Freedom to Breathe

Orphaned at a young age, Erith Lock has a cruel upbringing at the hands of a harsh stepmother. At the tender age of sixteen, a ruthless act leaves her shattered, struggling for survival. When all she has is her word, she makes a solemn vow to three small children. But circumstances drastically change, and the promise could take years to fulfill. She fears it might be better broken. When her past must be confronted, Erith finds herself facing unbearable choices that resound with adversity and might cost her everything. Enduring self-doubt pushes Erith to her breaking point. Will she allow hope and kindness to guide her, or will it be safer to remain captive in the grip of her unfortunate past?

She went searching for a one night stand and ended up falling in love with Luke Carmical, President of the Devil's Renegades Motorcycle Club. Now she must decide how to handle the aftermath of Frankie's brutal assault and the knowledge that Luke has been lying to her- about everything. Secrets are revealed and more lies exposed as Dallas Knox, CEO of Knox Companies, becomes more involved in the MC. She wonders if this life is enough for her, if this family is really what she wants. When circumstances present her with an unusual twist of fate, Dallas knows without a doubt, that this is the family she has longed for. New problems occur, traumatic events take place and lives hang in the balance as Dallas has to decide what is really most important in life. The journey is long. The outcome is uncertain. Can she Make the Cut?

Can a Christian escape from a lion? How quickly can a rumour spread? Can you fool an airline into accepting oversize baggage? Recreational mathematics is full of frivolous questions where the mathematician's art can be brought to bear. But play often has a purpose. In mathematics, it can sharpen skills, provide

amusement, or simply surprise, and books of problems have been the stock-in-trade of mathematicians for centuries. This collection is designed to be sipped from, rather than consumed in one sitting. The questions range in difficulty: the most challenging offer a glimpse of deep results that engage mathematicians today; even the easiest prompt readers to think about mathematics. All come with solutions, many with hints, and most with illustrations. Whether you are an expert, or a beginner or an amateur mathematician, this book will delight for a lifetime.

The Art of Mathematics

In Book Three of BJ Hoff's bestselling Emerald Ballad saga set near the middle of the 19th century, Irish patriot Morgan Fitzgerald, felled by a gunman's bullet, strives to restore his life and reclaim his future. But even as he takes steps to provide a home for Belfast orphan Annie Delaney and nurture his love for the beautiful, mute Finola, he finds himself again locked in a fierce battle with the powers of darkness. In America, Morgan's friends Michael Burke and Nora Whittaker discover that the "Land of Opportunity" also teems with poverty, injustice, and corruption. From the opulence of Fifth Avenue to the squalor of the city's slums, he fights against not only the evil running riot through the streets, but the immoral schemes of an old enemy bent on destroying Michael, the woman he loves, and his only son. Readers will be mesmerized by a drama that spans an ocean, taking them on a journey of faith and love that encompasses

the dreams of an entire people seeking not only survival, but a land of hope where they can live in freedom and peace. About This Series: BJ Hoff's Emerald Ballad series was one of the most memorable series published in the 1990s. With combined sales of 300,000 copies, these beloved books found a place in the hearts of BJ's many fans. Now redesigned and freshly covered the saga is available again to a new generation of readers—and BJ's many new fans due to her highly successful Amish series, *The Riverhaven Years*—The Emerald Ballad series will once again find an enthusiastic audience.

Triple Play

In the twenty-fourth chapter of Genesis a beautiful young woman offers assistance to a weary traveler and his camels, and out of that simple action, a marriage results—a marriage that offers profound lessons to couples today. Bible scholar and renowned speaker Ravi Zacharias draws five points critical to the long-lasting success of every marriage from the biblical story of the marriage of Isaac and Rebekah. "Real love folds together both the emotions and the

will," writes Zacharias. "Without the emotions, marriage is a drudgery; without the will, it is a mockery." Building upon that foundational truth, Zacharias goes on to explain the principles of seeking the counsel of others when finding a mate, cherishing your partner, remaining pure, becoming a man or woman of prayer, and, finally, risking everything in a relationship in order to experience God's ideal for love. Couples everywhere, from those about to be married, to those who have been married for decades, will draw strength and wisdom for the journey of marriage as they learn from Ravi what it means to move from romance to lasting love.

Triple Identity

What do an ex-con, a former drug addict, a real estate broker, a college student and a married mother of two

have in common? Nothing, or so I thought. Who would have imagined that God would make a prayer group as mismatched as ours the closest of friends? I almost didn't even go to the Chicago Women's Conference—after all, being thrown together with five hundred strangers wasn't exactly my "comfort zone." But something happened that weekend to make us realize we had to hang together, and the Yada Yada Prayer Group" was born! When I faced the biggest crisis of my life, God used my newfound Sisters to show me what it means to be just a sinner saved by grace.

