a matter of official policy; how and why it turned to extraordinary rendition as a way to outsource more extreme, mutilating forms of torture; and outlines the steps the United States took to hide its abuses. Many adverse consequences attended American use of torture. False information gleaned from torture was used to justify the Iraq war, adding potency to the charge that the war was illegal under international law. Moreover, European nations and Canada aided, abetted, and became thoroughly enmeshed in U.S.-led torture and renditions, thereby spreading both the problem and the blame for this practice. Clarke offers an extended critique of these activities, placing them in historical and legal context as well as in transnational and comparative perspective.

Permutations of Responsibility in International Law

Extraordinary Rendition and Human Rights

Whilst Christian theology is familiar with questions about the relation of church and state, divine and human law, little attention has been devoted to

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

questions of international law. Esther D. Reed offers a systematic engagement with contemporary issues of international law and its relevance for modern theology. Reed discusses numerous issue driven topics, including: challenges to classic just-war thinking from so-called fourth generation warfare, peoples and nationhood within divine providence, the ethics of territorial borders and the militarization of human intervention. By discussing selected biblical texts Reed helps to move the issues of international law higher up the agenda of Christian theology, ethics and moral reasoning.

International Legal Dimension of Terrorism

Universally condemned and everywhere illegal, torture goes on in democracies as well as in dictatorships. Nonetheless, many Americans were surprised following the attacks of 9/11 at how easily the United States embraced torture as well as the supposedly lesser evil of cruel, inhuman, and degrading treatment. Clarke offers an extended critique of these activities, placing them in historical and legal context as well as in transnational and comparative perspective.

International Law

Critical Debates on Counter-Terrorism Judicial Review

This book explores the promises and limitations of holding individuals accountable for violations of international human rights and humanitarian law. It analyses the principal crimes under international law, such as genocide, crimes against humanity, and war crimes, and appraises both prosecutorial and other key mechanisms developed to bring individuals to justice. After applying their conclusions in a detailed case study, the authors offer a series of compelling conclusions on the prospects for accountability. This fully updated new edition contains expanded coverage of national trials under universal jurisdiction,

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

international criminal tribunals including the International Criminal Court, new hybrid tribunals in Cambodia and elsewhere, truth commissions, and lustration. It also explores individual accountability for terrorist acts and for abuses committed in the name of counter-terrorism policy.

Rendition to Torture

International Law: A Textbook for the South Pacific is an introductory textbook for students and practitioners of international law. It provides a concise and clear introduction to the subject from the perspective of the South Pacific. This textbook takes advantage of Professor Olowu's unique experience as a lawyer trained at universities in Africa, North America and Europe, and having taught international law in the South Pacific. Few academics can claim his breadth and depth of expertise concerning international law in diverse geographical and cultural contexts. This textbook introduces the most important aspects of public international law in a clear and authoritative manner.

The Irish Yearbook of International Law

International Law in the U.S. Legal System provides a wide-ranging overview of how international law intersects with the domestic legal system of the United States, and points out various unresolved issues and areas of controversy. Curtis Bradley explains the structure of the U.S. legal system and the various separation of powers and federalism

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

considerations implicated by this structure, especially as these considerations relate to the conduct of foreign affairs. Against this backdrop, he covers all of the principal forms of international law: treaties, executive agreements, decisions and orders of international institutions, customary international law, and jus cogens norms. He also explores a number of issues that are implicated by the intersection of U.S. law and international law, such as treaty withdrawal, foreign sovereign immunity, international human rights litigation, war powers, extradition, and extraterritoriality. This book highlights recent decisions and events relating to the topic, including various actions taken during the Trump administration, while also taking into account relevant historical materials, including materials relating to the U.S. Constitutional founding. Written by one of the most cited international law scholars in the United States, the book is a resource for lawyers, law students, legal scholars, and judges from around the world.

Michigan Journal of International Law

In a world full of armed conflict and human misery, global justice remains one of the most compelling missions of our time. Understanding the promises and limitations of global justice demands a careful appreciation of international law, the web of binding norms and institutions that help govern the behaviour of states and other global actors. This book provides a new interdisciplinary approach to global justice, one that integrates the work and insights of international

Read Free The International Law Renditions Legal Conflict Of Lawschinese Edition

law and contemporary ethics. It asks whether the core norms of international law are just, appraising them according to a standard of global justice derived from the fundamental values of peace and the protection of human rights. Through a combination of a careful explanation of the legal norms and philosophical argument, Ratner concludes that many international law norms meet such a standard of justice, even as distinct areas of injustice remain within the law and the verdict is still out on others. Among the subjects covered in the book are the rules on the use of force, self-determination, sovereign equality, the decision making procedures of key international organizations, the territorial scope of human rights obligations (including humanitarian intervention), and key areas of international economic law. Ultimately, the book shows how an understanding of international law's moral foundations will enrich the global justice debate, while exposing the ethical consequences of different rules.
