25 Great Sentences and How They Got That Way

Webster's Home and Office Handbook is a remarkable single-volume guide providing quick answers to the most commonly asked reference questions. Here is just some of what this vast collection includes: -- An explanation of the specifics of business correspondence, from composing an effective letter to correct grammar and usage. -- Chapters outlining how to select and use all of the equipment that is necessary in today's office environment. -- Guidance on computers, fax machines, and on equipment for effective bookkeeping, file management and storage. -- Scores of charts and graphs covering every subject from weights and measures to clue fly used signs and symbols, air and road distances, time zones, domestic and foreign holidays, and metric conversions. -- And, of course, a quick-reference mini-dictionary including 33,000 of the most frequently used words in the English language.

The Publishers' Trade List Annual

Punto, virgola, punto e virgola, due punti, punto interrogativo ed esclamativo, apostrofi, accenti, virgolette, apici: i lettori (e scrittori) di oggi sono abituati a ricorrere con disinvoltura e immediatezza a un articolato corredo di segni, per riprodurre il

ritmo del parlato aiutando il lettore a decifrare un testo. Questi segnali di interpunzione, il cui uso ci appare tanto naturale, hanno tuttavia alle spalle una storia lunga e complessa. Ad esempio pare che il punto interrogativo sia stato introdotto in età carolingia e l'esclamativo risalga solo alla seconda metà del Trecento. Il Morgante di Luigi Pulci, nella versione fiorentina a stampa del 1482-83, non contiene neppure un punto. Viceversa ci sono edizioni della Commedia di Dante in cui l'unica interpunzione utilizzata è il punto, ma inserito alla fine di ogni terzina. E che dire del punto e virgola? il suo uso moderno a indicare una pausa più debole di quella del doppio punto e più forte di quella della virgola risale a un'edizione quattrocentesca di un testo di Pietro Bembo, mentre nei manoscritti greci il punto e virgola era usato per suggerire l'interrogativo. In questo libro alcuni dei migliori specialisti del settore raccontano usi e vicende dei più comuni fatti interpuntivi dall'antichità a oggi, in Italia e in Europa.

Webster's New World Basic Dictionary of American English

A guide to the artistry that lifts a sentence from good to great. We all know the basic structure of a sentence: a subject/verb pair expressing a complete thought and ending with proper punctuation. But that classroom definition doesn't begin to describe the ways in which these elements can combine to resonate with us as we read, to make us stop and think, laugh or cry. In *25 Great Sentences and How They Got That Way*, master teacher Geraldine Woods unpacks powerful examples of what she instead prefers to define as "the smallest element differentiating one writer's style from another's, a literary universe in a grain of sand." And that universe is very large: the hundreds of memorable sentences gathered here come from sources as wide-ranging as Edith Wharton and Yogi Berra, Toni Morrison and Yoda, T. S. Eliot and Groucho Marx. Culled from fiction, nonfiction, drama, poetry, song lyrics, speeches, and even ads, these exemplary sentences are celebrated for the distinctive features—whether of structure, diction, connection/comparison, sound, or extremes—that underlie their beauty, resonance, and creativity. With dry humor and an infectious enjoyment that makes her own sentences a pleasure to read, Woods shows us the craft that goes into the construction of a memorable sentence. Each chapter finishes with an enticing array of exercises for those who want to test their skill at a particular one of the featured twenty-five techniques, such as onomatopoeia (in the Sound section) or parallelism (in the Structure section). This is a book that will be treasured by word nerds and language enthusiasts, writers who want to hone their craft, literature lovers, and readers of everything from song lyrics and speeches to novels and poetry.

Christian Advocate

Includes songs for solo voice with piano accompaniment.

The American School Board Journal

The Publishers Weekly

A guide to English grammar and punctuation clarifies the fundamental rules of language usage and provides helpful examples of how to use them correctly.

Webster's New World Business Writing Handbook

This all-in-one reference is a quick and easy way for book, magazine, online, academic, and business writers to look up sticky punctuation questions for all styles including AP (Associated Press), MLA (Modern Language Association), APA (American Psychological Association), and Chicago Manual of Style. Punctuate with Confidence—No Matter the Style Confused about punctuation? There's a reason. Everywhere you turn, publications seem to follow different rules on everything from possessive apostrophes to hyphens to serial commas. Then there are all the gray areas of punctuation—situations the rule books gloss over or never mention at all. At last, help has arrived. This complete reference guide from grammar columnist June Casagrande covers the basic rules of punctuation plus the finer points not addressed anywhere else, offering clear answers to perplexing questions about semicolons, quotation marks, periods, apostrophes, and more. Better yet, this is the only guide that uses handy icons to show how punctuation rules differ for book, news, academic, and science styles—so you can boldly switch between essays, online newsletters, reports, fiction, and magazine and news articles. This handbook also features rulings from an expert "Punctuation Panel" so you can see how working pros approach sticky situations. And the second half of the book features an alphabetical master list of commonly punctuated terms worth its weight in gold, combining rulings from the major style guides and showing exactly where they differ. With *The Best Punctuation Book, Period*, you'll be able to handle any punctuation predicament in a flash—and with aplomb.

See Inside! Web site and video series available

The British National Bibliography

In the United States, 20 percent of the adult population is marginally literate. Of these roughly 30 million people, approximately 1.8 million are enrolled in basic skills literacy programs. Webster's New World has created a dictionary that is uniquely designed to help these beginning readers. Webster's New World Basic Dictionary of American English defines 49,000 of the most commonly used words in the American English lexicon. These are the words adult readers are most likely to encounter in newspapers and magazines, on job applications and product instructions, on advertising billboards and their children's school progress reports. The dictionary defines these words in clear, easy-to-understand language, using only words that are themselves defined in the dictionary, but never condescending to the adult reader. Definitions are liberally supplemented with example phrases and sentences that put words in context and help new readers understand meaning and usage. Special notes on synonyms help new readers differentiate between words with similar meanings. And selected illustrations help readers identify and remember words. This quality paperback book is designed for ease of reading and use, as well as for durability. Primarily created for native English speakers, it is also a valuable reference for more advanced readers of English as a second language. From the editors of the prestigious Webster's New World College Dictionary, the Basic Dictionary of American English brings the full scholarship behind that work to this important new offering in the field of literacy.

Grammar Essentials For Dummies (9781119589617) was previously published as Grammar Essentials For Dummies(9780470618370). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. For students competing for the decreasing pool of college scholarships, writing a stellar entrance essay can make all the difference. With discrete explanations of vital grammar rules, common usage errors, and the other key concepts people need to refer to most often, Grammar Essentials For Dummies provides crucial information to help students communicate accurately and effectively. This guide is also a perfect reference for parents who need to review critical grammar concepts as they help students with homework assignments or college entrance essays, as well as for adult learners headed back into the classroom and people learning English as a next language. The Essentials For Dummies Series Dummies is proud to present our new series, The Essentials For Dummies. Now students who are prepping for exams, preparing to study new material, or who just need a refresher can have a concise, easy-to-understand review guide that covers an entire course by concentrating solely on the most important concepts. From algebra and chemistry to grammar and Spanish, our expert authors focus on the skills students most need to succeed in a subject.
