Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated. Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Goings-on in Northern Territory politics from 2012-2016 may read like satire, but it is all true. These are stories you couldn't make up. This book is an instruction manual on how NOT to run a government. In the Top End, politics is not a numbers game, it is a blood sport. In comparison to Rudd, Gillard, Abbott and Turnbull, the goings-on in the Northern Territory parliament are like watching a troop of clowns throwing knives into each other's backs. CROCS IN THE CABINET is partly a serious political book, partly a riotous look at the characters, the scandals and the incompetence of Northern Territory politics. It will make you laugh, cry, wince and shake your head as you read of: - a minister with a hostess club bill - a masturbating minister and the lewd videos he sent someone other than his wife - why a minister shouted 'we are in love' on the floor of the parliament - how the Chief Minister stared down a coup - how an MP forced the evacuation of a hotel - why an MP went fishing instead of dealing with leadership matters - exactly how bonkers the NT parliament really is. Written by two of the NT NEWS's best

journalists, Walkley Award-winning Ben Smee and award-winning Christopher A. Walsh, this is FEAR AND LOATHING ON THE CAMPAIGN TRAIL meets FAWLTY TOWERS.