From the Pulitzer Prize-winning author: the essential stories across three decades that showcase his indomitable imagination. Steven Millhauser's fiction has consistently, and to dazzling effect, dissolved the boundaries between reality and fantasy, waking life and dreams, the past and the future, darkness and light, love and lust. The stories gathered here unfurl in settings as disparate as nineteenth-century Vienna, a contemporary Connecticut town, the corridors of a monstrous museum, and Thomas Edison's laboratory, and they are inhabited by a wide-ranging cast of characters, including a knife thrower and teenage boys, ghosts and a cartoon cat and mouse. But all of the stories are united in their unfailing power to surprise and enchant. From the earliest to the

stunning, previously unpublished novella-length title story—in which a man who is dead, but not quite gone, reaches out to two lonely women—Millhauser in this magnificent collection carves out ever more deeply his wondrous place in the American literary canon.

"One woman. Two men. And a passionate hunger too long denied. It's Gabriel Harrison's thirty-fifth birthday. His quiet night at home, spent alone with a glass of Scotch and a novel, is about to be shattered. Gabriel's best friend, Jonah, comes knocking at his door, bearing a present unlike any other a blindfolded Denny Abbott, the lush little assistant Gabe can't get out of his mind. He aches for her with a primitive, physical lust and tearing emotional hunger that eats at his soul, and yet, he will not touch her. He will not

reach out for the one thing in the world he wants above all others. For Gabriel has a secret one he believes makes him unworthy of the "sexy sweet" Denny. What Gabe doesn't know is that the gentle Denny has a backbone of steel and the sheer determination of a woman in love. With Jonah leading the way, the three embark on a provocative, sensual assault to shatter that infuriating wall of ice surrounding Gabriel's heart. Before the night ends, Denny is determined to melt his resistance and make the "Ice Man" burn."--Back cover.

How far can a man go seeking vengeance before it destroys his own soul? Software engineer, Nathaniel Myer, is a restless suburbanite whose world is shattered when chance places him in the path of a sociopath with the face of a saint. Nathaniel brushes off the fleeting encounter but in the hours that follow, he falls asleep in his wife's arms and awakes to unimaginable horror. Nate battles back through frailty, grief, guilt, and ultimately rage when time after time, the four tattooed suspects who destroyed his life skip ahead of the police then completely through their fingers. Finding the men known as Number One, Two, Three, and Four becomes Nate's sole reason for being until his obsession destroys what little he has left. On the street, owning nothing but the clothes on his back and a crumpled wad of papers he got off a crooked PI, more than ever Nate cares about little beyond his single-minded crusade. Fate has other plans, however, because when a cantankerous old army veteran with strange blackouts, an emotionally disturbed kid with too many piercings, and a feisty mother and child hiding from their case worker all need a hero, Nate is somehow in

the right place at the right time, and the man he used to be can't do other than help them. As long as none of his wards depend on him long term, because Nate doesn't plan on sticking around anywhere once his crusade ends. But staying sharp and playing reluctant guardian lands him squarely in reach of the very animals he's hunting and, most of all, their clever and elusive leader. Then abruptly, Nate's life takes another series of blinding turns and the justice he's sought so long is on the line. But how can he risk letting a habitual killer smile and slip away again? Or must he, Nate, become the ultimate bait and sacrifice?

The Historian's Toolbox

The Historian's Toolbox introduces students to the theory, craft, and methods of history and equips them with a series of tools to research and understand the past. Written in an engaging and entertaining style, and filled with fascinating examples, this best-selling "how to" book opens up an exciting world behind historical research and writing. This fourth edition expands the repertory of tools and techniques available to students entering the workshop of history. These include materials on the Kennedy assassination, the litigation of Van Gogh's Night Café, local town histories, contemporary history, Twitter, and the contemplation of the end of history as well as the Sixth Extinction in a new epilogue. The book demonstrates the relevance and expanding possibilities of the study of history in our cacophonous information age of tweetstorms and fake news; it

emphasises the increasing value of critical thinking, facts and evidence in the face of political lies and conspiracy theories. Material added to the fourth edition will resonate with a new generation of computer-literate readers in the face of climate change. The Historian's Toolbox continues to be a seminal text for supporting students throughout their study of history and an accessible teaching tool for instructors.

The Alliance has toppled the tyrannical empire. It should be a time for celebration, but not for fighter pilot Captain Alisa Marchenko. After barely surviving a crash in the final battle for freedom, she's stranded on a dustball of a planet, billions of miles from her young daughter. She has no money or resources, and there are no transports heading to Perun, her former home and the last imperial stronghold. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 20.0px 'Helvetica Neue'; -webkit-text-stroke: #000000} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 20.0px 'Helvetica Neue'; -webkit-text-stroke: #000000; min-height: 24.0px} span.s1 {font-kerning: none} But she has a plan. Steal a dilapidated and malfunctioning freighter from a junkyard full of lawless savages. Slightly suicidal, but she believes she can do it. Her plan, however, does not account for the elite cyborg soldier squatting in the freighter, intending to use it for his own purposes. As an imperial soldier, he has no love for Alliance pilots. In fact, he's quite fond of killing them. Alisa has more problems than she can count, but she

can't let cyborgs, savages, or ancient malfunctioning ships stand in her way. If she does, she'll never see her daughter again. Fans of Firefly and Star Wars should enjoy this fun, fast-paced new series from USA Today best-selling author, Lindsay Buroker.
