He needs Matt and Em Calder, twins who can bring art to life and travel through paintings. For, like them, Rémy has supernatural powers. He is a Conjuror, descendant of an ancient bloodline that can change reality with music.

As the crate is offloaded by a group of local dockers, it explodes, killing all but one of them, a young Butetown lad called Michael Bellini. Fifty-five years later, a radioactive source somewhere inside the Hub leads Torchwood to discover the same Michael Bellini, still young and dressed in his 1950s clothes, cowering in the vaults. They soon realise that each has encountered Michael before - as a child in Osaka, as a junior doctor, as a young police constable, as a new recruit to Torchwood One. But it's Jack who remembers him best of all. Michael's involuntary time-travelling has something to do with a radiation-charged relic held inside the crate. And the Men in Bowler Hats are coming to get it back. The body in the church hall is very definitely dead. It has been sliced open with surgical precision, its organs exposed, and its vocal cords are gone. The competition has attracted the finest Welsh talent to the city, but it has also drawn something else - there are stories of a metallic creature hiding in the shadows. Torchwood: Long Time Dead

Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

The Name of this Book Is Secret

In this thrilling sequel to *Hollow Earth*, Matt and Emily must stop someone from unleashing an army of mankind's worst nightmares. In the Middle Ages, an old monk used his powers and a bone quill to ink a magical manuscript, *The Book of Beasts*. Over the centuries the Book, and the quill, were lost. Twins Matt and Emily Calder are Animare—just like their ancestor, the monk. The things they draw can be brought to life, sometimes with disastrous consequences. Now Matt and Em are being watched—hunted—because only they can use *The Book of Beasts* and the bone quill to release the terrible demons and monsters their ancestor illustrated. And someone is tracking down the lost *Book of Beasts*, page by page, and reassembling it. Matt and Emily have no choice: They must get to the bone quill first...before somebody gets to them.
