### **Bing: The Political Economy Of European**

The economy of Europe was by this time dominated by the EU, a huge economic and political organization with then 15 of Europe's states as full members. EU membership was seen as something to aspire to, and the EU gave significant support and aid to those Central and Eastern European states willing to work towards achieving economies that met

### **New Political Economy: Vol 26, No 1**

Liberal international political economy (IPE) is the offspring of a marriage between mainstream international economics with its focus on markets and mainstream international relations with its emphasis on the state. While clearly involving the traditional disciplines of economics and political science, liberal scholarship in IPE tends to be housed almost exclusively in the latter.
